Marvelous Results.

From a letter written by Rev. C. Gundrman, of Diamondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction, she was brought down with pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption, and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results."—Trial bottles free at any drug store. Regular size 50c. and $1.00.

Nerves Unstrung

Weak, No Appetite—Hood's Sarsaparilla Restored Health.

"Three years ago I had the grip, which settled in my head. It continued to grow worse and there was no rest for me. My limbs felt numb, my nerves seemed to be unstrung and I had no appetite. Doctors' treatment and other medicines failed to avail me relief. I obtained two bottles of Hood's Sarsaparilla, which

Restored Me

to myself. Last July I began to have bad symptoms, and I at once resorted to **Hood's Sarsaparilla**. I continued until I had taken three bottles, **Cures** which not only restored my health but also cured my baby of a bunch and did him a great deal of good." MRS. EMMIT A. RAINEY, North Danville, Va.

Tobacco.

No crop varies more in quality according to grade of fertilizers used than tobacco. Potash is its most important requirement, producing a large yield of finest grade leaf. Use only fertilizers containing at least 10% actual

Potash (K_2O)

in form of sulphate. To insure a clean burning leaf, avoid fertilizers containing chlorine.

Our pamphlets are not advertising circulars boosting special fertilizers, but are practical works, containing latest researches on the subject of fertilization, and are really helpful to farmers. They are sent free on asking.

Stand by Principle.

The readers of this paper have seen from day to day the varying complications into which the fusionists of this State, "both ends of the combination," have gotten themselves. They have each perpetrated the gossest inconsistencies, and are going to perpetrate more, and hence are surrounded by embarrassments from which there is no possible escape. We have kept record of their sayings and doings and submitted from time to time such comments as seemed pertinent, with no purpose to undertake to influence results which we clearly foresee. Whatever further inconsistencies are necessary will be committee; whatever amount of dirt is necessary will be eaten, in order to maintain the Republican-Populist fusion; and the only purpose in referring to this matter now is to point the moral to Democrats. The Democratic party may be defeated in the State again this year. It may be defeated in 1898 and 1900. We would rather see it live in the shadow of defeat for an indefinite number of years than that it should compromise its principles as the Republicans and the Populists have theirs and as they both are going to do again this year. The party, like the individual, which maintains its dignity and self-respect under all circumstances barretained those things for which nothing else is worthy to be exchanged; and the injunction we would lay upon the Democracy of North Carolina is that whatever allurements are held out to it whatever may be expedient for the moment, it it is not right it should be put aside and the faith of the fathers be steadily adhered to. Anything that is won at the sacrifice or by the compromise of this is not worth the having.—Charlotte Observer.

[By all means! And if the Democracy meets defeat at the hands of the combination, it will only be the stronger in the future for not having looked only to present advantage. ED.]

Pity 'Tis True.

A white Republican club was organized at Greenville, S. C., one night last week. The News expresses itself as glad that few joined it but says it does not know "how things will be toward the end of this queer year. Maybe," it says, "we will all vote with the Republicans club next fall;" and again, "those who join it now may be sorry then." The News declares itself "a free lance in politics, absolutely independent of everybody and bound to nothing in the way of party organization," and winds up with the breezy declaration that "when we are not free there is no special political advantage in being white and 21." All of which sounds odd coming from a Democratic newspaper in a State in which, a few years ago, one could tell with certainty, a year in advance of an election, how any man would vote if he looked at him and saw that his skin was white.—Charlotte Observer.

[The times change. Who would have believed a few years ago that we should have a reign of Butler in this State?—ED.]

An Infant Queen's Precocious Frank.

Juneville sovereigns can be very trying to their elders. Notions of their own importance are apt to crop up rather rapidly in their young heads. Wilhelmina I, of Holland, is not an exception. She had held her Queenly title for scarcely six months when one morning, at an unconscionable early hour, she left her room of the Queen Regent's chamber.

"Who is there?" asked her mother.

"The Queen of the Netherlands," was the grandiloquent reply.

"Oh!" said the Queen Regent. "I am afraid it is too early to receive the Queen of the Netherlands, but if my little daughter Wilhelmina is there she may come in."—Arthur Warren in February Ladies' Home Journal.

The Fusionists are now quarreling at Washington. Mott is a disturbing element. Grant and other Reps are mad at him. Mott is the leader of the new Silver Party.

Best Method of Cleaning Black Dress Goods.

Every one has or wants a black gown nowadays, and such goods as serge, cheviot, cashmere, Henrietta, etc., are easily cleaned. First remove the grease spots with naphtha, and remember that this fluid is very explosive when exposed to either light or fire. Make a lather of warm soapsuds, using a good, not strong, soap, and a teaspoonful of borax to every two quarts of water. Into this dip the goods up and down and wash between the hands; then wring gently and pat partly dry; hang in the shade, and when nearly dry iron on the wrong side with a moderately warm iron. Always rinse once in lukewarm water, and iron until the material is perfectly dry. Never rub a fabric that is being renovated on the washboard, nor wring it tightly, and in using naphtha remember that it roughens the the hands, and that after using it it is well to put vaseline upon them and to wear old gloves. Wash alpaca in the same manner as cashmere, adding a little gum arabic to the rinsing water. If the black goods are a rusty color restore them by sponging with ammonia and alcohol. Always use a piece of the same material or one near to it to sponge with. —February Ladies' Home Journal.

Did You Ever!

But what would the Democrats do if they were in full power? The full answer to this question is in another question viz: what did they do when they had full power? This question and answer may be applied to Republicans when they had full power.—Caucasian.

Nothing! Why, of course, the two old parties will never do anything for the dear "people." But if these rascally Democrats and Republicans did nothing while in power, as you say, is it not a bit strange that Pops see so much in the government that needs undoing?

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhœa and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
DR. G. C. OSGOOD,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
DR. J. F. KINCHELOE,
Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ARCHER, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
