BRYAN'S CAMPAIGN TOUR THROUGH CONNECTICUT.

BRIDGEPORT, CONN., Sept. 24:-The first stop of the Bryan party You manufacture sewing machines was made at Stamford, where several hundred persons surrounded the car and cheered time and again for the nominee. The train stopped but a moment, but in that time Mr. Bryan had a chance to say a few words.

The most enthusiastic reception of the day was that accorded by the citizens of Bridgeport. When the train rolled into the station. number of carriages were in waiting. In these Mr. Bryan and party were taken to Washington Park, in the heart of the city, where Mr. Bryan spoke to a crowd of several thousand, saying in part:

"I am glad to have an opportunity to speak to the people of Connecticut. They accuse us of raising a sectional question. We have not raised a sectional question. The gold dollar is not an honest dollar, and the reason why our opponents insist on using the phrase 'honest money', instead of gold money is because they recognize the difference between an honest dollar and a gold dollar. When they talk about honest money and then a gold standard at the same time, they remind me of the man who went to a cemetery and saw
