Yoder H. m. For the Democrat. It is a well known fact to the many readers of THE LINCOLN DEMOCRAT, that no article had made its appearance under my signature in its columns for some time. The reason of this was, I thought that all of its columns needed to discuss and publish the general news of the important campaign that has just ended, and hence none appeared. But now since the election is over its columns can be opened for all general news.

The election at Shuford's precinct passed off peacefully and quietly. The democrats captured the box, but we were beaten in the county, all but our Register, who came out victorious, and hence we have the seed left. And we hope and have the bright anticipation, that this seed in the future will germinate and bring forth much fruit in the next four years. According to the general news of the reports of election in North Carolina it was a solemn time to that boasting and would-be great party, populist; but it seems that many had fallen from grace and were bitten by the fiery serpents of republicanism, and on the 3rd day of November from 7 o'clock until sun set its death rate was terrible. Its epidemic slayed them at the rate of about thirty to the minute all day, and were all buried in the cemetery of republicanism. Tell me, O tell me where are those great howlers for free silver who support the State republican gold bug for governor. The answer comes, "gone." It was not a liver they wanted, but offices. There is one noted fact that in two years after this, according to election law, the populist party will be minus a register and a judge at the election, because their vote will fall under thirty thousand.

We are beaten but not dismayed nor discouraged. We intend to put on the whole armor and the shield of the great democracy, and in the future this will be our byword, onward and forward to win our cause again.

A Distressing Accident. Special to Observer.

HICKORY, Nov. 9.—Chas. Rowe, living near here, suffered the death of his little 4-year-old daughter, Kansas, on Saturday evening last, at 5 o'clock, under peculiarly distressing circumstances. A young man named Yount had exchanged guns with Mr. Rowe, and was mounted on his horse in the yard, having the loaded shot gun in his hand. The horse, being somewhat unruly, he let the gun fall, causing it to fire, the shot taking effect in the groin and side of little Kansas, who was playing in the yard, and was running to keep out of the way of the prancing horse. She lived 24 hours.

Minister Ransom, who is now in Mexico, is being kept advised by wire of his son's condition.—News & Observer.

Blooded at Bosses. Special to Charlotte Observer. GASTONIA, Nov. 9.—Yesterday evening news came to this town from Bosses' City that there was trouble at that place between the whites and blacks. The circumstances as learned since are as follows: A white man named Crenshaw was passing through a negro settlement, when a negro named Ephraim Banks cursed him and struck him with a rock. He reported the assault to the policeman, Mannel Jenkins, and Jenkins, Crenshaw and Sam Moore went to arrest the negro. He resisted arrest and attempted to use a rock, or some other deadly weapon and Crenshaw, it is learned, shot and killed him. There were several shots fired, and one man, Odell, was shot in the hand.

Later in the evening the town authorities learned that there was a threatening uprising among the negroes and proceeded to search a negro named Sam Moore he resisted and shot at Officer Jenkins. Jenkins returned the fire with a Winchester rifle and shot Moore through the hip. Crenshaw surrendered and went to jail.

The coroner went up this evening but has not returned. The last news is that all was quiet.

Depot on Their Defeat. The defeat of W. C. Dowd for the Senate and H. riot Clarkson for the House is deplored whatever these two brave and honorable young men are known.—News & Observer.

When a horse is poor in flesh, a new harness won't give him strength. If a horse is cold new furniture won't warm it. If your strength is easily exhausted; work a burden; nerves weak; digestion poor; muscles soft; if you are pale and worn out, the trouble is with the blood. It is not so much IMPURE blood as POOR blood. Pills won't make this blood rich; nor will bitter, nor iron tonics, any more than a new harness will give strength to the horse, or new furniture will make a house warm. For poor blood you want something that will make rich blood. SCOTT'S EMULSION of Cod liver Oil with Hypophosphites is the best remedy in the world for enriching the blood. We have prepared a book telling you more about the blood. Get Free. For sale by all druggists at 50c. & \$1.00.

MARK THIS GIRL QUICK. I saw in your paper that a 12 year old boy made \$1.25 the first hour he worked selling the Perfectum Metal Tip Lamp. I ordered a sample and went to work and the first week I cleared \$10. The second week I cleared \$15. I expect to run up to \$25 a week. In the near future, as the Perfectum Metal Tip Lamp makes such a beautiful white light and does away with smoky chimneys and bad odor and saves all it is easy to sell. If you wish to try it send in two cent stamps to Miss A. M. Fritz, Station A, St. Louis, Mo., and she will send you sample outfit, this is a good way to make money around home.—Miss Tina W. 10-22-13L.

THE NEW HOOK SPOON FREE TO ALL. I read in the Christian Standard that Miss A. M. Fritz, Station A, St. Louis, Mo., would give an elegant plated hook spoon to any one sending her ten 2-cent stamps. I sent for one and found it to be useful that I showed it to my friends, and made \$13.00 in two hours taking orders for the spoon. The hook spoon is a household necessity. It cannot slip into the dish or cooking vessel, being held in its place by a hook on the back. The spoon is something housekeepers have needed ever since spoons were first invented. Anyone can get a sample spoon by sending ten 2-cent stamps to Miss Fritz. This is a splendid way to make money around home. Yours truly, JEANETTE S. 10-22-13L.
