LINCOLN, N. C. FEB. 6, 1891.

A TERRIBLE EXPLOSION occurred in a coal mine at Youngwood Pa., last week in which somewhere between 130 and 150 persons were killed.

THE NEW YORK STAR has gone into the hands of Frank A. Munsey and the name of the paper changed to The Continent.

AT A BANQUET given in New York recently Governor Cleveland in a toast complimented Gov. Hill and then Hill in return praised the ex-president, which resulted in a general handshaking and friendship between the two of the greatest Democrats of the country.

A LARGE DELEGATION of merchants from all over the State met in Raleigh last Tuesday and appeared before the Legislature asking the repeal of the purchase tax law.

Resolved, That the merchants of North Carolina are willing at all times to pay their just share of the taxes of the State in such shape as other trades and professions are taxed.

THE NEWS & OBSERVER and the State Chronicle are still at it on the public printing. Capt. Ashe, of the Observer, has sent out petitions for signatures favoring a reduction of the 15 per cent. bonus paid to the State Printer.

Shakespeare was a poor excuse as if we modify him thus: Torrice is the old who bath his system strengthened with Ayer's Sarsaparilla.

Free to All. Our New Illustrated Catalogue of Plants, Balms, Vines, Shrubs, Trees, Small Fruits, Grape Vines, Seeds, Evergreens, etc., will be mailed FREE to all applicants.

Ayer's Cherry Pectoral has given me great relief in bronchitis. Within a month I have sent some of this preparation to a friend suffering from bronchitis and asthma.

PRESUMPTUOUS APPOINTMENTS.

The COURIER is desirous of encouraging a more lively interest in the discussion of live public questions among the citizens of the county and has, therefore, taken it upon itself to appoint some persons to write on some questions that we know to be of interest to our readers.

The articles written on the subjects as assigned should not perhaps exceed one column. A quarter or half column may prove as valuable as a longer article.

The following are our "appointments": "The Benefit of the Alliance with Reference to Improvements in Farming,"—S. D. Burgen.

"The Value of the Alliance Socially and Educationally,"—S. C. Little.

"The Relation of the Alliance to the Two Great Political Parties,"—J. W. McIntosh and LeRoy Long, A. Lect.

"The Effect of the Alliance upon Politics,"—J. E. Hoover.

"The Farmers' Alliance with Reference to the Third Party,"—Maj. W. A. Graham.

"The Beneficial Results of the Alliance Financially,"—E. M. Warlick.

Now we know this is a little presumptuous on our part, but we trust our friends whose names are mentioned above will kindly respond, as it surely can do no harm, but may do much good.

We wish to emphasize the fact, however, that this is not intended to limit the writing to those whose names are mentioned above. We do this only to start the ball in motion and hope to hear from others also. Please let us have a cordial response to the above, and may it prove of much interest and profit to the citizens of this and surrounding counties.

Resolutions of Thanks.

At a meeting of the congregation of Unity church held Jan. 18, 1891, the following resolutions were passed which were adopted by the session of said church in due form:

Resolved, Our pastor, Rev. R. W. Boyd, has tendered his resignation, thus signifying his conviction that failing health made it necessary for a change in his work.

Resolved, 1st, That while in accepting his resignation we concur in this opinion, yet in severing a connection that has been so pleasant, and to us so profitable during a period of nearly three years, we do it with feelings of deep regret and reluctance.

Resolved, 2nd, That we extend to Brother Boyd our sincere thanks for the pastoral care he has exercised over our church, and will ever remember with pleasure and gratitude his faithful labors of love amongst us in warning sinners to flee from the wrath to come, in exhorting Christians to a more diligent and faithful discharge of duty, and in all his endeavors to promote the interest of our church.

Resolved, 3rd, That a copy of these resolutions be placed in the hands of Rev. R. W. Boyd, and that the session of this church be requested to spread a copy upon the records of the church, and that a copy be sent to the LINCOLN COURIER for publication. By order of session.

A. L. CHERRY, Clerk of Session.

German as She is Writ.

A few weeks ago we referred to the way in which our German friends of Stahl und Eisen print the name of our new protective tariff. They style it "Die Mac Kinley-Tariff." Now comes the Bulletin of the Comité des Forges de France, one of our oldest and most valued exchanges, which refers to our new tariff in large letters as "Bill Mac-Kinley." And it does this in sober earnestness, never dreaming that it is unconsciously reviving memories of the sobriquet by which the Major was known when a boy.

Good-Bye Old Party.

TOPEKA, KANSAS, Jan. 28.—The special joint session at noon today, declared that W. R. Peffer was elected senator by 101 votes, Ingalls 58. The judge responded in ably defining his position on public questions. He has left the Republican party for good, and announces a new dispensation in 1892. Jerry Simpson, from the gallery, spoke out, "That's the stuff," and the adjourned by singing, "Good-bye old party, good-bye."

DON'T GIVE UP

The use of Ayer's Sarsaparilla. One bottle may not cure "right off" a complaint of years; persist until a cure is effected. As a general rule, improvement follows shortly after beginning the use of this medicine. With many people, the effect is immediately noticeable; but some constitutions are less susceptible to medicinal influences than others, and the curative process may, therefore, in such cases, be less prompt. Perseverance in using this remedy is sure of its reward at last. Sooner or later, the most stubborn blood diseases yield to

Ayer's Sarsaparilla

"For several years, in the spring months, I used to be troubled with a drowsy, tired feeling, and a dull pain in the small of my back, so bad, at times, as to prevent my being able to walk, the least sudden motion causing me severe distress. Frequently, boils and rashes would break out on various parts of the body. By the advice of friends and my family physician, I began the use of Ayer's Sarsaparilla and continued it till the poison in my blood was thoroughly eradicated."—L. W. English, Mountgomery City, Mo.

"My system was all run down; my skin rough and of a yellowish hue. I tried various remedies, and while some of them gave me temporary relief, none of them did any permanent good. At last I began to take Ayer's Sarsaparilla, continuing it exclusively for a considerable time, and am pleased to say that it completely

Cured Me.

I presume my liver was very much out of order, and the blood impure in consequence. I feel that I cannot too highly recommend Ayer's Sarsaparilla to any one afflicted as I was."—Mrs. N. A. Smith, Glover, Vt.

"For years I suffered from scrofula and blood diseases. The doctor's prescriptions and several so-called blood-purifiers being of no avail, I was at last advised by a friend to try Ayer's Sarsaparilla. I did so, and now feel like a new man, being fully restored to health."—C. N. Frink, Decorah, Iowa.

Agents Charlotte Oil and Fertilizer, N. C.

We are prepared to offer to the trade a full stock of Charlotte Ammoniated Guano, Charlotte Acid Phosphate, German Kainit and Cotton Seed Meal, which we are selling at lowest manufacturer's prices.

Last year our brands of Fertilizers proved not only by the analysis, but also by actual experiments of the farmers, to be equal to the very highest grades sold in the State, and this year you will find our analysis even higher. We advise our friends in making contracts to examine the analysis. Some parties are selling very low grade Fertilizer at high grade prices. It is cheapest to buy the best. Most manufacturing companies will make you any grade you want. Acid Phosphate is sold entirely on the per cent. of available phosphoric acid, and Guano by the per cent. of ammonia, phosphoric acid and potash. Examine our analysis, and get our prices before buying, as we will not be undersold.

ANALYSIS.

Charlotte Acid Phosphate runs 14 1/2 per cent. phosphoric acid. We guarantee it to run not less than 13 per cent.

Charlotte Ammoniated Guano runs 2.6 per cent. available ammonia; 10.2 available phosphoric acid; 23 per cent. available potash; and our guarantee is that it will run not less than 2 1/2 per cent. ammonia; 1 1/2 per cent. potash; 8 per cent. of phosphoric acid.

We have agents at almost every station in this section of the country who will sell you at our lowest prices.

STOVES.

WE are in a position now to suit everybody wanting a stove. We have just bought direct from the manufacturer a CAR LOAD of Stoves.

There is no one between us and the manufacturer to make a profit. By buying a solid car shipped at one time our freights are greatly reduced, and by getting a car load at one time, we buy the price reduced. So it is very easy to see that we have bought our STOVES cheap. Therefore we can and intend to sell Stoves as low if not lower than they can be bought in Charlotte or any of the surrounding towns. In a few days we will have in stock eleven different styles or about 100 Stoves, from which our friends and customers can make a satisfactory selection. Our stoves are all of the

Best Quality.

Owing to the way we have bought, we can sell A GOOD No. 7 COOKING STOVE, WARE and PIPE for

Only 9.00.

This \$9.00 stove is a good size for a small family. Larger stoves and Ranges will be sold proportionately low. In this lot we will have a stove with warming closet and porcelain lined reservoir.

We still make Harness and have a nice stock of

Thanking the public for their liberal patronage in the past, and soliciting a continuance of the same, we are, RESPECTFULLY,
