Murphy, of Hickory, was in Lincoln this week. —Mr. Walter Carrington spent a few days in Lincoln this week. —Mr. Borgain Wilkie spent last Tuesday in Lincoln visiting relatives. —The day of sale of the land of Richmond Scott has been changed to March 5th. —We were glad to receive a call from Dr. S. P. Thompson of Orleans, a few days ago. —Mr. Thos. Wells is in Yorkville, S. C., rebuilding the depot which was recently burned down at that place. —Rev. C. A. Starr, of Newton, will preach at the German Reformed church on the third Sunday in this month. —Mr. and Mrs. J. C. Fields left Lincoln last Wednesday for California, which place they purpose to make their future home. —Mr. Geo. Kiser has leased the Lincoln Iron Works from Mr. Costner and has already begun operation. We wish the enterprise much success. —Rev. Mr. Guthrie, Presiding Elder, held quarterly conference at the M. E. Church of this place last Sunday and preached some excellent sermons. —We hope that when you do not find your paper at the Postoffice you will notify us at once and if we cannot trace it up we will be glad to furnish another copy. —The Baptists at this place are jubilant over the fact that they have paid up the debt on their church. The amount of indebtedness paid off since 1889 is about \$450. —Capt. A. F. Brevard, of Machepeah, who by the way is one of Lincoln's most intelligent citizens, spent a few days in Lincoln this week, the guest of ex-Sheriff Nixon. —Lincoln's Bill authorizing the commissioners of our town to hold an election on issuing \$20,000 in bonds has passed the Senate, and will no doubt go through the House within a few days. —Col. Jno. C. Tipton, who was one time editor of the Lincoln Press, is going to establish an evening daily in Raleigh at an early day. He is now editor of the Southern Democrat, at Greensboro. —Evangelist Fife, by purchasing the dwelling house of the cashier of the broken bank at Fayetteville, has managed to come out without losing any of his savings which he had deposited in that bank. —Mr. J. Thos. McLean, Bible Agent for Evangelist Fife, returned home from Lexington last Monday, and reports a grand meeting at that place. Mr. Fife begins a meeting at Statesville next Sunday. —We received a private letter from Prof. D. Matt. Thompson of recent date in which we learn that he is much pleased with the progress of the school and is greatly encouraged in his work, in Gainesville, Fla. —Mr. and Mrs. V. A. McBees made a visit to Greenville, S. C., last week. Their daughter, Mrs. Williams, of Greenville, and her children came with them on their return, Saturday, to spend a few days here. —An advertisement for the Odell Type Writer which is for sale by Rev. C. E. Gower, of this place, will appear in the next week's issue

of the COURIER. In the mean time he will take pleasure in showing you the machines. —Mr. D. H. Browder, who was recently business manager of the State Chronicle Publishing Co., has sold his interest to Mr. Josephus Daniels, Editor-in-chief. The State Chronicle is a wide-awake paper and is a valuable exponent of Democracy. —Dr. Sumner McBees has been called to Fayetteville to a position as railroad engineer and will be gone for some time. Dr. McBees is one of Lincoln's most popular as well as intelligent citizens and his many friends regret his absence from among us. —Mal. J. C. Cobb, who, with his wife, is now in Florida, sent his son, Jno. L. Cobb, a lot of fine oranges last week, some of which were the largest we have seen. Among those sent were some of the "kid glove" variety which are very excellent and are sometimes called the "seedless." —Mr. Jno. Reedy, one of Lincoln's most popular young men, has accepted a position in the drug store at Gaffney City, S. C., and left for that place last Friday. His many friends here regret his departure very much. The COURIER's best wishes go with him to his new home. Mr. Reedy accepted the position for only about six weeks. —Mr. Julian Carr, of Durham, the North Carolina philanthropist, has sent enough money to a gentleman at this place to pay the interest on the mortgage on the property of blind Tom Robinson. He did the same thing last year. It is a pleasure to record such noble, generous deeds. It is a pity the wealth of this country were not all in the hands of such men. —Charlotte had a disastrous fire last Saturday night. The fire originated in the basement of Wilson & Co's drug store. The entire building was destroyed and considerable damage done to the Central Hotel building. The entire loss amounted to over \$50,000, mostly covered by insurance. The building burned used to be used as the Belmont Hotel and belonged to Mr. Eccles. —We understand that the impression has gotten out that the bonds which are to be voted on would tax the entire county. We do not know how such an idea could have originated, but we assure any under that impression that it is a mistake. The County Commissioners, however, might very properly make an appropriation to aid in establishing a system of water works for fire protection, as the Court house and its contents are county property and much of this, if destroyed by fire, could never be replaced by any degree of human ingenuity. But this will be a matter entirely discretionary with the board of county commissioners. —Our esteemed Register of Deeds is not altogether pleased with the way in which things are going on between himself and a certain popular young grocery merchant of this place. The former gentleman says he is in the blank business and that he keeps certain "green" blanks which he would be pleased to fill out at the small sum of \$3.00, and he thinks that as he has been a very faithful patron of the grocer, that the latter ought to return the patronage in some degree at least. Our sympathies in this particular instance are inclined to go out in the direction of the Register, because we do not think that this oneness on the part of the young merchant should any longer exist. —Dr. W. L. Crouse met with a very painful accident last Monday afternoon. One of the buckets at his well had become detached and fallen into the well. Some hands had been attempting to hook the bucket from the well by means of an open link of large chain. While they were absent from the well, Doctor happened to go to draw water and, not knowing the bucket was off one end of the rope, let the bucket down. Attracted by the rapid descent of the bucket, he stooped over the well to see what was the cause; and just as he did so the end of the rope to which the link-hook was attached came up with great force and struck him just above the left eyeball and cut a considerable gash, inflicting a painful wound. It was indeed a narrow escape from losing his eye, but, it is thought, his sight will not be injured. —Ich on human and horses and all animals cured in 80 minutes by Woolfor's Sanitary Lot ion. This never fails. Sold by J. M. Lawing Druggist Lincoln, N. C. Advertise in the LINCOLN COURIER.
