"Our Father Who Art up a Tree."

Rev. J. F. Austin, late editor of Asheville Methodist and now pastor at Lincolnton, preached two good sermons in Shelby Sunday, as the Methodist pastor here is dangerously ill in Cheraw, S. C. In his sermon he ridiculed the Darwinian idea of man's descent from a monkey by saying "Our Father who art up a tree." This caused a smile to arise among some of the audience. It is said the late Dean Burgon had this idea when he cried, "O, ye men of science! Give me back my ancestors in the Garden of Eden, and you may have yours in the Zoologis cal gardens." It is also quoted that a colored preacher exclaimed, in stentorian voice, "Son of God or gorillas!"-Shelby Aurora.

We expect some fine thoughts to he brought out by your "presumption" in last issue of the COURIER. Hope every one designated will readily respond, and if anybody takes issue with what may be said, hope they, also, will give the reads ing public the benefit of their opiuions. BILL SHANKS. Lowesville, N. C. Feb. 9, 1891.

From Orleans,

It rains-keeps on raining and won't stop-that is long at a time. The farmers can't plow and they luck "blue". It is had on them and consequently bad on us all for on them we all depend for our daily bread. I hope not, but I fear however they will look bluer yet after a while for the Prophet says it wil be a dry summer.

Coughs, colds, bronchitis, and toothache especially have been and are yet quite prevalent. And the roads-all of them-you can hardly go anywhere and if you do it takes nearly always to get there. Never did I know them to be in a worse condition. Dr. Sam. P. Thompson has been confined to his bed for several days; he is some better at present. The little year old girl of Mr. Columbus Hefner fell in the fire last week and right severely burned on the head; had its mother not been near by most probably the result would have been disastrous. Mr. Pink Miller who lives in upper North Brook had the mistortune to have his money stolen some days ago, while he was out at work some one entered the house and the money disappeared. Do not know the exact amount lost. There is not a more honest hard working citizen in the township, and the thief who took the money deserves severe punishment. The community is on a building boom at present. Miss A. Saine, Mr. Gus. Jenks, Mrs. Su san Houser and Dr. Sam. P. Thompson all have residences either just completed or in course of erection, while three new churches all within four miles of each other are to be built this spring.

Whether this is a sign of better times now or hard times coming we can't say yer, but let the good work go on. S. A. M. Orleans, N. C., Feb. 10, 1891.

Rev. Sam Jones and the Mayor of Palestine.

ATLANTA, GA., Feb. 4 .- The following telegram was received here resterday from the Rev. Sam Jones, the Georgia evangelist, who is in Oak Wood, Texas :

"The one gallus Mayor of Palestine, Texas, undertook to cane your uncle Jones this morning at the depot. I wrenched the cane from him and wore him out. I am a little criticized his official career last November. It needed criticizing."

MT. VERNON ALLIANCE, No. 1613. Lincoln county.

MR, EDITOR :- We are small in number, but we have large hearts for the Alliance and we do think that it will be a grand thing yet. But we are tired of seeing so much in favor of the old party-that is, one of the old parties trying to swallow up the other. Sir, you must change your types a little or we can't support your paper any more. I see a great picking at the old Republican party, and not a word at the Democratic party. Sir, I think it is high time for the Alliauce to stick together; and it would do well for the Alliance of both of the old parties to make a third party. We like to read the National Economist. and some pieces in the Progressive Farmer ; but we think it high time for the Progressive Farmer to publish Alliance news, and not politics. We are tired of the old song politics. We would take about ten copies of your paper in our Alliance if it was strictly an Alliance paper. We request this published in the Progressive Farmer. Yours truly,

F. J. LEATHERMAN, Soc'y. J. H. HULL, Pres't.

We publish the above letter with entire cheeriulness; and we assure our correspondent that he is mistaken when he says we are trying to further the interests of the Dems ocratic party rather than those of the Alliance. We have not said one word, editorially, that can be construed into subserviency to the Democratic party. If, as our correspondent intimates, the Democratic party is trying to swallow the Alliance, certainly we are not res sponsible for that. Does our correspondent blame a toad when a anake has tried to swallow him? We suppose not. We suppose he blames the snake: Does our correspondent expect us to hold our peace when the Republican party goes wrong? If so, he has mistaken his man. We should be sorry to lose the support of our correspondent. But we do not intend to let him, or his Alliance, or any one else dictate to us for one moment what we shall say, or not say. We mean to say what we think, and there's the end on't. -Progressive Farmer.
