NOTICE TO SUBSCRIBERS.

Quite a number of our subscribers came up and renewed their subscriptions last week, but there are still a large number who have not yet done so. We dislike to make this notice, but we have obligations to meet and, of course, are depend. ing on our patrons for money to meet them. This notice, is intended for those only who have not spoken to us with reference to subscuptions. We have been doing our best to greatly improve the COURIER and we trust that in this we have not failed. But we must have that which is necessary to keep all the bearings well oiled, and that article is money.

For the COURTER-An Exhibition.

The exhibition at Leonard's Fork school house the 2Sth ult., proved to be a grand success. Those who went there with high anticipations came back home more than satisfied; hose with moderate expectations say they were happily disappointed. The grace and excellency of enuncia ation with which many of the participants acquitted themselves on the stage reflected no little credit on their teacher, Mr. M. O. Carpens ter.

There was a superabundance of the ludicrous to entertain the young and the gay ; while there was enough solid matter to feast the aged and pensive.

But it seems there was nothing so novel and that took so well as W L Sherrill, wife, and others vs the style and excellency of the mus Mary L Connor, judgment against sic.
