THE THIRD PARTY.

We do not "mean any harm" by  
saying "third party nonsense." We  
mean good by what we write and  
say. We cannot, therefore, cease  
repeating that this Third party  
movement is the most nonsensical  
that has been put on foot in many  
a day. It is nonsensical because it  
"demands" laws that would make  
this government a political machine  
ten times more heinous than it has  
ever been; nonsensical because in-  
stead of its advocates standing by  
the members of their own family  
they have turned their backs upon  
their own true friends and with-  
drawn from the TRUE PARTY OF  
REFORM; nonsensical, because in-  
stead of standing side by side with  
their friends and fighting in solid  
phalanx the common enemy, they  
are endeavoring to stampede the  
army that has and is showing itself  
fidelity to their interests; nonsen-  
sical, because of the antics and  
complete simplicity and nonsense  
of some of the leaders and speakers;  
nonsensical, because of its incon-  
sistency and its fickleness. Why say  
inconsistency? Inconsistent because  
at Ocala the organization it pre-  
fesses to follow demanded in plain  
language a reduction of the Tariff,  
and then at St. Louis it adopted a  
platform containing nothing that  
could be construed more in favor  
of tariff reform than for high protec-  
tion, and yet these St. Louis de-  
manders are condemning the Dem-  
ocratic party for indefiniteness in  
the statement of its principles; in-  
consistent because its advocates are  
crying out "robbery," "slavery" and  
"oppression," under the present  
government, and at the same time  
are pursuing an annex that virtually  
makes them an arm of the party  
that is wholly responsible for the  
present system of government! In-  
consistent, too, because they said  
any party that would either endorse  
their demands or "something bet-

ter," they would stand by that party;  
and the Democratic party has  
endorsed a part of their demands  
and for the other part it has substi-  
tuted "something better" and yet  
these Third partites are fighting  
it! The fickleness of these deforma-  
ers is evidenced by the fact that  
they will demand one thing this year  
and next year they will hiss at the  
party that stands up to defend the  
same thing. It is not forgotten how  
great importance was attached to  
the tariff question at Ocala in 1890;  
yet that question is virtually dropped  
by the Third party. It is not for-  
gotten that an overwhelming major-  
ity of delegates at Ocala con-  
demned the force bill and yet if you  
mention force bill to the Third party  
they laugh you to scorn!  
These are a few of the reasons for  
using the terms, inconsistency, fick-  
leness and nonsense.

Now a few words about last Sat-  
urday's meeting. In the first place  
the report of the meeting which the  
secretary kindly furnished us is  
misleading in one or two particulars.  
There was no effort made to have a  
turn out of the "opposition" and  
the spectators that were present  
did not go to make a fight and  
would not have opened their  
mouths had they not been challeng-  
ed to do so. But those who offered  
a few remarks have nothing of  
which to be ashamed. The secretary  
says only three voted against  
the movement, but fails to state  
that many did not vote at all and  
fails, too, to state the fact that it  
was not understood by spectators  
that it was proper for them to vote,  
and it was soon evidenced that  
they were not, for those three  
that did not vote were raised out  
of order by the chair! The  
fact is Mr. Wilson had appointed  
as far as he knew delegates only  
who were in for the Third party,  
and the meeting would not have  
been known as widely as it was had  
not the COURIER slipped up on it  
through an Alliance Democrat. If  
they wanted to make a test as to  
which party is the strongest of the  
three in the county they should  
have had an understanding among  
the different parties, to that effect  
before convening.

Any Third partyite building  
hopes on the result of last Satur-  
day's meeting will be sadly disap-  
pointed, unless he is a Republican  
and is working for that party.

Mr. Shuford of Catawba wonder-  
ed why people who did not attend  
the St. Louis meeting could know  
more about the Union soldiers' plank  
than he did himself, he being  
present. The truth is that those  
who "know" the plank was in the  
platform have abundance of evi-  
dence from those who did attend  
the conference, and from other  
sources. No unprejudiced mind  
can read the evidence and deny the  
truth of it. What does Col. Liv-  
ingston and Congressman Moses of  
Georgia, say? Were they not  
there? Was "Master" Powderly,  
and Miss Willard, not there? They  
all say the 12th plank was in the  
platform. But above all who should  
know better than the SECRETARY  
OF THE COMMITTEE ON PLAT-  
FORM—MCLALLAN? See his let-  
ter in last week's COURIER. These  
evidences coupled with the fact that  
the platform was so published all  
over this country in Alliance and  
non-Alliance and in official and non-  
official papers is enough to out-  
weigh anything Mr. Shuford may  
say.

Mr. J. E. Hoover, took occasion  
to make remarks about the \$1,000  
bonus paid by the last Legislature  
to Joe Daniels, public printer.  
When he came to this point he hesi-  
tated, but finally said he must turn  
on the light and let the truth come.  
Mr. Hoover forgot that the last leg-  
islature was composed, principally,  
of Alliance men. He seemed to  
forget that Mr. Wilson, the man,  
who, politically, has deceived the  
Democratic party of Lincoln county,  
and who is a leader of the Third party  
of this county, was a supporter  
of Joseph Daniels. He forgets  
that most of the clean cut Democ-  
rats and the straightout Democrat-  
ic press, for the most part, con-  
demned this action on the part of  
the last legislature.

Here is a query: If Mr. Wilson  
can in one year turn one complete  
somersault from the Democratic  
platform, and land upon the Third  
party platform, how long will it take  
him to turn 2 somersaults and land  
into the Republican ranks?  
Prof. Hahn tickled the fancy of  
his followers by reading an article  
taken from the Charlotte Observer  
and copied in the COURIER in the  
issue following the State convention

in which we published the com-  
ments of the press of the State.  
We do not agree with the Observer  
in saying that one can be a good  
Democrat and endorse none of the  
State Platform. But we do say  
that if Mr. Wilson endorses his own  
action in the last Legislature and  
Mr. Hoover and Prof. Hahn do not,  
and all three can still be good Third  
party men, then for the same reason  
men can differ about the Democrat-  
ic platform and still all be good  
Democrats. Try again.

Now we have only to add that  
while there were, no doubt, men in  
the meeting Saturday who are  
honest in their convictions, yet the  
doings and actions of that little band  
was more silly, nonsensical and  
radical politically than anything  
that has occurred in Lincoln since  
the days of radicalism.

IT WILL BE SEEN in Third Party  
proceedings that W. M. Hull, county  
commissioner, was appointed a  
delegate to their Congressional con-  
vention. Mr. Hull was asked last  
Monday, before he was re-elected,  
as to his position, and he positively  
declared that he was not a Third  
party man and upon that assurance  
he was re-elected commissioner. It  
is due Mr. Hull, and his friends,  
however, that he make a public  
statement over his own name as to  
his position. It is due these Third  
partyites to say that they have no  
right to mix up men's names as be-  
longing members of their "organization"  
if those men are not.

A WELCOME CONTRI-  
BUTION.

We have received the following  
letter, which we take the liberty to  
publish. We assure Dr. Spainhour  
that the article he proposes will be  
welcomed to our columns.

LENOX, N. C., June 1, 1892.

J. M. ROBERTS,  
DEAR SIR:—I occasionally see a  
copy of your paper, and think you  
are doing some good work on the  
early history of our country, for  
which everybody should be grate-  
ful.

The German and Swiss ancestry  
of many of the early settlers of Lin-  
coln county landed at Philadelphia,  
and first settled in Pennsylvania.  
The severe winters and the desire  
for a more congenial climate caused  
them to emigrate south from 1740  
to 1765.

In hunting up the history of my  
own family, at considerable expense  
I procured a rare old book contain-  
ing a list of emigrants from Germa-  
ny and Switzerland, and as I find  
many of the names that I remember  
pleasantly in Lincoln, I propose  
writing out for your readers the  
time of arrival at Philadelphia,  
the ship they came over on, and the  
names. By this, many of those in-  
terested in such matters may be  
able to trace their relationship, if  
you desire such.

I send on a separate sheet some  
of the names. You can erase such  
names as are not subscribers, or  
such as do not care whether they  
have any ancestry or not, and add  
to the list such names as you have  
on your list of subscribers, and I  
will get it up for you.

Very truly yours,  
J. M. SPAINHOUR.

Minutes of the Organization  
of the People's Party of  
Lincoln County, N. C.

Pursuant to a call issued by C. L.  
Wilson, the R-form element and the  
opposition met in the court house  
on the 4th day of June, 1892, and  
transacted the following business:

Meeting called to order by Wilson,  
and C. S. Little made temporary  
chairman, G. E. Crowell, Sec. Upon  
motion both were made permanent.  
Upon motion of G. W. Hahn a com-  
mittee of five be appointed by the  
chair to draw up preamble and res-  
olutions setting forth the reasons  
and full intention of this meeting:  
G. W. Hahn, G. L. Wilson, J. W.  
Simmon, James H. Ballard and J. C.  
Bess. Before retiring, G. W. Hahn  
called the attention of the audience  
to the presence of prominent Re-  
formers from the sister county of  
Catawba and begged, therefore, for  
the instruction of the audience dur-  
ing Committee's absence, to intro-  
duce Mr. A. C. Shuford, Capt. P. M.  
Hull, and Editor J. C. Clerk, who  
made solid speeches giving forth no  
uncertain sound. The committee  
brought in and presented the fol-  
lowing:

PREAMBLE.

When in the course of a long pe-  
riod of corruption within the domi-  
nant parties, an element arise  
which demands a check upon the  
frauds perpetrated by said parties,  
and there is no disposition upon the  
parties to hearken to reasonable and  
just demands, but hurl back abuse  
and vituperation in the face of those  
demanding; and when that element  
sees the further fact that further  
delay in correcting existing evils  
will evidently, judging from the  
past, overthrow the heritage of the  
fathers of '76; and when that ele-  
ment, being a very conscientious and  
honorable element, is denied access  
to the present school of Democratic  
conventions by order, from a duly  
authorized executive; and when this  
element of right is entitled to a  
voice in this government free and  
untrammeled; therefore be it re-  
solved, that we do hereby de-  
clare our intention to be honest and  
consistent with our convictions;  
therefore, we declare our intention  
to vote the People's Party ticket  
from the lowest to the highest offi-  
ce, since that party contains a plat-  
form with our principles, and men  
who love principle more than party  
advancing the same.

all other remedies they ever used.

AYER'S  
Sarsaparilla

Is superior to all other preparations  
claiming to be blood-purifiers. First  
of all, because the principal ingredi-  
ent used in it is the extract of genu-

variety richest in medicinal prop-  
erties. Also, because the sarsaparilla  
of the Company, is always fresh and  
of the very best kind. With equal  
discrimination and care, each of the  
other ingredients are selected and  
compounded. It is

THE  
Superior Medicine

because it is always the same in ap-  
pearance, flavor, and effect, and, be-  
ing highly concentrated, only small  
doses are needed. It is, therefore,  
the most economical blood-purifier  
in existence. It makes food nour-

expels them harmlessly by the natu-
