The pupils of the Lancaster school are to be congratulated upon having Miss McLean for their teacher. She has been offered several other schools recently. She is an efficient teacher and always wins the respect and confidence of her pupils.

—The Shelby Review says the fine milling plant of Julius Stroup, located just over the line in Lincoln county, was totally destroyed by

fire Tuesday evening of last week. The plant included flour, corn, saw and shingle mills, and cotton gin. Four bales of cotton and one gin was all that was saved. The loss amounts to \$4,000, with an insurance. The fire originated in the engine room. The people greatly sympathize with Mr. Stroup in his loss. The commissioners kindly released him from tax on the property.

Sheriff Nixon, of Lincoln county, came down yesterday with two prisoners, John Smith and George Blanton, colored, who joined the number at the stockade later in the afternoon. Each was sent up from the recent term of Lincoln court for a year, and they were brought here under order of the board of commissioners which gave Solicitor Osborne authority to arrange for prisoners from various counties, at a cost of \$25 each, and payment of transportation. This, it will be seen, gives the county the benefit of very cheap labor.—Charlotte Observer.

Superior Court.

We intended to publish this week the full proceedings of court, but one time and space has been taken up with other matter which is more important.

The most important case was that of State against Bracket for murder. A good deal of interest centered on this case. Bracket was found guilty of manslaughter and was sentenced to county jail for 6 months. The Judge extended this leniency because of the boy's youth, hoping he would reform and still make a useful man.

Mr. L. J. Huffstetler selling liquor unlawfully—9 cases. He was fined \$50.00 and all cost and bond of \$200 to appear at next court and show that he has not sold liquor unlawfully.

Lincolnton Will Celebrate Columbian Day.

A meeting of citizens was held at the Court House last Monday night and Rev. R. Z. Johnston was elected chairman. The following resolution was adopted:

C., assembled by invitation of our Mayor to give expression to the desirability of such public commemoration, do declare: that it will be fitting, patriotic and edifying for our citizens to unite in observing the occasion with appropriate ceremonies, and we therefore do appoint Capt. W. R. Edwards, Prof. Mikell, Dr. T. F. Costner, A. Nixon Mrs. Lawing, Misses Bessie Johnson and Salie Hoke, a committee of arrangements to prepare a programme, announcing the time and place of meeting, selecting subjects for short addresses and securing speakers and appointing a committee of ladies to conduct the musical feature of the celebration.

MR. PEELER WITHDRAWS FROM THE THIRD PART.

WILL VOTE FOR CLEVELAND.

From The Shelby Review.

Some weeks ago the People's party of Cleveland county in convention assembled, did me the honor to name me as their candidate for sheriff. I feel deeply the honor that they did me and am grateful for it. But a careful study of the political situation leads me to withdraw from the race, and to return to the Democratic party. It is but just to those who honored me with the nomination that I should state frankly my reasons for this action and I do so, as briefly as possible, as follows:

Resolved, That this, the national association of democratic clubs, extends to the Hon. David B. Hill its cordial thanks for the able exposition of the principles of democracy in the grand speech recently made by him in the city of Brooklyn and its profound appreciation of the services thereby rendered by him to the people of this union as well as to the democratic party. Fab. H. Busbee's resolution extending the sympathy of the convention to President Harrison on account of the serious illness of Mrs. Harrison, was received and adopted with applause. The delegation passed unanimously a resolution endorsing Col. J. S. Carr for president of the national association of clubs, but did not press the matter before the convention out of compliment to ex-Governor Black.

I. I remember the condition of North Carolina and her people in the dark days from '68-'76; how the State's credit was bankrupted her treasury plundered; the rights of her citizens shamelessly and wantonly trampled under foot; capital driven from her borders; her matchless resources locked up; the school fund taken to pay the per diem of ignorant and vicious men who loaded down the statute books with scandalous laws.

I remember how in these dark days no man's life, liberty or property was safe and there were no public schools for the education of our people.

When I contrast this with the wise, pure, economical, and beneficial rule of the Democrats since '76, and see that the Republicans are endeavoring to take advantage of the People's party movement and regain control of the State government, I feel that it is my duty as a North Carolinian and a white man to withdraw from the movement and join the Democratic party in its fight for the salvation of the State.

2d. I see clearly that the fight is between the Democratic and Republican parties. The People's party cannot hope to carry either the State or the National election.

It might help the Republicans win, and in that event, I see a continuance of the ills from which the agricultural classes are now so grievously suffering; I see the force behind menacing the liberties of my people; I see the shadow of centralization threatening; I see among the evils

sure to follow, in the nation, laws permitting the inter-marriage of the races, mixed schools, and in this State a repeal of the county government system and thirty-two of the best counties in the State surrendered to negro domination and the horrors that will follow inevitably.

3d. I have evidence of the unholy trade that has been made by Butler and Exum to sell the State to the Republicans for \$50,000. I have the best reason to believe that a corrupt bargain exists between the leaders of the People's Party and the Republicans whereby the rank and file of the People's party is betrayed into furthering the plans of the Republican party. My heart revolts against such treachery and corruption, and I will not allow myself to be made a party to any such movement.

4th. I am a white man, I love my race, I believe in white supremacy, and the interests of my State and my people are far dearer to me than the office of sheriff, therefore I withdraw from the People's Party and am no longer to be considered a candidate for the office of sheriff.

I desire before I close to appeal to the good men who have allowed themselves to be persuaded into the

people's party movement, to join me in this action. A thoughtful and pain-taking review of the political situation has convinced me of the fact that by independent political action at present we can expect nothing but a continuance of the publican rule and that character of legislation of which we so justly complain.

Triangle, October 24th,
Iron Station, " 25th,
Lincolnton, " 26th,
Reepsville, " 27th.
Let every body make ready to hear these discussions.

TO THE CHIEF MARSHALS.

As for myself I propose to vote for the entire Democratic ticket from Grover Cleveland down, and I hope that my friends will join me in it.

Respectfully,
A. B. PEELER.

THE Delegation Comfortably Domesticate in the Hoffmann House.

Special to the State Chronicle.

NEW YORK, October 4.—Through courtesy of Col. J. S. Carr, the North Carolina delegation to the national convention of clubs has elegant headquarters in parlor No. 6, Hoffman House. The delegation is one of the largest from the South. Col. Carr is chairman of the delegation; B. C. Beckwith was elected by the convention recording clerk of the convention. Thos. W. Strange, vice-president of the convention; Ed. Chambers Smith, vice-president of the clubs. Col. B. Cameron was selected as committeeman on permanent organization of the convention and selected by that committee as its chairman. F. A. Busbee, committeeman on constitution and permanent organization, and was likewise made chairman of that committee. Mr. George C. Heck, member of committee on resolutions. The following resolution, introduced by Col. Strange, was unanimously adopted:

Resolved, That this, the national association of democratic clubs, extends to the Hon. David B. Hill its cordial thanks for the able exposition of the principles of democracy in the grand speech recently made by him in the city of Brooklyn and its profound appreciation of the services thereby rendered by him to the people of this union as well as to the democratic party.

of the good people of North Carolina. It appeals to them to stand for their homes and their firesides.

The democratic party has not now, as it never has had in North Carolina, a campaign organization. The air is full of wild authenticated rumors of large funds held and used by the republican and people's parties in their mutual fight against the democracy, furnished them by the National republican executive committee, which in turn was furnished it by the "gold bugs" of Wall street and the "plutocrats" with the money of the "gold bugs" and "plutocrats"!

Need I tell you if perchance in this light either of them should win who the real victors would be?

In conclusion, the Democratic party is a party of principle, and relies for its success alone upon the justice of its cause. It stands now, as all through its long and glorious history it has steadfastly stood, for the constitution, upon which rests the preservation of civil liberty and free popular government. Standing upon this high vantage ground, we fight not for ourselves alone, but for our posterity as well. If we were alone solicitous about the present, and for ourselves, we might be tempted like others to sell our birthright for a "mess of pottage," but what would those who are to follow us say if we should barter our liberties and the precious inheritance of our children to relieve our "present hunger" with the "crumbs" that may fall from the rich man's table?

FLOUR!

FLOUR!

FLOUR.

We wish to call attention to the fact that we are now making flour, equal if not superior to any that comes to this section from the West, from wheat grown by the farmers of Lincoln and adjoining counties, and we respectfully ask you to give them and us the preference to western farmers and millers.
