PROGRESS WITH A VENGEANCE.

The wonderful strides that Lincoln has made within the last 3 years or less is wonderful to contemplate! The public enterprises she has built up during this period are sufficient to mark her as one of the most progressive young (?) towns in western North Carolina.

Not over two years ago, if our memory fails not, the town went to work and established a system of water works, such as is unexcelled in Western North Carolina.

So rapidly have the new enterprises been put in motion within the limits of this rapidly growing corporation that they cannot be mentioned in the order of first and second, for the reason that as many as two being started and completed at the same time.

The attendance in the Senate to-day was so great as to test the capacity of that side of the capitol. Ladies filled the lobbies and galleries for hours, waiting to hear the debate on their pet bill, the one to appropriate \$10,000 for the Confederate monument.

progressive and wideawake and growing city! But the climax has not yet been reached. The water system has made convenience to the homes and rendered business investments safe, the magnificent hotel has brought hosts of visitors; the factories and numerous other enterprises have brought life and vigor and progress to our people, and the town is not to be stayed in her forward movement.

The school question, therefore, like all the public enterprises we have herein alluded to, is fixed. It now seems to us that our citizens should take a rest for at least a short while. Let them stop for a while and look back and contemplate with joy and pride the progress that has been made within the past few years.

The GENERAL ASSEMBLY has defeated the bill to repeal the present homestead law. Also defeated the bill for a new road law, which called for working the public roads by convict labor and by taxation.

Cleveland's Cabinet.

The complete cabinet is as follows: Walter Q. Gresham, of Indiana, Secretary of State.

THE GENERAL ASSEMBLY.

Legislative News.

Condensed from Charlotte Observer. RALEIGH, N. C., February, 22.—In the Senate to-night the bill to create Elkin county was discussed on its third reading and passed—28 to 9.

The bill to extend and renew the charter of the Petersburg railway for 60 years, and providing for the taxation of its property of all kinds, passed its second and third readings.

The public printing matter is something which, like Bangor's ghost, "will not down." The wrangle is still on. To-day two of the Senate members of the committee assigned. Three of the House members did so last night.

of the present law. The committee will do what is best, of course. The most important bill before the Legislature is the State banking bill. Your correspondent gives you a summary of it. Its title is "The State Banking law."

Another caucus was held this afternoon; this time on the election law, and not on the public printing. Although the Senate has adopted a resolution to adjourn March 4, the House has taken no action regarding that matter.

A bill was to-day introduced in the House to reduce by one-half the State Guard appropriation. It will not pass. The Legislature can not afford to cut down the State Guard one half, and yet that is the avowed purpose of the bill.

Upon the deposit of such stocks, bonds, notes, etc., the comptroller can issue to the bank circulating notes, properly engraved, the aggregate amount not to exceed the banks' paid-up capital on the par value of the securities deposited with the comptroller.

Another special order was the bill to amend the constitution by reducing the homestead to \$500 and the personal property exemption to \$200. There was no discussion. The vote was yeas, 43; nays, 50. So the bill failed to pass.

The House committee on counties this evening heard the argument of the Senate bill to create the county of Elkin and after a three hours' consideration decided almost unanimously to report the bill unfavorably to-morrow.

Mr. Long, the chairman of the House finance committee, gives me some figures on the appropriations for the year as follows: Insane asylums, Western, \$96,000; Eastern, \$67,000; total, \$209,000. State University, \$20,000 regular; \$10,000 for repairs and improvements; to deaf-mute institutions, \$40,000 regular; institution for the blind, \$40,000, and \$50,000 for improvements. White Agricultural and Mechanical College, \$17,500; colored, \$7,500. White Normal School at Cullowhee, \$1,500; colored Normal \$6,900.

Greensboro Normal and Industrial School \$12,500 regular; \$4,500 to pay half of the debt. The taxes for pensions will be over \$120,000 under to-day's action. The school tax will be \$393,000 ad valorem and \$60,000 special. The general tax will be \$675,000. The special taxes are estimated at \$200,000.

The Senate committee on agriculture has been giving very careful consideration to the bill to repeal the Alliance charter. Last night a conference was held at which several other Senators were present, as well as Democrats of prominence holding or not holding office.

Washington News.

Correspondence of the COURIER. WASHINGTON, Feb. 27, 1893.—"President Cleveland," said a Democratic Senator who was opposed to Mr. Cleveland's nomination, and who is for that reason called by those who know no better an anti-Cleveland man, "never did a wiser thing than when he smashed precedent, which at times binds us all too closely, and announced his cabinet in advance of his inauguration."

The ratification of the Hawaiian annexation treaty is now considered doubtful, so doubtful that Mr. Harrison's friends in the Senate are afraid to have it voted upon, lest it be rejected. The Democrats, while not all opposed to annexation, are almost to a man opposed to ratifying this treaty at this time.

Another special order was the bill to amend the constitution by reducing the homestead to \$500 and the personal property exemption to \$200. There was no discussion. The vote was yeas, 43; nays, 50. So the bill failed to pass.

gards a deficit for a fiscal year beginning July 1, 1894, as a certainty, unless means are devised to raise additional money, either by taxation or the issue of bonds. His estimates are, of course, based upon the present tariff laws, which it is needless to say will be considerably changed before July 1, 1894, unless the democratic administration and Congress undergo a great change of mind on the subject, which is not probable.

Occupants of houses along the line of the inaugural parade and builders of the street stands are all figuring on making a pile of money out of those who wish choice positions from which to view the great parade. Rooms are held as high as \$300 each, single windows at which four people may be comfortably seated may be had from \$15 to \$25, according to location. Front seats in the street stands are held at \$5 (Continued to local page.)

Cures Others

Will cure you, is a true statement of the action of AYER'S Sarsaparilla, when taken for diseases originating in impure blood; but, while this assertion is true of AYER'S Sarsaparilla, as thousands can attest, it cannot be truthfully applied to other preparations, which unprincipled dealers will recommend, and try to impose upon you, as "just as good as Ayer's." Take Ayer's Sarsaparilla and Ayer's only, if you need a blood-purifier and would be benefited permanently.

AYER'S Sarsaparilla

"I cannot forbear to express my joy at the relief I have obtained from the use of AYER'S Sarsaparilla. I was afflicted with kidney troubles for about six months, suffering greatly with pains in the small of my back. In addition to this, my body was covered with pimply eruptions. The remedies prescribed failed to help me. I then began to take AYER'S Sarsaparilla, and, in a short time, the pains ceased and the pimples disappeared. I advise every young man or woman, in case of sickness resulting from impure blood, no matter how long standing the same may be, to take AYER'S Sarsaparilla."—H. L. Jarnum, 23 Williams st., New York City.
