Notice.

The Board of Education for Lincoln county is hereby called to meet at the court house on the first Monday in June. This meeting is ordezed by reason of a statute, adopted by the last General Assembly, requiring the County Boards to ap point Public School Committees for the School Districts on the first Monday in June, who shall enter up on their office on the first Monday in July, the beginning of the public

R. Z. Johnston, Chm' Board of Education. Elizabeth Hines Dellinger.

Another landmark gone, another seat vacant, another loved one gone to her tather in peace and buried in a good old age.

Elizabeth Hines was born in Lincolnton N. C January 29, 1804, in the Farrier House near the old presbyterian church lot. She was the oldest of a large family, which grew up on a farm 5 miles south of Lincolnton near the present home of Squire Harrill. The father, Philip Hines moved to Indiana with his family, excepting Elizabeth, Daniel and Russ, these all married and raised families in Lincoln county. Daniel Hines, well known among us, lives in Gaston county, which was originally Lincoln.

Elizabeth married Lewis Dellinger Feb. 13, 1827 and to them were born 6 children, 4 of whom are living : Lawson, Michael and Luther Dellinger and Mrs. J. B. Smith.

Ann married David Dellinger and still lives and 5 children; Henry, Calvin and Aibert Dellinger and Mrs. J. M. Rendleman and Mrs. V. P. Friday. Lewis and David Dellinger were substantial good men and died several years ago in a good old age. Mrs. Elizabeth Dellinger (aunt Bettie as she was known) ived with her youngest son, Luther, 13 years during ber widowhood and was very dear to a large circle of families and young people to whom she tenderly ministered so long A Nixon was elected Intendant Infirmities and age shut her in and for several years she was confined The following were elected town in doors and drew comfort from her Bible which she learned to love in 1st Ward-P. J. Pate and L. A. her early life. On the 1st day of Hoyle; 2nd ward-L. J. Houser and May 1893 she died. She came to F. A. Tobey; 3rd ward-W. L. her grave in a full age in the 90th Crouse and J. H. Bisaner; 4th year of her age, "like a shock of ward-J. A. Abernethy and B. Local Newspapars.

Governor Francis, of Missouri, was a successful business man as well as a successful politician before he became governor, and made a fortune by his energy and industry. Speaking as a man of experience and close observation, he gives us his opinion of the opinion of the value of the local newspaper to the community in which it is published.

The editor in proportion to his college, Rev. R. L. Abernethy, Pres. old grey was a pet of the family ported because you dislike him and boxing. Isaac says he recons a

ident, will close with exercises on and about two months ago she died disagree with his writings, but all 23rd and 24th of May. 170 stu- being old and no longer able for should support a local paper be- preventative. dents have been enrolled during service. But Fanny, the fine grey, cause it is the best investment a this year. 13 young men are in the which was so true and gentle and community can make; it may not be so brilliantly edited or crowded remember we predicted those who with thought, but financially it is more benefit to the people than teacher or preacher. Understand me, I do not say morally or intelon the moral question you will find most of the local papers on the right side. Today the editors of the home papers do the most for the least money of any men on

All of which is literally true of newspapers, especially those pubished in smaller towns and in the country which depend almost entirely on local support for their exstence. They are always the best index of the community in which they are published, and though they may not always be the best papers that are published, theynevertheless, add much to the intelligence and enterprise of the people who paironize them, and are as good as the people make them. Evs | get an office and getting left out in en the smallest county paper is of advantage to its community and deserves to be encouraged more than it generally 18,-Lynchburg else.

In Memoriam,

It is a sad thing to think of dying | py. and leaving our friends and dear ones here on earth, even with all the hopes and promises of a better and more glorious life beyond the grave, But to those who have lived devots ed Christain lives this sadness is turned into joy when the final summons comes, reassured as they are by the inspired words: "I am the

Resurrection and the Life," These thoughts are suggested by the death of Frances Phylacter, wife of Wm. H. Huss and daughter | Grigg : of P. A. and Catherine Helms,

which occured on the 23rd inst. She was born February 28th 18-61, connected berself with the Evangelical Lutheran Church in early life and lived a consistent Christain life up to the time of her death.

She was married to Wm. Hus i in 1884, with whom she leaves three children, the eldest, a daughter 8 years old and two boys aged 7 and 5.

The funeral was conducted at Bethphage Church, of which she was a member, and her remains laid to rest in the cemetery of that church, April 24th at 11 o'clock, Butter amid a large crowd of sympathizing Honey relatives and friends.

Rev. J. A. Rudisill, her pastor, NEPHEW. Cherryville, N. C., April 24, 1893. Lowesville Letter.

ED. COURIER:-Mr. A. F. Jones is quite sick with pneumonia and

Mr. Whiten Broadway of Lucia, Gaston county, died April 13th. He was 63 years of age, Mr. David Cransbaw, an old man

who formerly lived here, died at Stauley Creek Saturday the 22 inst., and was buried in Hills Chapel church yard at this place, Sanday

Mr. David Connell of Lucia, Gaston county, N. C., died April 22. 1893, aged 75 years. He was one of Gaston county's most substantial citizens. A good man is gone.

Talk about your fast driving, trotting borses or anything you please, but Mr. I. C. Lowe "takes the cake." Why he was coming at such speed from Mt. Holly the other day that the spindles of his buggy became so hot as to lock two wheels, and he had to stop right then and there till they cooled. Our philosopher explained the mishap on the principle that the iron expanded, thus becoming too large for the

good oiting would have acted as a

truth this week -so it is reported. We are not a prophet, but if you went off with the third party, would | not only sware after the election that they were as good democrats as anybody, but that they wou'd actually be found asking for positions. We can place our fluger on two such right here. They have the scent of a still house in their nostrils. We have been asked, will they get

there? Not while we are able to

kick around, ab, no, brother. They

are not for such as you.

Now we have heard of men fretting themselves to death because they lailed to get some particular thing for which they had set their heart. Some kill themselves out right. Some pine their fives away. Some kick themselves to death and in doing so they kick everybody around them-others simply die. We don't intend to do anything of the kind. We long ago came to the conclusion that there was more real pleasure in persuit than in posarssien any way. The fact is, we I ve mostly by hope. There may be more money in possession, to be sure, but oh! the joy in trying to the cold world to do the best we can. You see if we would get the office we would miss all the pleasure there is in trying to get something

We recon there will be a piace for some Lincoln county man somewhere. The fact is our people seem to think that the democrats of other counties are bigger men than those in our own county, and then they are not a bit selfish you know There are no chronic politicians 97.5 among as either. Neither are we troubled with that class of citizens known as the dude. They are always asking for something, but they never get anything for the reason they don't want anything but a cane and plugehat. Our people are bonest and industrious and very Demecratic and will make a living even it they don't get any Government appointment. "Cheer up my brother, the waiting time is the hardest time of all."

We would like another letter from Bob Peak. His usually have the true Democratic ring. Surely he is not dying of remorse.

Wreat is looking promising. Corn is about all planted. A larger e:op of cotton than usual has been planted and more commercial fertila post-office. izer used, but the farmers paid cash for most of the fertilizers, exchang 90.5 ing cotton seed for it. Some say 92.6 we should practice what we preach in regard to raising nome supplies. Well, we have never, we believe, told the people to do as we do in any thing, but to do as we tell them in this matter, and they will be haps | call and see us.

Yours truly. BILL SHANKS. For sale,
