How Fishes Eat.

The curious way in which fishes eat is quite a study. Some fishes have teeth and some have none at all. In Some the teeth are found made within the last year or two is upon the tongue, in some in the the fact that a beam of light prothroat, and in some in the stomach, duces sound. A beam of sunlight Some draw in the food by suction; the sturgeon is one of this class. The jeffy fish absorbs all its food by ored silk or worsted or other subwrapping its body round the prey it stances. A dise, having slits or

victim, turns its stomach wrong so as to cut it up, thus making all side out, and engulfs its dinner ternate flashes of light or shadow. without the formality of awallowing On putting the ear to the glass vesif through the mouth first, much sel strange sounds are heard so less of asking permission.

The World's Fair and Ameri-

can Rallways. The Queen and Crescent Route widely known as the road running the "Finest Trains in the South," is in the field to carry everybody from the South to the Worlds Fair as Chicago. No part of the Southern country is lett uncated for by this great railway and its connections. The Through Car system is an admirable exposition of the wonderful capabilities of American rails roading. From New Orleans Through Sleeping cars run daily, morning and evening, carrying its passengers via Cincinnati at Louisville, as they may select.

From Shreveport, Vicksburg and Jackson another Through Sleeping Car Line comes to join and become a part of the magnificent Vestibuled Through trains, which passed through Birmingham and the famons Wills Valley of Alabama, is joined at Chattanooga by the train from Jacksonville, Florida Brunswick, and Atlanta, Ga, over the E. T. V. & Gs. Ry., and proceeds porth over the beautiful Cincinnati Southern, through the grandest natural scenery and most attractive instorical country in the world, to san was maken to a number of peos. Oakdale, where another magnificent Pattman car is received, comng from the Rachmond & Danville System, the beautiful French Broad onatry and Asheville, N. C., and Emaxville, Tenn.

The time to Chicago is made tso as to afford the most convenient hours for the departures from the principal cities, and arrivals in Chicago.

Pascengers can purchase tickets; good over one line north of the River, and returning via another if they desire a variable route without extra charge. Or they can go via Cincinnatti, returning via Louisville,

Round trip tickets on sale at reshe looks a great deal more than duced rates. Agents of the Chicago line will on request assist in looking up rooms or accomodation
