NOTICE.

All communications and business letters should be directed to the "LINCOLN COURIER," Lincoln, N. C.

Letters of a private nature, or those requiring the attention of the editor, and also such as have no relation to this paper, should be sent direct to J. M. Roberts, Asheville, N. C.

We call attention to the fact that the business as well as local department of this Courier is under the control of Miss Mattie Meador, and that she has each week each payment to make on account of the expense of the office.

The resignation of Mr. Williams, of Newton, of the office of Deputy Collector was a deserving recognition of his long and faithful service for the cause of Democracy.

We shall carefully note his course, and be glad to comment on him publicly for the way he carries out the policy of the government.

Senator Vance's letter. The State Organ of the Farmers Alliance Expresses itself.

We reproduce from the Charlotte Observer a remarkable letter written by Senator Vance to Bro. R. W. Elliot, secretary of the Mecklenburg County Alliance.

It has fallen like a bomb shell in the State. Those Democrats who have left their moorings and are drifting after Wall street and London plottings will be greatly shocked.

The perusal of Senator Vance's letter to the Mecklenburg Farmers Alliance. I must confess made me slobberish. The statement that the extra session was called to further denounce silver is more belittling than Sherman than the honored hero of North Carolina.

OUR SENATORS SHOULD DO THE SAME.

The Shelby Review says: "In order to trap back into the Alliance the thousands of Democrats who left it last year the leaders are offering to reinstate those who pay 10 cents admission. We hope no Democrat will allow himself to be caught with this bait."

And further, we hope for the sake of their reputations for consistency, that Governor Carr and Congressman Alexander will publicly renounce their Alliance membership, or publicly withdraw from the Democratic party.

The hope expressed in the last paragraph of the above is exactly our wish, but does not Senator Vance's letter have a tendency to urge them to stand together by renouncing and there join in the concentration of their whole influence upon the issues of the day?

We trust our noble Senator, for whom we have great respect, will join with Carr and Alexander in withdrawing the right hand of fellowship from "our noble order," and lend it no more influence in its political movements.

Let the Democratic party make a record of its own and stand squarely upon its own platform and if it cannot stand the test then, let it go down like a man, and confess its inability to do the business of the country.

HON KOPE ELIAS.

How to be the spokesman of the President.

From the Hickory Press and Carolinian. The success of the Democratic party at the next election in Western North Carolina will greatly depend upon the way in which Hon. Kope Elias manages the great interest entrusted to him.

Rightly or wrongly, he is taken as the special spokesman of the administration and his widely advertised intimacy with the President gives unusual weight to what he may do or say. Mr. Cleveland does not give his confidence blindly and we do not doubt Mr. Elias is amply worthy of it.

They believed then and believe yet, that he treated them very badly. They did not lose all confidence in him, for he had been with and for the people. But he yielded to some influence and left them. Yet some of them forgave the first offence, and when he voluntarily gave the Legislature his solemn pledge that he would advocate every plank in the Ocala platform, the sub-treasury included, provided none of the planks were "unconstitutional," he received a decided majority for re-election to the United States Senate.

equal parity; call it free coinage or any other name you please; the name is nothing, we need more circulation medium. This is democracy of the true type and this is what we voted for Nov. 8th, 1892 and we stick to it and demand it I need not make any fuss about gold silver or paper for I will get very little of it but I want Noah and Jake to have plenty of it and every dollar worth 100 cent at that. This is honesty. What is the condition of the Farmers' Alliance Treasury? Is it good? What does the nation think of the chief executive officer of a great State when he goes into the grog selling business? Pshaw! A Governor speculate off the poor negro.

Let I worry somebody directly, and get up a rucus with some body and may the kind editor I will resist, but before I quit permit me to ask whether or not my friend Bill Shanks is sick. Wishing the kind editor much success in his new business and hoping we shall soon have a single pure democratic administration in all the departments of the government. I am most obediently, BOB PEAK

King's Mountain Letter.

Kings Mountain, N. C., August 1, 1893.

Ed. Courier.—The thriving little town of Kings Mountain, beautifully situated on an elevated plane, near the historical mountain peak from which the village derives its name, does not claim to be on a boom, neither is she putting on city airs; but on every side, the spirit of improvement and progress is clearly seen.

Our population has grown from 500 in 1888 to 1,500 in 1893, and from present indications, another year will swell the number to at least 2,000 souls.

A new enterprise has recently originated here style The Piedmont Mineral Company, and our people look forward for development and discoveries of vast importance in the mineral kingdom.

The geological school, conducted here this summer by that accomplished gentleman and scholar Prof. Collier Cobb, of the State University, proved to be quite an acquisition to our town.

This place is a great summer resort for persons from the malarial and heated regions of our country, both east and south.

For the COURIER.—Blowing Rock Scenery Etc.

This place is a great summer resort for persons from the malarial and heated regions of our country, both east and south.

In point of scenery, probably no place where people dwell this side the Rocky Mountains, can surpass the Blowing Rock in grandeur and beauty.

And to lighten your illusion, the winds blow all the time just as they

upon the sea coast. Old "Grand Father" lifts his face into the very heavens, and nearly all day long, as if ashamed of some early youthful indiscretions, he keeps his countenance wrapped in a veil of fleecy cloud, tipped with the lightnings fiery wing.

The trees of this country principally Chestnut, dotted occasionally with a Spruce Pine or a Lync. The ground under these is so densely covered with the Rhododendron and Ivy that it seems almost impossible for a dog to pass through them.

There are several good hotels here, scattered from Green Park to the Watanga hotel, a distance of two miles, with a number of good "private boarding houses," among which I class as superior for all quiet resting places, where you will find the best of attention and fare.

Let those who wish to recuperate for a week or two, and enjoy the grandest pleasure of the Rock, miss the "dance and card-playing," stop with these brethren above named. A VISITOR.

The Difference.

Mauney & Chapenter who ran an excursion last week from Shelby to Wilmington lost \$320. on the venture. They did not advertise, and their loss is not to be wondered at.

Capt. W. H. Ramsaur who ran the excursion from Marion to Charleston this week, made a clear profit of over \$1,000. He did advertise.—Shelby Review

AT ONCE,

The New South and the World's Fair.

No section of the country, East, North or West, is taking a greater interest in the World's Fair at present than the portion lying south of Mason and Dixie's line, and typical Southerners, easily distinguishable in the immense throng by the graceful military bearing of the gentlemen and the rare beauty of ladies, are to be met in great numbers on the Exposition grounds, in the corridors of the leading hotels and at the various social gatherings in the World's Fair City.

To a large extent the success of the Fair depends upon the Southern people; the Board of Managers expect hundreds of thousands of people from south of the Ohio River to attend the Exposition, and from present indications they will not be disappointed. The railroads are making extensive preparations to take care of the people, and their comfort enroute is fully assured.

The Big Four Route, which is the only line making connection in Central Union Station, Cincinnati, with through trains of the E. T. V. & G., Queen & Crescent Route, Louisville & Nashville R. R., Kentucky Central Rv. and Chesapeake & Ohio Rv., naturally forms the popular outlets for Southern travel, and to accommodate the business five elegant vestibule trains, with parlor cars, sleeping cars, dining cars and elegant coaches are run daily from Cincinnati to Chicago, stopping at Midway Plaisance, the Main Entrance of the World's Fair, 60th St., Hyde Park, 51st St. 39th St., 23d St., and running into the new 12th St. Station on the Lake Front.

THE FACT

That AYER'S Sarsaparilla CURES OTHERS OF Scrofulous Diseases, Eruptions, Boils, Eczema, Liver and Kidney Diseases, Dyspepsia, Rheumatism, and Catarrh should be convincing that the same course of treatment WILL CURE YOU. All that has been said of the wonderful cures effected by the use of

AYER'S Sarsaparilla during the past 50 years, truthfully applies to-day. It is, in every sense, The Superior Medicine. Its curative properties, strength, effect, and flavor are always the same; and for whatever blood diseases AYER'S Sarsaparilla is taken, they yield to this treatment. When you ask for

AYER'S Sarsaparilla don't be induced to purchase any of the worthless substitutes, which are mostly mixtures of the cheapest ingredients, contain no sarsaparilla, have no uniform standard of appearance, flavor, or effect, are blood-purifiers in name only, and are offered to you because there is more profit in selling them. Take
