Rock Spring Camp Ground,

The sixty-fourth annual camp meeting at Rock Spring lasting me week closed Wednesday morning last. The attendance was thought to be the largest since the war. The crowd on Sunday was estimated at ten thousand. The camp shows signs of vigor and umprovement, thirty new tents being added this year. The order observed was exceptionally good. The services at 11 a. m. and 8 p m. were conducted by Rev. J. W Lee, the Irish Evangelist. Impressive sermons were preached by Revs. Ivey, Webb, Scroggs, P. E., Clegg.Rogers, and others. The singing was led by Mr. Arthur Butt, of Charlotte. While the fruits of the meeting were not so manifest, no doubt much lasting good was accomplished for the

County Institute.

All persons, expecting to teach in the Public schools of Lincoln county, are invited to attend a county Institute to be conducted in the Court House beginning on Monday

Prof. Frank H. Curtiss, of Shelby, N. C. has been appointed to conduct the Institute and the coupty beard has directed this notice to be given in order that our teachers may avail themselves of this help afforded by the State. All Committees of public school districts are requested to co-operate with the board and arge all who apply for employment as teachers, to at. tend the Institute: The Board respectfully invites the friendly offices of all our county people in this effort to improve our schools. The attendance of experienced teachers and the presence of Committeemen and o thers will encourage teachers and awaken enthusis asm for the education of the youth of our county who cannot attend colleges and grad ed schools. Prof-Curtiss comes well recommended and his neighborly interest in Lincoin county induced him to make a generous offer to the board, before the State Superintendent was able to appoint him as a Conductor. Let us give him bearty welcome and co-operation.

The democrats are perfectly willing to plead guilty to the charge of railroading the question; they believe that the sitgation required railroading, and that the people had a right to expect it. The agreement under which the debate is now being conducted is thoroughly democratic; it provides for an equal division of time and for a vote upon the bill and the amendments named without flibustering, and the decision of the question is to be made solely by the majority in the House. Ii looks now as though the bill for the unconditional repeal of the purchasing clause of the Sherman law would pass, although there is a probability an amendment providing for the free coinage of silver at an increased ratio may be added to the bill.
