WASHINGTON, Dec. 18, 1893 :---Representative Holman, obsirman of the democratic caucus has, after consulting with his democratic col. leagues decided not to call the caucus which has been determined to hold to consider the Wilson bill,until after the Christmas recess. There are several reasons, all good, for this decision Many democrats have already gone home to spent Christmas and if the caucus had been held this week it would cousequantly have been slimly attended. Besides, those who spand their holiday at home will get an opportunity to learn just how the Wilson bill has been received by their consutuents which will enable them to lay before the caucus any objections which may exist. It is in fact fortunate that the bill has been delayed. It will enable the demo. crats to do what has never been done before-consult the people about the details of a fariff phil.

The republicans of the House have announced with a great fouris of romplets that they will no vole with debloc als who oppose an section of the Wilson bill to amend the measure. Mr. J. R. Sovereign, the new heat of the Knights of Labor, is in Washington, in attendance upon the cooffrance of the Executive completee of the Bismetallic League, with which he is in sympathy. Speaking of the tariff he said ; "I am an out and out free trader. The so called protection of American labor is a delusion. Labor is not protected. Invested capital recerv s a bonus in the form of protection, and it is then optional with the capitalist to give a share of the bonus to labor in the form of incroased wages. But this option is seldom, if ever, exercised." There is food for reflection in these words of Mr. Sovereign, who is certainly in a position to speak from the

A Racking Cough Cured by Ayer's Oberry Pectoral. Mrs. P. D. HALL, 217 Genessee St.,

Lockport, N. Y., says: "Over thirty years ago, I remember

hearing my father describe the wonderful curative effects of Ayer's Cherry Pectoral. During a recent attack of La Grippe, which assumed the form of a estarrh, sereness of the lungs, accompanied by an aggravating cough, I used various remedies and prescriptions. While some of these medicines partially alleviated the coughing during the day, none of them afforded me any relief from that spasmodic action of the lungs which would saize me the moment I attempted to lis down at night. After ten or twalve

such nights, I was

Nearly in Despair, and had about decided to sit up all night in my easy chair, and procure what sleep I could in that way. It then occurred to me that I had a bottle of Ayer's Cherry Pectoral. I took a spoonful of this preparation in a little water, and was able to lie down without coughing. In a few moments, I fell asleep, and awoke in the morning greatly refreshed and feeling much better. I took a teaspoonful of the Pectoral every night for a week, then gradually decreased the dose, and in two weeks my cough was cured." Ayer's Cherry Pectoral
