Maiden Letter.

MR. EDITOR—The cold wave that we are still undergoing has done great damage. The peach and apple crop has been completely destroyed. Wheat has been badly damaged; and if the season should be very favorable, it can't make more than half the amount to would have made. J. W. Johnson says that he is financially embarrassed. He had 1 1/2 acres of onions which were growing very nicely, but are now bitten to the ground.

It is thought that Mr. Thos. Davis will not allow his name to be used as a candidate for the position as Superintendent. Maiden will lose one of her best citizens if Mr. Davis leaves. We hope he will decide to stay with us.

Yours very respectfully,

A Visit To North Carolina.

COCHRANTON PA.—Some years ago I had occasion to visit North Carolina and while there had one of my bilious attacks. Hearing for the first time of S. M. Mous Liver Regulator I tried it. Nothing before had so effectually relieved me. I could in no way benefit others more than by putting such a remedy in their hands.—N. N. Sheppard.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by continuing remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Hood's Sarsaparilla Purifies the Blood and Restores Health.

Mr. F. W. Stowell, Wilmot, S. Dak.

"C. I. Hood & Co., Lowell, Mass.:"

"About four years ago my wife was troubled with salt rheum. Although we tried nearly everything it got worse instead of better and spread over both of her hands so that she could hardly use them. Finally she commenced using Hood's Sarsaparilla and when she had taken two bottles her hands were entirely healed and she has not since been troubled. In December, 1892, my neck was covered with boils of a Scrofulous Nature.

There were sixteen of them at once and as soon as they healed others would break out. My neck finally became covered with ridges and scars. I then commenced taking Hood's Sarsaparilla, and after taking four bottles the boils had all healed and the scars had disappeared. I recommended Hood's Sarsaparilla to all suffering from impurities of the blood." F. W. STOWELL, Wilmot, South Dakota.
