ing the paper into a matrimonial sheet, which no doubt will be a success, if the editor does not kill hiuself matrunonially, before he ends his populistic career. Mr. K should not burn so much powder without hope of gain but this is a free country and he has a right (?) to do as he pleases.

## PROGRESSIVE CONCORD.

Tt was our pleasure to spend last Sunday in the progressive town of Concord. Ten or twelve years ago Concord was a small town, but to-day its population is over 5000. Ten or twelve years ago the town had several barrooms to-day it has more. It was said by some when the liquor traffic was stopped at Concord that it would kill the town, but those level headed people said by their votes we will kill it, if such an evil is required to keep it up. They killed the liquor business so dead that it would be a difficult matter to establish bar-rooms there again and the town has more than doubhed its population and has quadrupled its industries. The old c. laboose that once disgraced the court square has been removed as it has proven to be a useless appen-

They keep a policeman as a kind of an ornament to the town and utilize him as a tax gatherer.

There is some drinking there as in most other towns, but it is a rare thing to see a drunk man er hear an oath upon the street.

The law of prohibition is pretty well enforced in that town. The good citizens of the place knew such could be done and they set their heads together to carry out the law. It was our pleasure while there to meet Mr. Sheraill of THE TIMES. He is now post master as well as Editor. He is a worker in whatever position you place him. We were sorry to learn that Mr. Cook of THE STANDARD was having a tussle with the chills. He ought to come to Lincolnton and drink some of our fine mineral water.

Concord is fast becoming a figure in court as defendents in manufacturing center. Our own criminal libel suits. The first of- above,

question settled at the earliest possible moment, in the interest of a resumption of business.

The fairness of Vice President Stevenson in selecting the committee which to day began the investigation, authorized by the resolution adopted without a dissenting vote by the Senate last week, was in marked contrast with the action of republican presiding officers of the Senate in selecting similar committees in the past. Although he would have been justifiable in putting three democrats and two republicans on the committee, he only selected two democrats-Gray, of Del., and Lindsay, of Ky., allowing the populists one member-Allen, of Nebr., and the republicans two -Lodge of Mass.,and Davis of Minn.

The first work of the committee will be to try to get at all the facts connected with the outragcous attempt to bribe Senators Kyle, of S. D., and Hunton, of Va., to vote against the tariff bill. Sensational disclosures are looked for in this case, but your correspondent is not over sanguine that they will pan out; not because they do not exist, but because when men start out to accomplish anything by bribery they seldom leave their tracks uncovered to a sufficient extent to the crime legally fasten-

ed upon them. The committee will also investigate the numerous charges connecting the Senators who arranged the amendments to the tariff bill with the sugar trust in a scandalous manner, and your correspondent does not hesitate to predict that the foundation of every one of these charges will be found the same-Partisan vindictiveness against tariff reform. But whatever the foundation may be the committee proposes to get down to them if such a thing is possible, Several well-known republican newspaper men will find it difficult to produce authority for cost. charges they have made against Senators, and it will not be surprising if some of them eventually

Adirondacks between Saratoga and Lake George.

The railroad arrangements this year are most favorable. Persons living in North Carolina can purchase excursion tickets to the National Educational Association to be held at Asbury Park, N. J., just before the opening of the summer school. It is expected that these tickets can be purchased at one half the regular rates plus \$2.00 the membership fee. From Asbury Park excursion tickets can purchased to Saratoga or Lake George. The National Educational Association tickets will be good until September 1. This af fords the teachers of North Carolina a fine opportunity to visit many places of interest at small
