PLAN OF ORGANIZATION

Of the Democratic Party of North Carolina

ROOMS OF THE STATE DEM. EX. COM. RALEIGH, N. C., June 12, 1894.

1. The unit of county organization shall be the township. In each township there shall be an executive committee to consist of five active Democrats, who shall be elected by the Democratic voters of the several townships in meetings called by the county executive committee. And said committees so elected shall elect one of its members as chairman, who shall preside at all committee meetings.

2. The several township executive committees shall convene at the meetings of the several county conventions, or at any time and place a majority of them may elect, and shall elect a county executive committee, to consist of not less than five members, one of whom shall be designated as chairman, who shall preside at all of the said committee meetings.

3. In case there shall be a failure on the part of any township to elect its executive committee for the period of thirty days, the county executive committee shall appoint said committee from the Democratic voters of said township.

4. The members of the township committees shall elect to any vacancy occurring in said committee.

5. The county executive committee shall call all necessary county conventions "by giving at least ten days' notice by public advertisement in three public places in each township, at the court house door, and in any Democratic newspaper that may be published in said county, requesting all Democrats of the county to meet in convention in their respective townships on a common day therein stated, which said day shall not be less than three days before the meeting of the county convention, for the purpose of electing their delegates to the county convention."

The Old Friend

And the best friend, that never fails you, is Simmons Liver Regulator (the Red Z)—that's what you hear at the mention of this excellent Liver medicine, and people should not be persuaded that anything else will do.

It is the King of Liver Medicines—is better than pills, and takes the place of Quinine and Calomel. It acts directly on the Liver, Kidneys and Bowels and gives new life to the whole system. This is the medicine you want. Sold by all Druggists in Liquid, or in Powder to be taken dry, or made into a tea.

EVERY PACKAGE HAS THE Z Stamp in red on wrapper. J. H. KRILIN & CO., Philadelphia, Pa.

The Question

of-life Assurance is not "Can you afford it?" But "Can you afford to do without it?"

WOODWARD, S. C., July 2, 1893. Mr. W. J. RODDEY, Rock Hill, S. C.

Dear Sir:—I have before me a statement of the various options offered in settlement of my maturing Tontine policy in the Equitable Life Assurance Society. I have concluded to accept the surplus and continue the policy. The results are highly satisfactory and I heartily commend the Equitable Society and the Tontine system insurance as practiced by it, to persons desiring safe and profitable life insurance.

Yours respectfully, T. S. BRICE.

A Slander Suit—Robbery Concealed

REEPSVILLE, N. C., July 10, '94

ED. COURIER.—Having seen no news from this part of the county, I send you the following for publication. About the 10th or 11th of June, Mr. Levi Hauss had a stand of bees stolen, and not being able to look after it himself the neighbors tracked the thief some distance, till they were satisfied in their minds who got the bees. Ole man's being ready to say that he could swear to the track by a particular mark, caused a great talk in the country. The man bearing this news and knowing, we suppose, too, that he had taken the honey, tried at once to get a warrant for the expressed accused, and finally he went before the Hon. Esq. Warlick of Reepsville, and obtained a warrant indicting the accused for slander, something we have never before heard of, one man's slandering another. We hope the Esq. will enlighten our mind on this subject a little. The warrant was put in Deputy sheriff's hands and was served, the witnesses were summoned and a trial was set for the appointed time and place; and on arriving found the Judge in town, who began at once to talk with the defendant for a compromise. The defendant told the judge he would not compromise, and that he was there ready for trial. After much consultation and long consideration, the Judge told the defendant if he would pay half the cost that he would stop the suit. The defendant said no, and after going to the defendant a dozen times or more, told him if he would pay fifty cents of the cost he would let him go and the defendant again said no. The Judge then consulted with the plaintiff awhile and then adjourned the court and discharged the witness without any money. Now Mr. Editor do you not think this is a queer way of conducting a trial knowing as they did that the defendant was there ready for trial, with evidence enough that if you would only shut your eyes and imagine, you could almost see the man eating the honey. Furthermore why some good old praying church members to such in active part, to keep such a crime from being revealed, we can only shut our eyes and imagine again.

A Card to the Citizens of North Carolina Concerning Blind Children.

In view of the completion of the Morganton Institution for the education of the Deaf, and their removal from the Institution for the Deaf, Dumb and Blind at Raleigh, the latter Institution is better prepared than ever before to sustain and educate the Blind. Our capacity is increased, our force augmented and our methods ameliorated; all of which enables us to do more efficient work than we have heretofore done. We are anxious that every Blind child in the State receive an education, we wish to do all in our power for the betterment of this unfortunate class, to enable them to avail themselves of this FREE Institution in which the State so magnanimously offers to instruct this class of its citizens.

With a view to this end, we earnestly appeal to the philan-

STATE CONVENTIONS.

1. The State convention shall be composed of delegates appointed by the several county conventions. Each county shall be entitled to elect one delegate and one alternate for every one hundred and fifty Democratic votes, and one delegate for fractions over seventy-five Democratic votes cast therein at the last preceding gubernatorial election, and but delegates or alternates so elected shall be entitled to seats in said convention: PROVIDED, That every county shall have at least one vote in said convention.

GENERAL RULES.

1. Such delegates (or alternates of absent delegates) as may be present at any Democratic convention shall be allowed to cast the whole vote to which their township, or county may be entitled.

2. In all conventions provided for by this system, after a vote is cast there shall be no change in such vote until the final result of the ballot shall be announced by the chairman of said convention.

3. All Democratic executive committee shall have the power to fill any vacancy occurring in their respective bodies.

4. The chairman of the different county conventions shall certify the list of delegates and alternates to the different district and State conventions, and a certified list of said delegates and alternates to the State conventions

shall be sent to the Secretary of the State Central committee. For the committee:

F. M. SIMMONS, Chairman.

thropic people of our commonwealth to aid us in this noble work; We wish to be put in touch with every Blind child within our borders. We desire the name, post-office, township, county and nearest rail-road station of every child of this class in North Carolina. Also the name of the parent or guardian of such child. With such data we will correspond with the parents and guardians of these children, and in this way put them in reach of an education.

Will not the good people of the State who know of a Blind child or children in their vicinity send us a card with the information wanted? We promise to use our best efforts to get these children in school, if you will enable us to get their names. Please forward the data at once and greatly oblige.

Very truly,

Lowville Letter.

—ED. COURIER.—Mr. A. F. Jones is quite sick. Mrs. J. J. Kennedy has been quite ill for sometime, but is somewhat better. There were four negro funerals preached at Rock Hill (col.) church at this place on last Sunday. Among them was old "Uncle Jake Morrison's," one of the best negroes who ever lived in this neighborhood.

The annual S. S. picnic was held at Rock Springs camp ground, July 4, 1894. There was immense concourse of people there. The speaking was of a very high order and everything passed off very pleasantly till about the time the people were leaving, when an altercation took place between Henry Cornelius, of Iredell county, and a small son of Mrs. Albert Mundy, of Kidaville, in which Mundy cut Cornelius severely with a knife. We have not the particulars farther than that Cornelius was drinking and followed Mundy for some time cursing him, and finally knocked him down and began beating him, whereupon Mundy drew his knife and stabbed him in nine different places. Mundy was bound over to court.

The cotton fields are now white with blooms. Corn and cotton are looking fine, sure. Mr. "Mich" Abernethy, of Mt. Holly, says the candidates are so thick in Gaston county, he has asked Mr. J. R. Connell, the commissioner from River Bend Township, to have an ordinance passed forbidding the felling of trees till after the election for fear of killing a candidate.

Mr. Wm. and Mrs. E. L. McIntosh, of Lucia, Gaston county, will celebrate the 45th anniversary of their wedding on Sept. 6, 1894, by giving a dinner to their children and grandchildren and sisters and brothers, together with their families. Dr. Leroy Long has been offered a chair in the Medical College of Louisville, Ky. We understand he will accept the offer and remove to Louisville about Oct. 1. Mr. John E. Davidson, whom we mentioned as being with his brother, Dr. W. S. Davidson at Triangle, has had the degree of M. D. conferred upon him and also has successfully passed an examination before the State Medical Board and is now ready to begin the practice of medicine.

Yours truly,
BILL SHANKS.

CURES SCROFULA

Mrs. E. J. Rowell, Rockford, Mass., says her mother has been cured of scrofula by the use of four bottles of SSS. after having had another treatment, and being reduced to quite a low condition of health. It was thought she could not live.

Cured my little boy of scrofula which pained all over his face. A year I had given up all hope of his recovery, when finally I was told to use SSS. It cured him, and no symptoms of the disease remain.

Ed COURIER.—Corn and cotton is looking fine; we have all possible features in this community of a good crop.

Mr. Jas. M. Mullen boasts of having the finest corn in this section. We admit that Mr. Mullen has some very fine corn, but we think it better for him to leave off the superlative degree.

The health of this community is very good at present.

Mr. M. A. Lemons our young merchant was thrown from his horse while on his way home from the picnic at Denver and was badly bruised.

Mr. Robt. Mundy of Denver is very sick with fever, we wish for him a speedy recovery.

Mr. A. A. Keever, of Kidaville, has recently been appointed S. & G.

Among the candidates of the Republican party for county offices we learn that Mr. J. F. Killian of Denver, is spoken of for Register of Deeds and knowing him so well I wish to say a few words. The writer has been living near him for nineteen years and does not hesitate to say that he is a good man and fully competent for the office. But we would rather see Mr. Killian come from the other side of the house.

As the time has arrived when all Democrats should be on the alert. We believe it our duty to speak a word in behalf of Democracy. This is the time for all Democrats to stand firmly in line and it is the time for all of those who have been led out of Democratic ranks by selfish, ignorant and unprincipled leaders to return and save themselves from the stigma that will be forever attached to them.

The Pops that have been led astray in this section are returning one by one. They expected in 1892 to see Weaver President and that they would receive money by the car load. Now I have only this to say in regard to such ideas: That such an eventful day will never come. Prosperity will not come to the South through any socialistic or paternal system of legislation. No act of Congress will ever abolish poverty and the triumph of no political party will ever supply people with money when they have nothing of value to exchange for it. The South must shake paternalism from her, recognize that the Government is no purveyor and realize that every man is the architect of his own fortune. Then with every man in the pursuit for which he is best fitted the South will present the aggregation of forces that will make her supreme. Practice economy self reliance and perseverance and the death knell will be sounded to hard times.
