The Sectional Fake,

-Sarge Plunkett.

The Republican campaigners in the North are making their fight against the new tariff mainly on the ground that it is a section-Southern men in Southern interests. They don't believe this for they know better, and know that there is not one scintilla of truth in the ascertion; but they must either concede that tariff reduction was right or take issue against it, and the only enconraging issue they can make is on the sectional line, for there ignorance, innocence and prejudice can all be played
