The Old Friend

And the best friend, that never fails you, is Simmons' Liver Regulator, (the Red Z)—that's what you hear at the mention of "this excellent" Liver medicine, and people should not be persuaded that anything else will do.

PATENTS

IF NOT THEN, WHY NOW?

When the Third party, now called Populist party was organized in this State it was distinctly announced by its organizers that it was not to antagonize the Democratic party in this State, nor to attempt to get possession of the State Government, with which they had no fault to find.

Perhaps Mr. Butler who wrote in this fervent and patriotic style then didn't know his own mind, for before the leaves changed color in the fall we find him running as

It will be remembered that shortly before the Democratic State Convention met in Raleigh in 1892, a call was issued to the various county alliances in the State to send delegates to a conference to be held just before the Convention met.

"From the present outlook we very much fear that the People's party will put a state ticket in the field, and possibly tickets in every county.

Follow them (Populists) or assist them into power and the first thing you know you will have: Dispensary, a la Filmon; Woman suffrage, a la Kansas; "Blood to the bits," a la Waile, or State sovereignty, a la Pennoyer.

future. If you are the cause of the Republican party capturing the State you have given a heavy blow to the cause of reform and put the management of your State in unworthy and incapable hands.

During the joint discussion in campaign that year his competitor R B Glenn, kept him on the ragged edge and as mad as a March hare reading extracts from the Caucasian in which Butler protested against the suicidal course of those who insisted upon putting up and voting for a ticket in opposition to the ticket headed by Elias Carr.

There is not a word which he wrote then which is not as true now as it was then, and which, if he were honest, he could not and would not reiterate with as much or more emphasis than he did then.

But then there was no seat in the Senate that Marion hoped to climb into. This is a vision which has opened up to him since, the attainment of which he thinks possible by co-operating with and pulling on the same line with the enemies of the people.

None but the veriest and most unscrupulous demagogue would so unblushingly consort with the men whom he had so recently denounced as "enemies of the people," and against whose return to power he warned his political associates, declaring it one of the greatest calamities that could befall the State.

Follow them (Populists) or assist them into power and the first thing you know you will have: Dispensary, a la Filmon; Woman suffrage, a la Kansas; "Blood to the bits," a la Waile, or State sovereignty, a la Pennoyer.

Judge Furches on Fusion.

"I do not believe that the combination can be done throughout the State so as to injuriously affect the Democratic party in the court and result of the election. I know this policy of fusion was attempted in the east two years ago without benefit.

Republicanism, as I understand it, is founded upon well established and well defined theories and principles, which I believe should control the political policy of this country.

In national politics, as I understand it, the Populist party is opposed to protective tariff, in favor of free coinage of silver at its present depreciated ratio, for government ownership of railroads, for

THE DISCOVERY SAVED HIS LIFE. Mr. G. Chabouette, Druggist, Beaver, N. C., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail any was given up and I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We will keep some without cost. Get a free trial at J. M. Lawing's Drug Store."

RENOVA, Va., Oct. 24.—At the session to-day of the General Christian Missionary Convention of disciples, Rev. C. C. Smith of Massillon, Ohio, made an earnest plea for the evangelization of the negro.

Suppose some prophet had arisen out of the flame and smoke of Appomattox and declared: "These men who have to-day been forced by the arbitrament of war to free their slaves will in the next thirty years spend \$60,000,000 for their education."

What a Combination!

The Populist party has always denounced the Republican party as the author of all the iniquitous legislation which has been enacted since 1860, as the author of all the class legislation which has afflicted the country, and as the special champion of trusts and monopolies.

In view of the attempted fusion of the Populists and Republicans in North Carolina, and in order that our Populists friends may see what the Republicans think about them, we publish the following extract from the Republican Campaign Text Book for 1894, prepared by the National Republican Congressional Committee, pages 259 and 260:

1. That, being based on an assumption of the poverty and destitution of the masses, it is in danger of becoming an organized attack on all rights of private property, and must end in anarchy or communism. No one should enter the party who is not prepared to follow it to one or the other of these extremes.

2. That, being an attempt to organize one class of citizens against another class, laborers against capitalists, it must lead to more pronounced conflicts, aggravate all the evils of organized lock-outs and strikes, and tempt to civil war, not to peace.

3. That, being based on charges of universal corruption and fraud, it tends to break down all confidence of man in man, and begets the very corruption it charges in its own followers as well as others.

John G. Mauger Editor of the Sunbeam, Seligman, Mo., who named Grover Cleveland for the Presidency in Nov., 1882, while he was Mayor of Buffalo, N. Y., is enthusiastic in his praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says: "I have used it for the past five years and consider it the best preparation of the kind in market. It is as staple as sugar and coffee in this section. It is an article of merit and should be used in every household. For sale by Dr. W. I. Crouse Druggist."

The Influence of Trifles.

Jefferson was fond of telling a story which illustrates in a forcible manner the importance that absurdly insignificant matters may sometimes assume. When the de-liberative body that gave the world the Declaration of Independence was in session, its proceedings were conducted in a hall close to which was situated a livery stable.

The objection which present themselves to this (the Populist) party and its demands are: 1. That, being based on an assumption of the poverty and destitution of the masses, it is in danger of becoming an organized attack on all rights of private property, and must end in anarchy or communism.

2. That, being an attempt to organize one class of citizens against another class, laborers against capitalists, it must lead to more pronounced conflicts, aggravate all the evils of organized lock-outs and strikes, and tempt to civil war, not to peace.

3. That, being based on charges of universal corruption and fraud, it tends to break down all confidence of man in man, and begets the very corruption it charges in its own followers as well as others.

A great danger threatens the people of the South. An evil that is steadily growing, and unless checked will cause great misery and suffering. Liver Medicines, called by all sorts of names, are being sold to the druggist to be handed to the people when they call for Simmons' Liver Regulator. Beware! There never has been more than one Simmons' Liver Regulator on the market. Take nothing else. The person who tries to persuade you that anything else is just the same is not to be relied upon, nor is the dealer to be trusted who tries to sell you another article in its stead. You know what Simmons' Liver Regulator is, because it has come your good. No; don't be deceived into trying anything else. Wait until the Old Friend, Simmons' Liver Regulator, has failed you, then will be time enough to try something else. Remember, Simmons' Liver Regulator is what you want. It is put up only by J. H. Z. & Co., and a Red Z is on every package.
