Washington Letter.

Correspondence of COURIER.

WASHINGTON, Nov. 26, 1894.—Of course President Cleveland and Secretary Carlisle were pleased to have subscriptions for more than three times the amount of the bond issue submitted in answer to the call...

Democrats are doing more thinking than talking these days, and the results is a proposition that meets with much favor among the few democratic Congressmen who have reached Washington...

got his committee at work, in order that one or two of the regular Appropriation bills may be ready to report to the House soon after the reassembling of Congress.

President Cleveland has not been to the White House for more than a week, owing to a painful attack of his old enemy, the rheumatic gout, but it has not prevented his keeping at work on his message.

The members of the sub-committee of the House committee on Judiciary, who are charged with the duty of investigating the serious charges made against Judge Ricks, will meet at Cleveland, Ohio, this week.

Col. Simmons, Collector of Internal Revenue for the Eastern District of N. C., who is visiting Washington, says of the legislature of that State and the coming election by it of two U. S. Senators—one to fill the unexpired term of the late Senator Vance, which runs until March 3, 1897, and the other to succeed March 3, 1895...

It will gratify the friends of the Chesler & Lenoir Narrow Gauge Railroad, and the friends of its officers, to read the advertisement which appears in this paper showing that it will be ready, December 1st, to pay the interest on its coupon bonds, notwithstanding that it is not due until January 1st.

Religion of Our Supreme Court.

In the whole history of North Carolina there have been thirty Supreme Court judges. Of these twenty have been Episcopalians, six Presbyterians, one Catholic, two Methodist (Farrinell and Clark) and one Baptist (Faircloth). After next January the Supreme Court will have two Baptists (Faircloth and Montgomery), two Methodists (Clark and Furches), and one Presbyterian (Avery). Next January will go down in history as the first time in the State's history that its Supreme Court was not occupied by two, or more Episcopalians.

have nothing to do. But when it puts Judge Furches down as a Methodist it is away off. The judge is not a member of any Church. He was, we believe, raised in the Baptist faith, but having twice married in the Episcopal Church he has, during his married life, attended that church. However, it is about as fair to put him down Baptist as Episcopalian, and calling him the former the Baptists will have a majority of the court. Will our esteemed kick about that?—THE LANDMARK.]

Henry Wilson, the postmaster at Weshlton Florida, says he cured a case of diarrhoea of long standing in six days, with one small bottle Chamberlain's Colic, Cholera and Diarrhoea Remedy. What a pleasant surprise that must have been to the sufferer. Such cures are not usual with this remedy. In many instances only one or two doses are required to give permanent relief. It can always be depended upon. When reduced with water it is pleasant to take. For sale by W. L. Crouse, Druggist.

Cherryville Notes.

Mrs. Catherine Fronebarger was buried at St. Mark's Church on last third Sunday. Her funeral was preached by her pastor, Rev. George. A lot of relatives and friends attended the funeral service. Mrs. Fronebarger died of heart failure while at her brother's home in Waco. She was 69 years old.

Little Emma Bright Rudisill, one of the twin babies of Mr. and Mrs. P. C. Rudisill, was buried at St. Mark's last Monday p. m. Nov. 19.

Mr. Willie Farris and wife are now taking their first lessons in house keeping. We are glad they are making Cherryville their home.

Mr. J. H. Sigmon is now making arrangements to move back to Catawba county. He will try his farm again for a while. We are sorry to lose such a good citizen and churchman as Mr. Sigmon. He thinks Mrs. Sigmon's health will improve if they move back to the old home place, and we hope it will. He loves Cherryville well enough to say that he may move back some of these days.

Reformation day was celebrated here by the Lutherans with appropriate exercises. They celebrate the 31st of October in each year, in commemoration of the time when Dr. Martin Luther nailed those 95 theses to the Castle church in Wittenburg. Rev. Arndt made an address on the life and work of Luther; Mr. J. M. Rhodes on the early life of Luther; and Rev. George spoke of him as a student, scholar, and theologian. Some nice music was furnished by the members of the church.

There will be a Thanksgiving service in the Lutheran church next Thursday. Our merchants are expected to close up their places of business. The Factory and Academy will stop work. It is right for the people generally to observe this day. Let them all go to their places of worship and render grateful thanks unto God for all his blessings.

Rev. George and Mr. Sigmon just returned from a Missionary and Sunday School Convention at Daniel's church. They report a good time. Rev. Arndt went down to Monroe last Friday afternoon. He will preach at Morning Star church while there and perhaps at Monroe also. On his return trip he will stop over to act the part of usher at the marriage of his cousin, Miss Sallie Snyre, at St. James Church, near Newton, Tuesday, p. m. Nov. 27th. His presence in the school will be missed, but this thing of getting married must go on.

Some of the newly elected officers have been around trying to get bondsmen, and it seems they are meeting with some difficulty. Some of the democrats say they will not be bondsmen for any but their own stripe. Let this be as it may, no christian has any business on the bond of a still house store keeper. There ought to be a little prejudice, stubborn and strong, exercised along this line. To him that knoweth to do good, and doeth it not, to him it is sin. Mr. J. M. Rhodes attended the Temperance meeting in Charlotte last Saturday. The meeting was well represented by the best citizens of Charlotte and the sur-

rounding county. The Temperance movement now before the people is non political, and aims to bring the Mississippi Liquor Law before the General Assembly of N. C., at its next session for adoption. This would be quite an improvement on our present system. Let us all work for the passage of this law.

John G. Manger Editor of the Sunbeam, Seligman, Mo., who named Grover Cleveland for the Presidency in Nov., 1882, while he was Mayor of Buffalo, N. Y., is in business in his praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says: "I have used it for the past five years and consider it the best preparation of the kind in market. It is as staple as sugar and coffee in this section. It is an article of merit and should be used in every household. For sale by Dr. W. L. Crouse Druggist

"Why is He So Irritable?"

This question is often heard and nearly as often answered. It is not always remembered, as it should be, that the occasion of ill-temper and irritability is often to be found in the physical condition of the persons affected. What is the use of trying to "harmonize" a man whose liver has gone back on him? If a man is tortured with rheumatism, how can he be expected to be affable and agreeable? Can a confirmed dyspeptic be expected to be cheerful and always ready to tell a funny story? The only way to remove the difficulty is to get at the cause: Dyspepsia, Rheumatism, impure blood and liver troubles yield to Hood's Sarsaparilla; this is why it is an effective tranquilizer in a physical messenger and a preventive of domestic quarrels.

IN THE SWIM FOR A FACT. The current is strong but with the Almighty Dollar strengthened by neive we know the barriers can be overcome. We do not mean to boast, but be it understood that we buy for CASH. Thus we are able to get every advantage in prices, which is a Strong Point in our Favor.

It gives the 4 mos. method a heavy blow yet it is to your interest as well as ours that this be done. Listen, you owe your neighbor a debt. Now suppose instead of charging you 6 per. cent interest he would discount the debt 6 per cent don't you see what a help it would be to you. Jus: figure a little. So we see it.

There is not current strong enough to push the CASH downward. It just will force its way against every tide. Let us right here thank you for your kind support which has enabled us to do so.

This makes our interests mutual. We offer the goods at ROCK BOTTOM prices. You pay us the cash and in this way we mutually battle the current of to-day, but again not every one has the cash. Then what? It may be a green or dry hide, eggs, chickens, lard, meat, corn, oats, flour, tallow, wax, onions, potatoes, game, &c. The fact is just this we are here to help you, as well as to be helped by you. So we labor, let us have a goodly share of your patronage.
