## CASTORIA

for Infants and Children.

THIRTY years' observation of Castoria with the patronage of millions of persons, permit us to speak of it without guessing. It is unquestionably the best remedy for Infants and Children the world has ever known. It is harmless. Children like it. It gives them health. It will save their lives. In it Mothers have something which is absolutely safe and practically perfect as a child's medicine.

- Castoria destroys Worms.
- Castoria allays Feverishness.
- Castoria prevents vomiting and Wind Colic.
- Castoria cures Diarrhoea and Wind Colic.
- Castoria relieves Teething Troubles.
- Castoria cures Constipation and Flatulency.
- Castoria neutralises the effects of carbonic acid gas or poisonous air.
- Castoria does not contain morphine, opium, or other narcotic property.
- Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep.
- Castoria is put up in one-ounce bottles only. It is not sold in bulk.
- Don't allow any one to sell you anything else on the plea or promise that it is "just as good" and "will answer every purpose."
- See that you get C-A-S-T-O-R-I-A.

### THE LEGISLATURE'S DOINGS.

#### SENATE.

Special to the Observer.

RALEIGH, Feb. 16.—The Senate met pursuant to adjournment at 11 o'clock, Lieutenant Governor Doughton presiding. After prayer by Rev. L. Branson, of the city, the reading of yesterday's journal was, on motion of Mr. Fortune, dispensed with.

The State prohibition or temperance law was, on motion of Mr. Frank, made the special order for Tuesday next at 12 o'clock.

The following bills were then introduced:

By Mr. Hoover, for the relief of the Wilson graded school; Mr. White, of Alexander, to require clerks of Inferior Courts to keep a record of all moneys passing their hands; also, to incorporate the United Baptist Institute; Mr. Padgett, to amend chap. 519, laws of 1891, relating to the compensation of trustees of the Agricultural and Mechanical College for the colored race; Mr. Frank, to abolish trusts, monopolies and combinations and to protect private corporations and for the benefit of the school fund; Mr. Hurley, a resolution to furnish Colonial Records to Allen Jordan, and ex-member of the Senate; Mr. Farthing, to amend the charter of Blowing Rock and Watanga Turnpike Company; also, to prevent double and unjust taxation in North Carolina; Mr. White, of Alamance, to prevent the working of female convicts on the public roads.

The calendar was then taken up and the following bills and resolutions were disposed of:

To repeal the charter of the Brunswick Bridge and Ferry Company; passed second and third readings. To incorporate Booneville, in Yadkin county; passed second and third readings. For the relief of the Firemen's Association and Volunteer Firemen's Association of North Carolina; taken from the table and re-referred. In regard to working the public roads of Clay and Graham counties; passed second and third readings. To create a new township in Forsyth county; passed second and third readings. To amend the charter of the town of Warrenton. Mr. Cook explained the nature of the bill and said this was a measure which had no politics in it; that all parties were in favor of it, Republicans, Populists and Democrats. It extended the town limits and only those who lived outside the present limits opposed it. He was glad that this was a bill that the Senator from Sampson (Fowler) could vote for. Mr. Fowler said he was glad to know it; that he gave notice again, however, that when the gentlemen brought in bills to change the charters of towns purely for political reasons he would not support them; that he knew it would not do to change some charters of eastern towns; that he was of the Jackson-Jeffersonian stripe and had affiliated with the Democrats formerly. Mr. Cook interrupted him on a point of order. The point was sustained. Mr. Fowler then arose to personal privilege. He said if bills to amend charters were only to put Republicans in power he would not support them. Mr. Cook interrupted him again on a point of order. The chair sustained him.

Mr. Lindsay said he had letters from friends in Warrenton who opposed the change in the charter. Mr. Snipes said he also had the names of persons who opposed it. Mr. Cook said it was only those who lived outside the present limits who opposed it and they had all the advantages and paid no taxes. The bill passed second reading—ayes 32; nays 0.

Bill to validate certain deeds and mortgages and provide for the registration thereof. Mr. Rice moved

to table. Mr. Black called for the ayes and noes. The call was sustained and the bill tabled.

Mr. Westmoreland asked consent to introduce a bill to amend the charter of the Winston-Salem Street Railway Company, and Mr. Long a resolution in favor of N. McPhaul, late sheriff of Columbus.

The bill to make all fire companies liable for the face value of policies was re-referred. To provide for a cotton-weigher for Mooresville, Iredell county, passed second and third readings.

Resolution to pay the funeral expenses of Mr. Williams, late a member of the House from Warren, was amended and passed second and third readings. In regard to the Superior Court of Rowan and Yadkin counties, changing the time for holding certain terms; passed second and third readings.

Mr. Wall, by consent introduced a bill established a normal school for the colored race at Winston.

Bill to allow Warren county to levy a special tax to improve the county roads; passed second reading—ayes 31; nays 0. For the protection of cattle and other animals; passed second and third readings. To amend section 30 of The Code in relation to the speeches of counsel in the trial of causes; tabled. To enlarge the stock law of Wayne county; re-referred. To incorporate the High Shoals Company; passed second reading. For the relief of G. E. Petty, a school teacher of Robeson county; passed second reading.

The Senate adjourned till 11 o'clock Monday.

#### HOUSE.

At 10 o'clock Speaker Walser called the House to order and Rev. Mr. Woodard, a member, offered prayer. It was private bill day, under the order of yesterday setting apart Saturdays as private bill days.

W. B. Flemming was sworn in as a member from Warren, to succeed the late Dr. S. A. Williams.

The special committee on elections and county government reported favorably, through its chairman, Mr. Lusk, the election law bill and on his motion it was made special order for 11 o'clock next Tuesday.

Mr. Turner, of Mitchell, introduced a resolution providing for two sessions of the House daily after next Monday, one beginning at 10 a. m., the other at 7:30 p. m.

A resolution was introduced by Mr. Monroe, to pay the funeral expenses of the late Representative Williams, of Warren.

Bills were introduced as follows: By Mr. Keithley, to establish public burying grounds in North Carolina. By Mr. Cheek, to amend the charter of Chapel Hill. By Mr. Aiken, to allow Transylvania to levy a special tax. By Mr. Woodard, to change the time of holding courts in the twelfth district. By Mr. Linney, to repeal the bill making an appropriation to the State Guard. By Mr. King, to regulate the sale of liquor in Graham county. By Mr. Phillips, of Randolph, to amend sec. 713 of The Code. By Mr. White, of Bladen, to provide for the maintenance of the North Carolina Insane Asylum. By Mr. Fagwell, to improve Wake's public roads. By Mr. Ewart, to establish a normal school at Judson College; to change time of holding courts in Catawba and Rutherford. By Mr. Munroe, regarding mortgages, providing that payments on mortgage debt must be entered of record, and for a \$10 forfeiture for failure to enter payments or satisfactions. By Mr. Stikeleather, to protect birds in Iredell county. By Mr. Harris, to protect citizens of Oera cote from the firing of guns near the Oera cote Hotel. By Mr. McCull, to amend the laws applicable to building and loan associations; to amend the charter of the Carolina Savings Bank; to amend the charter of the Charlotte Gas Com-

pany. By Mr. McClammy, to incorporate the Wilmington Sewerage Company; to raise money for public schools in Cherokee; to incorporate the Sapona Cotton Mills.

Mr. Hunter, Republican, rose to a question of personal privilege on a publication made by your correspondent, regarding the fact that he had reflected on the Confederate soldiers, and denied it emphatically saying it was unqualifiedly false. He said his remarks were made in regard to the State Guard, on a bill before the judiciary committee concerning the Guard.

(Mr. Peebles tells me that Mr. Hunter compared the State Guard to the Chinese, and said they would seek a bombproof at the very first approach of danger. Mr. Peebles defended the State Guard and referred to the bravery of the Confederate soldiers and the Revolutionary soldiers as showing the valor of North Carolinians. Mr. Hunter then denied that his remarks were a reflection on the State Guard. His remarks were regarded as intemperate and uncalled for.)

Bills passed allowing Fayetteville to establish a system of electric lighting and motive power; to incorporate the People's Fire Insurance Company of North Carolina; Senate amendments to the bill appropriating \$2,000 for furnishing the new building at the insane asylum here. The bill to incorporate Hamlet was tabled, but was afterwards taken from the table and passed.

Bills passed amending the charter of the Wilmington & Southern Railroad and the Stimpson Lumber Company, of Newbern; to incorporate Rennett, in Robeson county; to incorporate Torboro Collegiate Institute; to allow Madison county to levy a special tax; for the relief of Sheriff Grant, of Henderson county, and extending the term for the collection of taxes; to change the name of Royester's precinct, Granville county, to Bullock's precinct; to incorporate New Light Lodge of Masons, at Wilmington; to incorporate the Salisbury Loan and Trust Company; to amend the charter of the town of Albemarle; to amend the charter of Durham.

A resolution was adopted allowing the committees which visited the Castle Hayne farm \$2 for its expenses.

A bill was tabled regarding rates by railroad companies.

The bill to regulate charges on leaf tobacco by warehouses came up at noon as a special order. Mr. White, of Bladen, moved to postpone it and make it a special order for next Wednesday. Mr. Ray said it did not appear that a public bill could be taken up on a private bill day. Mr. Phillips said the bill had been held back; why he did not know. He urged immediate action and said there was an attempt to block legislation on it. Mr. White said there was an attempt to block legislation on it. Mr. White said there was constitutional questions involved in this bill; that the Supreme Court of Illinois had divided on the same question. Mr. McKenzie criticized Mr. Phillips and denied the charge that there was any attempt to block or obstruct legislation. Finally Mr. White made a motion to make the bill a special order for noon next Monday and this was adopted.

Croup is a terror to young mothers. To post them concerning the first symptoms, and treatment is the object of the item. The first indication of croup is hoarseness. In a child who is subject to croup it may be taken as a sure sign of the approach of an attack. Following this hoarseness, is a peculiar rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse or even after the rough cough has appeared it will prevent the attack. It has never been known to fail. 25 and 50 cent bottles for sale by Dr. W. L. Crouse Druggist.

### The Story of a Wheat Grain.

We have received a compact treatise on the chief ration of civilized man—the staff of life. It is illustrated with numerous engravings from microscopic views of the wheat grain. The information has high scientific value, as well as instruction for the average person.

The author is the veteran editor, the Rev. John J. Lafferty, who is also one of the Board of Visitors of the Medical College of Virginia. He has amused himself for years in scientific investigations, and given years to the question of a "complete flour." Theory and experiment went hand in hand. He utilized his mill at Crozet to test each step in the progress to a perfect milling output from the wheat kernel.

He submitted the outcome of his experiments to scientists of distinction, who gave full appreciation of his achievement.

Like men of his class, when success was secured he began to lose interest in the subject, until there was a pressure upon him to manufacture the article. He has invented machinery, and it will be installed by the new year at Crozet. Physicians of eminence have given assurance of unlimited demand. One remarked that no intelligent doctor would permit any other flour among his clients. The booklet (which is for free distribution) gives the story of the scientific research with the enchantment of a romance of chivalry.—Richmond Dispatch.

### BILIOUSNESS

Who has not suffered this misery—caused by bile in the stomach which an inactive or sluggish liver failed to carry off.

THE PREVENTION AND CURE IS

liquid or powder, which gives quick action to the liver and carries off the bile by a mild movement of the bowels. It is no purgative or gripping medicine, but purely vegetable. Many people take pills—more take Simmons' Liver Regulator.

"I have been a victim to Biliousness for years, and after trying various remedies my only success was in the use of Simmons' Liver Regulator, which never failed to relieve me. I speak not of myself, alone, but my whole family.—J. M. Fitch, 268, Selma, Ala.

### The Disappointed.

ELLA WHEELER WILCOX.

There are songs enough for the hero  
Who dwells on the heights of fame;  
I sing for the disappointed,  
For those who missed their aim,  
I sing with a fearful cadence  
For one who stands in the dark,  
And knows that his last, best arrow  
Has bounded back from the mark.  
I sing for the breathless runner,  
The eager, anxious soul,  
Who falls with his strength exhausted  
Almost in sight of the goal;  
For the hearts that break in silence  
With a sorrow all unknown;  
For those who need companions,  
Yet walk their ways alone,  
There are songs enough for the lovers  
Who share love's tender pain;  
I sing for the one whose passion  
Is given and in pain.  
For those whose spirit comrades  
Have missed them on the way,  
I sing with a heart overflowing  
This moment strain to-day.  
And I know the solar system  
Must somewhere keep in space  
A prize for that spent runner  
Who has lost the race.  
For the Platonic would be imperfect  
Unless it had some sphere  
That paid for the toil and talent  
And love that are wasted here.

### A "Trust" Which is Popular

There is a great deal of indignation felt against trusts. The Sugar Trust, the Standard Oil Trust, the English Salt Trust, and other combinations of the kind, are vigorous, denounced, and it is a subject of controversy whether there are more trusts in England than America, and whether protection or free trade fosters them. But there is one form of trust against which no one has anything to say. That is the trust the public repose in. It is the Standard Oil Trust.
