It was our pleasure to meet, on Wednesday, Mr. R. H. Edm ands Editor, and founder of THE MANUFATURER'S RECORD, at Baltimore. He was in our town in company with five or six men from the New England States who are prospecting in the Piedmont section of our State with a view, probably, of establishing more manufacturies. The party seemed to be highly pleased with the surroundings in this locality. We will give in our next issue a more extended notice of this trip to our beautiful South land.

This will give him an oppoclanity to dispose of a number or minor matters which he could he hind time to get at as long as he am accessible to the personal cariers who are nearly always on hand at the White House.

## Hood's is Good Makes Pure Blood

Scrofula Thoroughly Eradicated "C. I. Hood & Co., Lowell, Mass.; "It is with pleasure that I give you the details of our little May's sickness and her return to health by the use of Hood's Sarsaparilla. She was taken down with

Fever and a Bad Cough. Following this a sore came on her right side between the two lower ribs. In a short time another broke on the left side. She would take spells of sore mouth and when we had succeed-ed in overcoming this she would suffer with at-tacks of high fever and expel bloody looking corruption. Her head was affected and matter sozed from her ears. After each attack she be-

came worse and all treatment falled to give her
relief until we began to use Hood's Sarsaparilla.
After she had taken one-half bottle we could see
that she was better. We continued until she
had taken three bottles. Now she looks like

The Bloom of Health and is fat as a pig. We feel grateful, and cannot say too much in favor of Hood's Sarsaparilla."
