The Many Kinds of Ills to which it is Subject and Some Remedies for Them.

Boll Shedding-This is a source of great loss to crops. It is caused by extremes of either dry or wet weather. The Department is at work investigating as to the cause. the effect, and damage of the disease to the cotton crop. When the investigation as to cause, effect, and treatment are announced by the U. S. Department of Agriculture it will be announced by the writer in these columns.

BLACK RUST. Black Rust-The United States Department of Agriculture is investigating this trouble. Mr. McCarthy of North Carolina Department of Agriculture, Raleigh, says: "Black-rust of cotten is becoming worse in the cotton field of North Carolina. The black-rust is a fungus disease. The fungus attacks the stem and leaves of the plant. The ammoniacal carbonate of copper is the best remedy to spray upon the intected plants. This is made by dissoling 0 ounces of the copper carbonate in 3 pints of ammonia ed on the plants by any of the garden sprayers in use. Anfor the black-rust.

SORE-SHINS OR ROOT-ROL

This is a disease which causes the young and tender plants to rot off at the surface of the soil, the plants either rot off partially or entirely. It is characterized by a reddish brown color which accompanies it. It is also characterized in that it usually manplant is endangered. From the of this disease the plant may, and travels. does recover. This disease is called by the farmers, "sore shibs." Why Do Corn Leaves Curl in Dry It is caused by a cut with the

> Deadly Grasp of Grip Prostrated Me.

Dr. Miles' Nervine Built Up My

Shattered Nerves and

Gave Me an Appetite. Of the millions of people, who today suffer from nervous or heart weakness, a large percentage trace the cause directly to deadly LaGstippe. It is a germ disease, and makes a direct attack upon the nerves, putting an extra strain upon them at the time their vitality is at the lowest eith. If LaGstippe has left you with a shattered nervous system, with loss of appetite, lack of energy, insomnia, frequent headaches and morbid tendencies, you should strengthen the weakened nerves with Dr. Miles' Nervine. It will undo all that grip has done, bring back appetite, rest and restore the nerves to their normal activity.

"I want to write this testimonial for the

and restore the nerves to their normal activity.

"I want to write this testimonial for the benefit of those who have suffered from that dreaded disease—LaGrippe—I suffered several weeks with it, and nothing I tried seemed to benefit me in any way, shape or form (I suffered almost death) and finally my daughter recommended Dr. Miles' Nervine to me and I can truthfully say from the first day I felt better than in weeks. It gave me reliet, built up my shattered nerves and gave me a splendid appetite. I cannot speak too highly of it and want to say, each and every one who has suffered from LaGrippe will find instant relief by getting a bottle of Dr. Miles' Nervine. Insus on having it and take no other. It is simply splendid. Hoping this will benefitsome poor sufferer I remain.

ASHCRAFT'S Eureka Liniment.

This Liniment will remove spavin, splint, line. We do all kinds of iron and ringbones, and all cartilaginous growths steel work. When it comes to when applied in the earlier stages of the disease. One of the most common lamenesses, however, among horses and mules is sprain of the back tendon, caused by overoading and hard driving. Ashcraft's Eureka Liniment is a never-failing remedy. The Liniment is also extensively used for chronic rheumatism, and stiff joints of all kinds.

For chronic scratches Ashcraft's Eureka Liniment is without an equal. Three or four applications will cure this disease in its worst form. Owing to the wonderful antiseptic qualities, the Eureka Liniment should be used in the treatment of all tumors and sores where proud flesh is present. It is both healing and cleansing, entirely destroying all parasites and putrefaction.
