# YOUR KIDNEYS ARE THEY WELL?

## Unless they are, good health is impossible.

Every drop of blood in the body passes through and is filtered by healthy kidneys every three minutes. Sound kidneys strain out the impurities from the blood, diseased kidneys do not, hence you are sick. FOLEY'S KIDNEY CURE makes the kidneys well so they will eliminate the poisons from the blood. It removes the cause of the many diseases resulting from disordered kidneys which have allowed your whole system to become poisoned.

Rheumatism, Bad Blood, Gout, Gravel, Dropsy, Inflammation of the Bladder, Diabetes and Bright's Disease, and many others, are all due to disordered Kidneys. A simple test for Kidney disease is to set aside your urine in a bottle or glass for twenty-four hours. If there is a sediment or a cloudy appearance, it indicates that your kidneys are diseased, and unless something is done they become more and more affected until Bright's Disease or Diabetes develope. or Diabetes develops

FOLEY'S KIDNEY CURE is the only preparation which will positively cure all forms of Kidney and Biadder troubles, and cure you permanently. It is a safe remedy and certain in results.

#### If You are a sufferer, take FOLET'S KIDNEY CURE at once. It will make you well.

#### Some Pronounced Incurable

Mr. G. A. Stillson, a merchant of Tampico, Ill., writes: "FOLEY'S KIDNEY CURE is meeting with wonderful success. It has cured some cases here that physicians pronounced incurable. I myself am able to testify to its merits. My face today is a living picture of health and FOLEY'S KIDNEY CURE has made it such."

Edward Huss, a well known business man of Salisbury, Mo., writes: "I wish to say for the benefit of others, that I was a sufferer from humbago and kidney trouble, and all the remedies I took gave me no relief. I began to take FOLEY'S KIDNEY CURE, and after the use of three bottles I am cured."

ed and juggled to packing. It all comes back to the same thing. Good flour mixed with poor will improve the quality of the blend, but like mixing white paint with black, it takes an awful lot of white to pro-duce any effect. Bad or cheap flour is lacking in gluten, the nutritious portion of the wheat, It also contains a large percentage of the pulverized husk or shell of the grain. All of which you don't want. Therefore, we caution you to ask for the "Invincible" brand. This brand is sold at the lowest price for which really firstclass flour can be sold, and its price is the highest you need to pay in order to get the best. Mr Newman, our local baker, says: "Invincible" is the I can get for baking."
