

Good Bits from Our Neighbor.

Marshville Home. A fine cow belonging to Mr. J. E. Marsh died of tick fever a few days ago.

There is one man in Union county who has never pressed himself before the public, and yet as a speaker and writer of ability he probably has no superior in the county.

The Monroe Journal tells how some fascinating articles on poultry in that paper was enjoyed by a minister of that town who, it is said, has decided to go into the poultry business.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning.

Fate of Wheat Corners.

So far as known to date, the only really successful corner in wheat (referred to in Scripps' "corners") was that by Joseph when he presided over the destinies of Egypt; but it will be recalled that he had more than human aid in estimating the size of forthcoming harvests.

FOR BOTH

One disease of thinness in children is scrofula; in adults, consumption. Both have poor blood; both need more fat. These diseases thrive on leanness.

SCOTT'S EMULSION

is the easiest and most effective form of cod liver oil. Here's a natural order of things that shows why Scott's Emulsion is of so much value in all cases of scrofula and consumption.

Send for free sample. SCOTT & BOWNE, Chemists 409-415 Pearl Street, New York

NERVOUS WOMEN.

Miss Francis M. Smith is Treasurer of the East Side Ladies' Aid Society. She is probably has no superior in the county. That man is Mr. W. C. Heath, superintendent of the Monroe Cotton Mill.

After one trial women inevitably praise Peruna. It is especially adapted to nervous conditions peculiar to their sex. A book entitled "Health and Beauty," written especially for women, sent free by Dr. Hartman.

The Sista.

J. C. McNeil in Charlotte Observer. I tell 'em to please. Bille a d'bonne et per. En set une table out under de trees. Et l'bonne le fut. With a piece of casin' bread En ingerin' de bonno lay down on de bed.

Mixed Orchards a Mistake.

John H., Calhoun, Tenn.: My experience in growing fruit has convinced me that it is a great mistake to plant a mixed orchard, especially of peaches and apples.

A second objection to a mixed orchard is the peach trees grow so much faster than the apple trees. When planted together they make it much more difficult to give the apple trees the proper care and cultivation, to say nothing of the injury caused by the shade.

What Made Him Prosperous. There was an old fashioned, honest, sensible man who lived and died in Union county, S. C. He was thrifty. He had plenty of stuff around him for man and beast.

Don't let the children suffer. If they are fretful, peevish and cross, give them Hollister's Rocky Mountain Tea. The best baby tonic known. Strength and health follow its use. 35 cents. English Drug Co.

Reminiscences of Upper Union.

We are now on the south side of our historic stream, at the John Davis rock ford. The first place of note is the Kerr place. Jennings R. Kerr once lived there. He lost a child by an untimely death. It was drowned in the branch near the house. Mr. Kerr left there and went to Charlotte and engaged in the hotel business and made a success of it.

Our next stop is the Sammie Walkup place. He raised a large family. He sent three sons and one grandson to the war. J. C., J. P. and S. H. Walkup were his sons, and Millen his grandson. S. H., or Harvey, was badly wounded at Gettysburg. Millen, his grandson, was captured at Camden, S. C., by Sherman, and paroled.

The battle field is a few hundred yards northeast of the old Walkup mill site, or Wabub as Mr. Wheeler calls it. It was then known as Capt. Wabub's plantation. The Tories were routed by Col. Davie's men, twenty killed and forty wounded. Capt. Wabub was there. He had only a moment to see his wife and children, and as he retreated toward Charlotte he saw his house in flames, set on fire by the Tories. Davie brought off in the sortie 98 horses and 120 stand of arms, and reached his camp the same evening after riding 60 miles in less than 24 hours, during which time he had fought and beaten a superior force.

A Good Thing.

Greenbush mothers and fathers will in future have another excuse for not going to church obediently by a new move on the part of Westminster Methodist church in the way of a Sunday nursery. The Record says: "Mothers can take their children to church and when the service is ready to begin, leave them in the nursery at the church in charge of competent persons who will care for them. A large room has been fitted up for them where they will not disturb the worshippers and where they can be amused. The first Sunday three children were sent and last Sunday there were six. If the increase is maintained they expect to have to enlarge quarters."

Chamberlain's Cough Remedy

The very best. "I have been using Chamberlain's Cough Remedy and I want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Hadan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by C. N. Simpson, Jr., and S. J. Welsh.

Practical Poultry Talks.

In my previous letters I have tried to help those who were interested in "better poultry and more of it" by giving timely suggestions on management and care of setting hens, care of young chicks, etc., and the subject is not near exhausted yet.

Caponizing is one branch of the poultry industry but little practiced or understood in the South, yet it is one branch which, if conducted upon proper lines, will return a handsome profit, as the supply has never been sufficient to meet the demand.

Capons should be marketed with head on, and leaving feathers on neck wings and tail. They are killed by inserting the sharp blade of a knife up through the roof of mouth to the brain, painless, and much quicker than wringing the neck or chopping off the head.

Why Suffer from Rheumatism?

Why suffer from rheumatism when an application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent.

People's Bank

OF MONROE, N. C. Solicits your account and banking business. We guarantee ABSOLUTE SECURITY, promptness and all the accommodations that SOUND banking will admit of. Interest paid, according to agreement, on deposits left for our stated period. Always ready for loans on approved paper. O. P. HEATH, President.

FRIDAY NIGHT, MAY 12th

Just What the Doctor Ordered "Is Marriage a Failure?"

LADIES FREE Thursday Night

Prices of Admission 25, 35 and 50c. Seats now on sale at Shute's store.

birds should be without food for twelve hours before, the feed after the operation should be soft mash for first few days; after that for about six weeks, they will tax the corn crib. They will sit around in the shade and eat like horses. This ravenous appetite will gradually wear off and they will eat no more than an ordinary chicken until fattening time.

Capons should not be put on the market under eleven or twelve months old; the season opens and best prices are obtained just after the Christmas holidays, or as our cousins across the duck pond would say, "during the London season."

Capons Always in Demand by Commission Men.

Capons should be marketed with head on, and leaving feathers on neck wings and tail. They are killed by inserting the sharp blade of a knife up through the roof of mouth to the brain, painless, and much quicker than wringing the neck or chopping off the head.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines but got no benefit until I began to use Electric Bitters. So wonderful was their effect that in three days I felt like a new man, and today am cured of all my troubles." Guaranteed at English Drug Co.'s; price 50c.

Came to Monroe before the War and Hasn't Seen a Town Since.

Dudley, May 5.—Miss Annie Funderburk has gone to Chesterfield to clerk for Mr. H. W. Pusser of that place. Mr. J. T. Funderburk has been quite sick, but is better.

Mr. F. A. Plyler has moved into his nice new dwelling. I will give you a sketch of the life of a unique character who lives in our community, Mrs. Margaret Thwait, a widow lady. She will be 78 years old if she lives until June 23rd, 1905, was born near old Zion, Chesterfield county, and now lives in a few miles of where she was raised. She never saw but one town in her life and that was Monroe before the railroad came there and has never been there since, and therefore has never seen a railroad.

Never saw a telephone, although there are many in her community; can see well enough to sew without glasses and can hear perfectly. The old lady's health is very poor now, though, and we fear she will never see any other city until she sees the "city of the living God." She is a Methodist and we believe her to be a Christian, judging from her life; but we wish for Mrs. Margaret better health and many more years ere she goes to the beautiful, painless home.

The Chesterfield Baptist Union met at Dudley church on Friday, April 28th, with Rev. F. W. Lanon of Chesterfield as moderator. We had a real good union, and good queries were ably discussed. Among the many good things that were said in the discussion of the duty of church members toward the whiskey traffic, one timid brother, not a man gifted in public speaking, Mr. W. T. Bivens of Chesterfield, made the best and biggest temperance speech we ever heard.

He said, in opening the discussion, "If the church members would stay out of and not patronize the barrooms and dispensaries they would have to close up." That was all he said, but it was enough. He meant all denominations, of course, and as little as we think there is a whole house full of truth in it. The union closed Sunday with a sermon on the development of christian character by Rev. F. H. Funderburk of Tradesville, S. C.

Four Questions.

Why do we always talk of putting on our coats and vests when we always put on our vest and then our coat? Why do we refer to the coverings on our feet as shoes and stockings when the stockings are first put on? Why do we invite people to wipe their feet when we mean their shoes? Why, in olden times, did a father tell his son he would warm his jacket when every one knew he meant his pantaloons?

A Good Suggestion.

Mr. C. B. Wainright of Lenoir City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as can be drunk. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by C. N. Simpson, Jr., and S. J. Welsh.

Good Health to the Children

Children especially are fond of dainties, and the housekeeper must look carefully to their food.

As good cake can be made only with good eggs, so also a cake that is healthful as well as dainty must be raised with a pure and perfect baking powder.

Royal Baking Powder is indispensable in the preparation of the highest quality of food. It imparts that peculiar lightness, sweetness and flavor noticed in the finest cake, biscuit, doughnuts, crusts, etc., and what is more important, renders the food wholesome and agreeable to young and old.

ROYAL BAKING POWDER CO., NEW YORK.

Trying to Redeem Itself.

A bill has been introduced in the Florida Senate by Senator Scott to repeal the law enacted four years ago, making incurable insanity legal ground for divorce. Under this law Henry M. Flagler secured a legal separation from his wife and married again, this time a North Carolina woman. A warm discussion followed the introduction of the bill. Senator Bailey declared that the law had brought disgrace on Florida.

Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long you feel that nothing but dynamite would cure it. Z. T. Gray of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake at night. Two physicians could not help her; so she took Dr. King's New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep and finally cured her." Strictly scientific cure for bronchitis and the grippe. At English Drug Co.'s, price 50c and \$1; guaranteed. Trial bottle free.

WINE OF CARDUI

Secure a \$1.00 bottle of Wine of Cardui and a 25c. package of Theif's Black-Draught today. 516 Wells Street, MARSHVILLE, WIS., Sept. 25, 1905. I was all run down from nervousness and overwork and had to resign my position and take a rest. I found that I was not gaining my strength and health as fast as I could wish, and as your Wine of Cardui was recommended as such a good medicine for the ills of our country, I bought a bottle and began using it. I was satisfied with the results from the use of the first bottle, and took three more and then found I was restored to good health and strength and able to take up my work with renewed vigor. I consider it a fine tonic and excellent for worn-out, nervous condition, and am pleased to endorse it. AGNES WESTLEY, Berry, North Wisconsin Bismarck Branch.
