Why the People Do Not Turn Out.

It is said to be a standing comment among the politicians of the State that a political speaker cannot get a respectable size audience in Union county.

We do not think there is any single cause why our United States senators, our congressmen, and other men of note in the State can come to the county and attract so little attention.

The next most important reason is that our people are interested in so many other things. More manual labor was never before being done in this section than now.

Probably another important cause contributing to the same effect, rests with the politicians themselves. The people are reading more than ever before; they get their mail daily and they take great quantities of papers for the most part, and they have telephones in their homes and nobody who knows anything about it can say that they don't use them.

THE MERCHANTS' ASSOCIATION.

The Merchants' Association of Union county is now thoroughly organized, their rating system completed, and the members are now in position to benefit themselves as well as the trading public through the effective work of this association.

Mr. I. F. Plyler of Buford has rented all his farms, including his residential farm and store house. His income from rents will amount to over two thousand dollars.

I am still fire maker of mornings, and I can tell you, it has been rather tough on me for the past week to bounce up out of bed and have to go to the woodpile before I can make a fire.

There is no one now to set beside La Taglioli, who was the queen of the stage. Balzac introduced her into his novels. Even Thackeray condescended to notice her and declared enthusiastically in "The Newcomes" that the "young men of the day will never see anything so graceful as Taglioli in 'La Sylphide'."

John Wesley and Deen Nash. In a book about Bath is set forth a story about John Wesley. Bona Nash had told Wesley that his preaching in the street was not only contrary to law, but it frightened people out of their wits.

Pointed Paragraphs. A sick man talks about everything except death. No man is big enough to laugh at a real worry.

Pointed Paragraphs. A boy thinks, "What a good time a man has." And a man thinks, "What a good time a boy has." And what a poor time both have!

Bill Arr of Buford is Mad.

"Necessity is the father of invention," is an old saying, and I believe it, for myself and several other lazy men have had to do our cotton sacks and walk into the cotton field.

Grady Honeycutt, a small son of Mr. J. C. Honeycutt, is right sick. We hope he will be up soon.

News About Wadsworthville.

Cotton picking and corn pulling is the order of the day now. Cotton was hurt but very little by the frost, as there is no late cotton in this section.

Was it Kirkland Gunn?

An old ex-Klux was in Yorkville this week and recited an interesting story as to the sudden disappearance of Kirkland L. Gunn while giving evidence in the famous Ku-Klux trials in Columbia years ago.

FOR SALE! About 225 Acres Very Very Fine Land. Needs the Money. Land lies well, five-room tenant house, good barn and outbuildings, well watered with fine spring as ever bubbled from the mountain side; about 25 acres open land, which pays in rent yearly from \$8 to \$10 per acre. About 100 acres natural forest, about 100 acres second growth, which will average at least 75 or 80 cords wood per acre. This land is very fertile and early black ground with red clay foundation. It will easily produce from twelve to fifteen hundred lbs. seed cotton per acre. About 15 acres bottom land that will produce from forty to fifty bushels corn per acre. It's the most good land and timber (both lumber and cypress wood timber) you want in a small place, here it is. Parties wishing, can obtain public road right through the place. One of our healthy locations as on the globe. Parties looking for an ideal all-round farm, for health, fine water, money making, near Monroe, (14 miles), with the most timber and most fertile land in one small body, look at this. It's necessary for it to be seen to be appreciated. This plantation is as cheap at ten thousand dollars as potatoes at thirty cents per bushel. The timber alone on the land will more than pay for the same and when in cultivation three or four years' rent will pay for the land the second time. Finest cotton, clover and small grain crop in the county and easiest cultivated. For particulars see John C. Sikes or G. M. Beasley, real estate dealers, Monroe, N. C.

The newly married will find it most convenient to have a checking account. A tab can easily be kept on the household expenses and every dollar spent will have a voucher to prove the payment and explain the expenditure. We invite accounts of private individuals as well as those of business firms and corporations. The People's Bank
