**Death of Mr. Dick Griffith.**  
Mr. Dick Griffith, son of Mr. John Griffith, died in Savannah, Ga., last Tuesday night of paralysis, of which malady he was attacked on the preceding Thursday. A particularly sad feature connected with the young man's death was the fact that his family here knew nothing of his condition till the day after his death, when a telegram came. Later a letter came which had been written prior to his death, announcing the illness. It is stated that telegrams were sent, but owing to incorrect address, went wrong.

The body reached Monroe on Thursday morning and was borne to the residence of Mrs. L. M. Blair. On Friday funeral services were held in the Methodist church by Mr. Hippias and Dr. Chreitzberg, and the body was buried here.

Richard Wiley Griffith was 26 years old. His untimely death was a great shock to his family and a large circle of friends. It was entirely unexpected, and on the very day he was stricken he had remarked that he felt much better than in years. He was in the habit of writing to his mother weekly, and the failure of the letter last week was the first intimation the family had that anything was wrong. The deceased was an honest, open-hearted, manly young fellow. In every particular he was trustworthy, honorable and brave. This is the universal testimony of his companions and others who he began work for the Baldwin Detective Agency and was stationed as watchman on the freight yards at Savannah. He was faithful and competent in his work and was soon promoted and was chief of the force there at the time of his death. His companions send word to his parents that he had the confidence and respect of all the other men, and indeed of all his acquaintances there. He was a member of the Methodist church since boyhood.

**Commissioners Levy Tax.**  
The county commissioners, W. G. Long, T. J. Gordon and J. C. Laney, have had two busy days this week, and are not yet through hard work. The dispenser and the treasurer were settled with, the tax levy laid, and a jury will be drawn at this meeting.

In the levying of the tax, the commissioners were up against a tough proposition. The law now compels them to levy 4 cents more than heretofore to run the schools of the county four months. Add to this, the Supreme Court has just said that the poll tax can under no circumstances be more than \$2 for all purposes. Last year the total poll tax in Monroe township was \$2.53, and in the other townships \$2.57. With this cut to \$2, there is a considerable loss. This loss, added to the new tax of 4 cents for schools, appeared to make it necessary to increase the rate on property. But the commissioners decided to retain the rate of last year, 92 2/3 cents per \$100 in Monroe township, and 85 2/3 in the other townships. They will endeavor to make good the difference by being economical as possible. So taxes, to the man who pays poll, will actually be a little less this year than last.

**Democratic Primary and Canvass.**  
At the meeting of the Democratic executive committee last Thursday, the date for the primary for county officers was set for August 15th.

Talking With The People.

It has been suggested that Monroe needs an auditorium. During the prohibition campaign there were several meetings that no building in town was large enough to hold. Dr. J. M. Belk, a citizen who is always ready to move in a good cause, is very enthusiastic about this idea and will co-operate with any movement toward the end suggested. He thinks that a large auditorium in a plain and simple building could be erected cheaply but durably and that it would be of great benefit to the town. All kinds of public meetings could be held in it from political conventions and fourth of July celebrations to religious meetings. For the latter purpose it would be fine. The various denominations often want to hold union meetings for which the churches are not large enough, and there are scores of times when the town wants to hold meetings of one kind or another for which no building is available. Besides this, such a building would help to bring gatherers here.

There are many things of one kind or another that we could have in Monroe if the people would merely take up the matter and talk it over. If the men folk were half as energetic as the women Monroe wouldn't know herself in five years.

Every business man or others who can, should begin by joining the Jackson Club, which is a business organization, and has led off finely in matters of public progress. With the whole town behind the club it would feel like going forward with renewed efforts.

**UNCLE HAMPTON McDOW.** A coal habit citizen of lower Jackson, blew into town yesterday to see his friend, Capt. Heath. They seemed powerful glad to meet and talk over the old days when they worked in the bottoms of Cane Creek together. Uncle Hamp is a fine old dandy. He was a body servant and therefore speaks good English. He went to the front with his young boss at the outbreak of the war, and carries two severe wounds on his person as a testimony to his faithfulness at the front. He is proud to remark that he ate, drank and starred with the soldiers for the four years. After the war Uncle Hamp located on Mr. A. W. Heath's land and has since been there. He announces that he is now seventy-six years old and if he lives to be a hundred and seventy-six he is going to stay right there. Uncle Hamp takes most delight in telling Capt. Heath that he is a mighty fine boy but that he needn't expect to ever come up with his Pa.

What They Will Receive in the Convention.

Union county is entitled to 8 votes in the Democratic State convention. This county used to have 16 votes, but as the vote in the convention is based on the vote cast for Governor in the general election, and as we have been taking little interest in general elections after the nominations were once made, our vote has been gradually dwindling.

Mr. Page for Congress, had no opposition and got all the vote in the primary last Tuesday. The vote was canvassed last Thursday by the county executive committee and it was found that the popular vote would give each candidate the following strength in the convention: Governor—Kitchin, 4,09; Craig, 2,22; Horn, 1,69.

Lieutenant Governor—L. B. Redwine, 8.

Secretary of State—Grimes, 8.

Auditor—Dixon, 6,24; Hackett, 1,76.

Treasurer—Lacey, 5; Ashe, 3.

Attorney General—Clements, 5,51; Wiborne, 2,59.

Superintendent of Public Instruction—Joynes, 8.

Commissioner of Agriculture—Moore, 6,36; MacIae, 80; Graham, 63; Parker, 14; Scott, 67.

Commissioner of Labor and Printing—Sherrill, 3,78; Shipman, 2,56; Wilson, 1,66.

Insurance Commissioner—Young, 8.

Corporation Commissioner—London, 4,14; Aycock, 3,26; Bagwell, 38; Middleton, 22.

Card from Mr. Hiram Bacon. Having been asked by a number of friends from different parts of the county to come out for county commissioner, I desire to say that if nominated and elected, I will try to serve and protect the best interests of the county as a whole without showing any special favors to any sections or to any individuals of the county. Respect,  
Hiram T. Bacon.

Card of Thanks. To the many friends who so thoughtfully and kindly remembered us, both by assistance and by proffer of help, in the great trouble caused by the death of our son last week, we desire to express our genuine gratitude. The many acts of kindness will always be remembered.  
MR. AND MRS. JOHN GRIFFIN.

Ladies to Give Governor Glenn a Testimonial.

The women of Monroe, desiring to express their appreciation of Governor Glenn's faithful and efficient service in the recent prohibition campaign, and especially of the protection which he promised to the women who went to the polls on election day, wish to present to him a testimonial of their gratitude and appreciation.

We want every woman in Union county who is interested in the cause of prohibition to have a part in this testimonial. Only a very small sum—ten cents—from each one will be necessary.

We earnestly ask that some woman in each town or township take this matter in hand, have all money for this purpose sent to her, and when all funds have been sent in, to send the same to Mr. R. R. Redwine as early as the 25th of this month.

We wish to purchase a silver service and present it to the Governor on July 4th in the name of the women of North Carolina. Mrs. H. F. Chreitzberg, Pres. Mrs. D. B. Snyder, Sec'y of Woman's Prohibition Society.

For the Legislature.

The State primary has been held and the prohibition contest is over. We are now to have two months' rest from politics, but in the meantime we should be looking around for two suitable persons to represent this county in the next General Assembly.

There is a logical person, he is competent and in every way qualified for this high position. He has served the party with fidelity for several years and has neither sought nor filled any office of any consequence. He will not enter into a scramble for this position, but we are reliably informed that if he is the choice of the Democrats of Union county, he will serve in that capacity. The gentleman to whom we refer is Mr. R. W. Lemmond. Let the people consider him. VOTERS.
