Ten Doctors

Said He Would Die

'In 1903 we wrote you regarding my husband, who was suffering from heart trouble. He was superanuated by the North Georgian Conference. Ten doctors at different times said he would die. You advised Dr. Miles' Heart Remedy and Restorative Nervine; we did as advised, and improvement was apparent from the very first. He recovered and the Conference in 1904 gave him a charge. He never felt better, although he has very heavy work and does a great deal of camp meeting work. I am so glad we took your advice and gave him the medicine, and feel that I ought to let you know of the wonder-ful good results from its use." MRS. T. S. EDWARDS,

Doing Big Business

We make it a point to handle the stock and vehicles that people want, and give prices that they can afford to pay, therefore our business has grown rapidly and is still growing every day.

LESS THAN A YEAR AGO,

or to be exact, January 5, 1909, we began business in Monroe, and the people have learned that we sell stock, buggies and wagons and harness for a small profit. At the outset we adopted the motto,

"Sell Cheap and Thereby Sell a Heap,"

and we have lived up to it so well that the people have learned where they can buy to best advantage. We sell out, go get more, sell quick, cut out feed bills, and give our customers the advantage.

EVERYBODY KNOWS THAT

it's cheaper to keep things moving, and no where can this be done better than in the livery business. When you buy from us you know you are getting the very best figure such good stock can be bought for anywhere else.

WE HAVE FOR SALE

any kind of snappy, up-to-date buggy or surry, harness, wagons, one or two horse, at smaller profit than anybody. Be on the spot this week and see them.
