The Naked Truth.

There is an ancient fable which tells us that on a summer afternoon Truth and Falsehood set out to bathe together. They found a crystal spring. They bathed in the cool, fresh water, and Falsehood, emerging first, clothed herself in the garments of Truth and went her way. But Truth, unwilling to put on the garb of Falsehood, departed naked. And to this day Falsehood wears Truth's fair white robes, so that many persons mistake her for Truth's very self, but poor Truth still goes naked.

first, because it is a necessity—that is the rule in magazine buying of America's intellectual aristocracy. It is indispensable to the busy business man, who must keep abreast of the times, because it gives him the real news of the day in concise, readable form; it is invaluable to the thinking man, who demands only the truth and then draws his own conclusions, because it gives him just plain, straight facts.

It is helpful to the whole family. In it you will find a monthly picture of men and affairs by Dr. Albert Shaw, in his comprehensive editorial, "Progress of the World;" a clever cartoon history of the month; book reviews; the gist of the best which has appeared in the other magazines and newspapers of the world; pithy character sketches; and interesting articles on the all-important topics of the day. Authoritative, non-partisan, timely and very much to the point, "it's a liberal education," is the way subscribers express it.
