

Where Does Your Shoe Pinch?

Feet that ache are ill treated. No foot ever complained that was not pinched or rubbed or bound by stiff leather. If your feet are tender or sensitive, if you are on your feet continuously, don't force them into stiff, unyielding shoes.

Congressman Kitchin Says that Democrats Will Lop Off Useless Expenditures.

Washington Correspondence of Raleigh News and Observer.

"While the Democratic House was elected in the belief that there would be an honest revision of the tariff, there were other influences that prompted the voters to deprive the Republican party of power," observed Representative Claude Kitchin of North Carolina today.

"The reckless extravagance of the Republican party, which has been increasing yearly, was not overlooked by the intelligent voter," continued the North Carolina Congressman, "and I for one shall urge economy and retrenchment at every turn in the Sixty-second Congress. As soon as the Democratic caucus meets I shall introduce a resolution providing for the appointment of a committee to weed out the useless offices around the House of Representatives. Year after year the Republicans have put employees on the pay-roll, and now they are so numerous that Congressmen can hardly make their way around the Capitol building without stepping upon their heels. By abolishing these useless positions, I am satisfied we could effect an annual saving of \$200,000. The new Democratic House must show the nation that it did not seek power for the sake of patronage. How better could we emphasize the demand for economical government than by striking down the extravagance and graft at our beck and call?"

"The truth is the Democrats in the next House should follow the example of the late Samuel J. Tilden and give the people an economical government. Fifteen years in undisputed lease of power has made the Republican party reckless, extravagant and defiant to all pleas for economy. Expenses have piled up year after year with little justification. We ought to investigate every department, and see how things have been going. Graft and extravagance must be exposed. Such investigations will better enable us to put into effect economy in the government service.

"Senator Aldrich was very nearly right when he declared that if the government should be run on honest methods a saving of \$300,000,000 in government expenditures could be effected each year. The Democratic House must proceed on the theory that the Republican leader was right when he made that indictment of extravagance against his party. Pork barrel Congressmen must be made to stop, press agents in the departments turned out upon the world, and economy practiced at every turn."

To Be Hanged for Killing His Wife.
Greenville, S. C., Dispatch, 3rd.

Before the opening of common pleas court yesterday for a two weeks' term, John Cuffie, convicted in the spring of wife murder, was sentenced to hang on January 5. The case of Cuffie is a most unusual one. Going home at night he found his wife in company with a white man, Jess Fuller, with whom she said she was going to elope. Cuffie left home, got a gun, came back, and the man and his wife were gone. He followed them into the country where he learned they had gone: soon seeing them ahead in the road he opened fire with the gun, and the woman fell dead. The man was not injured. Cuffie sat beside the body till morning and at daylight came in and notified the officers that he had killed the woman, giving himself into custody, at the same time claiming that he had aimed at Fuller and had killed his wife. Fuller tried to establish an alibi and partly succeeded. Cuffie was tried, and entered the plea that he killed his wife thinking he had his gun drawn on Fuller. He was convicted, the case appealed to the Supreme court, but a new trial refused.

Wilmington - Charlotte Road Established.

The location of the Charlotte-to-Wilmington Highway, otherwise known as the "Dockery Road," has been definitely decided upon. At a meeting of executive committee of the association in Maxton last Tuesday, the route was located from Wilmington by way of Chadbourn, Boardman, Lumberton, Laurinburg, Rockingham, Wadesboro and Monroe to Charlotte. There is one condition, however, and that is that Wall's Ferry, on the Pee Dee river, shall be put into more satisfactory condition. Otherwise the route will go by Cheraw, S. C.
