### Two Kidneys and Their Boss.

Dr. J. N. Hurty, secretary Indiana State Board of Health, says:

One time two Kidneys which had been working like dray horses for years, suddenly slowed up. Kidney No. 1 said:

"I just can't absorb the enormous quantities of salt and saltpeter the blood is loaded with nowadays; and I notice, too, you are growing weak."

"Yes," said No. 2, "the man we are working for is a regular glutton on ham and bacon, and since Dr. Wiley forbade borax as a meat preservative, the salt and saltpeter have been increased, and that's what makes us so tired. Yesterday the saltpeter was so strong it tore one of my tubules, and it bled terribly. The boss was awfully scared and went to see a doctor. The doctor never said a word about letting up on the ham with its embalming chemicals, but gave a prescription which I heard the old man say costs 35 cents. It was acetate of potash and an infusion of digitalis, and when it struck me I trembled like a leaf."

"I, too, felt the blow of that infernal stuff when it came along," said No. 1. "I already had a good jag of salt and saltpeter, and was trying my best to pass them on when the acetate and digitalis hit me. I grew dizzy, and just to let a little light into the boss's mind, I sent a pain impulse to his brain."

"So did I," said No. 2. "Didn't help much, though, because he sent down a dose of morphine to quiet the pain. When the blood brought the cussed stuff, I could see the white corpuscles were staggering and were very weak like. One of them said, 'I feel like I had been hit with a club. I couldn't whip a sick typhoid germ if one came along, and if it were a husky one, good-bye me!'"

"Good-bye for the boss, too," said Kidney No. 1.

The two poor overtaxed kidneys again conscientiously took up their functions, but it was no use; they just could not catch up. The blood now began to kick. "I have carried this load of salt and saltpeter around the course three times now, and a new lot came into the stomach about ten minutes ago, and also a lot of catsup with vinegar and spices. If you don't take this old charge from me, as is your duty, I can't relieve the stomach."

"Let the stomach go hang," said the kidneys. "If it hasn't sense enough to puke the cussed stuff out, let it suffer."

"What can it do?" said the blood. "The cresote which got into the ham when it was smoked has paralyzed the poor thing."

So the kidneys said: "Well, just send a joint wire up to headquarters and see if the old fool boss won't let up a bit with his gourmandizing."

So they sent the wire and threw a fit. The boss, sick as a dog, had to go to bed, and again sent for the doctor.

"I have an awful pain in my kidneys," said the boss.

"My kidney pills will cure it," said the doctor; and he administered the pills.

When they dropped into the stomach the old tired thing said: "Heavens and earth! What is this?" Nevertheless, it bent to the job, and when the hard sugar coating was dissolved and the buchu, juniper oil, and more saltpeter dropped out, it called down the tube to the kidneys what was coming. The poor things groaned and said, "How long, O Lord, how long?" Before the stuff in the first dose of pills reached the kidneys, another dose dropped into the stomach. "Here comes

some more!" yelled the stomach down the tube, and the dizzy, staggering kidneys agreed they had reached the end of their string and Bright's disease was inevitable. They just couldn't help it, and the trouble began.

Gradually the boss wasted away in great pain, and died. He never did know why his kidneys gave out and he had Bright's disease.

Moral: Eat constipating, irritant spices; eat embalmed meat; eat inordinately of salt; eat, eat, eat, for pleasure; but don't be cranky and eat to live in strength and happiness.

Chips off the old block are very often splinters.

When you put your foot in it, don't kick.

Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its

weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

The strong man has a strong stomach. Take the above recommended "Discovery," and you may have a strong stomach and a strong body.

Given Away.—Dr. Pierce's Common Sense Medical Adviser, new revised Edition, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

## SPORTING GOODS

"All work and no play makes Jack a dull boy."

People realize more and more every year that all work is not good for anybody.

The proper recreation is like oiling a machine. It keeps you from wearing out, makes you do better work.

If you work from the neck up, that is, do brain work, you need to keep your body in good condition, or sooner or later you will suffer from it. If you work from the neck down, you will do better work and enjoy it more.

Every man and every boy should be interested in some clean, healthy sport, not only for the pleasure derived, but it makes you self-reliant and life worth living. Whatever your favorite recreation, you will find the proper equipment at our store, and this means a doubling of your enjoyment and the benefits you receive.

# Think This Over

A little over two years ago the firm of Fowler & Lee began business on a comparatively small scale. Now, without any intention of boasting, we can safely say that we lead all stock dealers in the county. What is the reason for this stupendous growth? To those who have had dealings with us, the answer is easy. In every trade it is always our steadfast purpose to give our patrons satisfaction. Quick sales and short profits sounds a little too hackneyed, say rather, short profits and a satisfied patronage. Remember that we still have a supply of good horses, brood mares, and mules that we will trade or sell right.

BUGGIES GALORE. Almost every day we receive fresh shipments of Columbus, Parker and Chase City buggies. We sell these buggies at a minimum profit, so it will pay all prospective buyers to look at them.

SUMMER SUGGESTIONS. Warm weather has at last arrived. The time for moonlight picnics, June weddings, etc., will soon be here. John C. Maynor has relinquished his job as hotel clerk, nut totter, and the like, and is ready any time to fix you up with a nice livery turnout. We also cater to the transient public and we are well prepared to give them satisfaction.

Free accommodations at our htrn to all people from the country.

## JUST Rheumacide

Rheumatism and Blood Diseases

The cause of rheumatism is excess uric acid in the blood. To cure rheumatism this acid must be expelled from the system. Rheumatism is an internal disease and requires an internal remedy. Rubbing with oils and liniments may ease the pain, but they will no more cure rheumatism than paint will change the fiber of rotten wood.

Cures Rheumatism To Stay Cured. Science has discovered a perfect and complete cure called Rheumacide. Tested in hundreds of cases, it has effected marvelous cures. Rheumacide removes the cause, gets at the joints from the inside, sweeps the poisons out of the system, tones up the stomach, regulates the bowels and kidneys. Sold by druggists at 25c and 50c in the tablet form at 25c and 50c, by mail. Booklet free. Bobbitt Chemical Co., Baltimore, Md. Gets At The Joints From The Inside.
