

Deafness Cured

When Caused by Catarrh.

If you have ringing noises in your ears, catarrh germs are making their way from the nose to the ears through the tubes.

Many cases of deafness caused by catarrh have been cured by breathing HYOMEL. It reaches the inflamed membrane, heals the soreness and banishes catarrh, which is the cause of most deafness.

F. C. Vanaman, railroad conductor of Binghamton, N. Y., writes that he was cured of deafness after specialists had failed.

HYOMEL (pronounce it High-ome) is guaranteed to cure catarrh, coughs, colds, asthma, croup, and sore throat, or money back. Complete outfit with Inhaler \$1.00. Extra bottles 50 cents. Sold by English Drug Co., the enterprising pharmacists, and druggists everywhere.

Escapes an Awful Fate.

A thousand tongues could not express the gratitude of Mrs. J. E. Cox of Joliet, Ill., for her wonderful deliverance from an awful fate. "Typhoid pneumonia had left me with a dreadful cough," she writes. "Some times I had such dreadful coughing spells I thought I would die. I could get no help from doctor's treatment or other medicines till I used Dr. King's New Discovery. But I owe my life to this wonderful remedy for I scarcely cough at all now." Quick and safe, it is the most reliable of all throat and lung medicines. Every bottle guaranteed, 50c. and \$1.00. Trial bottles free at English Drug Company's.

WHENCE COMES OUR STRENGTH

No Nation Was Ever Renewed From the Top—Democracy a Matter of Sympathy and Insight.

(Woodrow Wilson.)

What fills me with confidence in the future is that the world is not waiting upon the stupidity of politics. The world has an awkward way of taking things into its own hands. The life of the people must in the long run express itself in this country in the politics, and it does not now express itself in this country in the politics we have been accustomed to in the last decade.

There are two or three theories of government in this country. Do not deceive yourself by supposing all the people believe in democratic government, because they do not. You have only to listen to the utterances of very distinguished Republican speakers to see that do not believe and do not pretend to believe in representative government. They will tell you that they do not believe the judgment of the people can be trusted. And are you going to take counsel from these gentlemen as to preservation of our representative institutions when they don't want them to represent the great body of the people?

I don't know whether I was born so, or learned so, or what happened to me, but I know this, that the deepest conviction I have, arising out of observation and experience, is this, that I would rather take the judgment of the rank and file than the judgment of the men who have become absorbed and successful leaders in great undertakings.

And I want to ask these gentlemen this query: What sustains business in the United States? What is it that makes the United States prosperous? Is it that we have great captains of industry? What would they do without the cunning and skill, the muscle and the indomitable aspiring hope of the American people? If these people were to find hope dying out of their hearts, they would become dumb driven beasts, and your enterprises would fall for lack of the very breath that sustains them.

If only those who are chosen at the top have the right of way in what is going to happen to America. Did you ever hear of a nation that was renewed from the top? Did you ever hear of a nation that was not made virile, that did not account for youth by renewal from the bottom? Did you ever hear of a tree that drew its sap from its flowers? Does it not draw it from the dark and silent places of the soil? Does not a nation draw its power of renewal and enterprise and all its future from the ranks of the great body of unnamed men?

If you are going to discourage these men; if you are going to put the chill of fear in their hearts, then American captains of industry can whistle for their future; and they will whistle in a wilderness.

I am the friend of American business because I know where its foundations are laid and where they are weak.

These foundations are solid only when laid in the confidence of the common people.

A Democrat? Why, a man does not understand history who isn't a Democrat. A man doesn't understand enterprise who isn't a Democrat. And let me say this: Democracy is not merely a matter of programs; it is a matter of sympathy and insight. It depends upon whether your heart is in connection with the great heart of the people. It does not depend upon whether you can cunningly devise a platform that looks firm and good. You can build a flimsy platform and stand on it successfully, provided its basis is in the right kind of spirit.

It is a matter of seeing — not from your eyes out, but from the eyes of other men in. Getting the vision that is in the back of the other man's head is the thing; getting the hope that is the universal hope; getting that impulse that is the common human impulse, forward. This world has been swept by wave after wave of democratic impulse.

Sight Restored.

Page and Journal.

Mr. S. J. Outen, who lives out on route one, was in town Wednesday able to see his way, and almost jubilant over the restoration of his sight. He has been blind for five years and partially blind for ten years. His eyes were operated on in February of this year by Dr. Wakefield of Charlotte. The operation was performed in Monroe, all expenses of which were paid by Mr. J. W. Laney of this place. Mr. Outen's sight is now sufficiently clear to enable him to distinguish objects at a distance, and he has already plowed some. He is very grateful to Mr. Laney and other friends for their kindness.

Mr. John Hough, of Magnolia, Mississippi, was here yesterday. He was raised in this county near the Plains, but has been away 29 years. He is a licensed pharmacist, and has been in the drug and jewelry business in Mississippi, but has sold his business there to come back to his native state. His family is now at Rock Hill, where they will remain until he locates somewhere. We should be glad to have him decide to remain with us.

A Princely Gift to the Orphanage.

Biblical Recorder. All admirers of genuine philanthropy and every friend of the fatherless will rejoice in the magnificent gift of property worth \$100,000 which has just been made to our Orphanage at Thomasville.

The property consists of a splendid Lenoir County farm of about twelve hundred acres with all of its equipment. It is located in the rich Neuse river valley, has a frontage of about one mile on the river, and its soil is in a high state of cultivation and is unsurpassed in fertility. It is on the Central Highway, seven miles from Kinston, and is two miles south of Falling Creek, the nearest railroad station. The buildings on the place are worth about \$30,000, and there is not a shoddy structure among them; a good modern gin, large dairy barns, cattle of the finest breeds and as good mules as are to be found in this country. The residence stands in a beautiful grove of cedars whence the name of "Cedar Dell" which it has borne for a long time. After visiting it many times during the past twelve years, Dr. B. W. Spillman says it is the most beautiful country place his eyes have ever beheld. And Mr. Noah Biggs who recently visited it for the first time says it is the best farm he ever saw, and if he lived there he would really hesitate about going to heaven.

The donors of this magnificent plantation are Mr. and Mrs. W. L. Kennedy whom the Lord has prospered as He has few people. Without solicitation from any quarter, and of their own free will, these two generous hearts are laying this princely gift upon the altar of Him who is father of the fatherless. And it is in keeping with what they have been and done during their useful lives; for they have always been kind and charitable, often lending the hand of help to the needy and never failing to respond to the cry of distress. Though neither has ever united with any church, they have all the while been in sympathy with the Baptists. Mrs. Kennedy's father, the revered and honored Deacon Pinckney Hardee, was for many years a strong pillar in the Baptist church in Kinston; and the magnificent south window of the church, one of the most beautiful windows in the United States, was presented by Mrs. Kennedy in memory of her father and sister. And now in this great charity involving their entire estate, Mr. and Mrs. Kennedy, who have no children, so invest their lives and labors that throughout future years a multitude of children will arise and call them blessed.

The condition of the gift is that a branch of the Orphanage be established on the place. This the Trustees in called session at Thomasville on Friday, April 26, agreed to do, Mr. N. J. Rouse, being present to consummate the arrangement. By unanimous rising vote the Trustees in their acceptance thanked Mr. and Mrs. Kennedy for their timely and valuable gift, and our whole denomination will join them in grateful recognition of this noble generosity. While they reserve a life estate for themselves after which the entire property vests absolutely in the Orphanage, they desire, as Mr. Rouse says in the Kinston Free Press of last Saturday, "to see the property speedily used for the purposes intended and a proposition was made to the Trustees yesterday and accepted by them, subject to their ability to provide for the same, by which buildings may be erected at once upon the estate and, practically the entire land estate, except the residence and forty or fifty acres surrounding it, may pass into the hands of the trustees not later than January 1, 1913."

He further adds that Mr. and Mrs. Kennedy contemplate living at "Cedar Dell" and are happy in the hope that during the remaining years that shall be theirs, it may be their pleasure to see growing up around them the beginning and preparation of Lenoir county section of the Thomasville Orphanage under the name of the "Kennedy Memorial Home," which may for all time contribute to the necessities, comforts and the proper rearing of those from whom in their young childhood has been taken parental affection and oversight.

Many housewives are reporting to us that they find EAGLE THISTLE SODA of great Assistance in their efforts to reduce the present high cost of living. These ladies say that this famous product comes in larger packages than other brands, that they use one fourth less for cooking purposes and that it is useful in dozens of money saving ways.

Helps a Judge in Bad Fix.
