Every Woman Should have a Bank Account !!!

NOT JUST TO HAVE ONE, NOR MERELY FOR THE PURPOSE OF SAYING SHE HAS ONE, BUT FOR THE SAME REASON EXACTLY AS A MAN HAS A BANK ACCOUNT—AND THE ADDED REASON THAT IT'S THE BEST POSSIBLE WAY TO TEACH HER TO BE CAREFUL AND CONSERVATIVE.

EVERY WOMAN TAKES PRIDE IN THE BELIEF THAT SHE CAN TAKE AS GOOD OR BETTER CARE OF MONEY THAN HER HUSBAND, AND SHE WILL BE A DISTINCT ASSET IF SHE HAS A BANK ACCOUNT TO HELP FOSTER THAT BELIEF.

THIS BANK ESPECIALLY INVITES THE ACCOUNTS OF FRUGAL AND CAREFUL WIVES AND MOTHERS, AND WILL WELCOME AND GIVE EARNEST AND INDIVIDUAL ATTENTION TO SUCH ACCOUNTS.

Corn Meal AND Graham Flour

Our mill is now turning out some good home-ground meal from the best corn the market affords. It is whole ground; made from bone-dry corn, which makes it perfectly safe to handle.

We are also supplying our customers with Graham flour. Doctors recommend this as a hearty, and flesh-building food. It is fine. We have on hand a supply of wheat-brand for food purposes.

Interesting Notes—Political and Otherwise.

Lee Robinson, who took his seat in congress the fourth of March as the representative from this district, has made a good start in serving the common people. It has always been the case heretofore that the common people; those who served in the ranks; always got the worst end of war. Not only did they give their lives for the cause, but they bore the brunt of the war taxation. Congressman Robinson now comes to the aid of this class of people; he would at least have the pay of the soldier raised from \$15 a month to \$40 a month. He proposes to introduce a bill to this effect, and he would also reduce the pay of the commissioned officer about 15 per cent.

The lowest salary paid a commissioned officer in the army—second lieutenant—is \$1,700 a year. The allowances for heat, light and horse, feed, amounts to a great deal for the officer who gets the pay of a captain. In these times when the very heart of the nation is being taxed to the last penny in order to pay the war expense, and when the President of the United States is urging the people to economize, Mr. Robinson thinks it would not be a bad idea to let charity begin at home and help the enlisted men and at the same time leave a plenty for the commissioned officer.

That Robinson's plan will meet with popular favor among many members of the house goes without saying. He may not get his amendment through at this time, but he will have started a movement that will some day bear fruit and one that will appeal to the average man who must go to war on a salary so small that it would not enable his family to buy milk for a pair of babies, should he live anywhere around the national capital.

The *Koelnische Volks Zeitung*, a German paper, abusing President Wilson in the style now popular in Germany—and after a style not uncommon in the United States at times, says:

"We are entitled to a thumping war indemnity and we do not care who pays it. Those states which have sacrificed immense sums will be unable to pay for it. Therefore, America, which has earned thousands of millions through munitions and supplies, will have to unbuckle its pockets."

Mr. Oscar Blair has sentenced the Kaiser, but let the Statesville Landmark deal with the latest preposterous proposal on the part of Germany. That paper said: "All of us see the United States paying Germany an indemnity. When the time comes—as it won't—when Germany can demand an indemnity from us there won't be anything left in the country to pay it with."

SPRING COLDS ARE DANGEROUS

Sudden changes of temperature and underwear bring spring colds with stuffed up head, sore throat and general cold symptoms. A dose of Dr. King's New Discovery is sure relief. This happy combination of antiseptic balsams clears the head, soothes the irritated membranes and what might have been a lingering cold is broken up. Don't stop treatment when relief is first felt, as a half cured cold is dangerous. Take Dr. King's New Discovery till your cold is gone.

Only Two Privates.

Capt. Frank Brown of Salisbury, veteran of the War Between the States, wrote Senator Overman and offered his services to the country as a private soldier. Replying to the letter Senator Overman writes that Captain Brown and Colonel Bryan are the only two offering for service as a private, adding that "you and Mr. Bryan will have a happy time being commanded by about 4,000 officers."

THE PNEUMONIA SEASON
The cold, damp weather of March seems to be the most favorable for the pneumonia germ. Now is the time to be careful. Pneumonia often results from cold. The quicker a cold is gotten rid of the less the danger. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. As to the value of this preparation, ask any one who has used it.

It's you for the other side of the street when you see a man approaching who never fails to inform you that the world is daily growing worse.
