Putting new blood on the yard every year. Eggs, per setting of 15, \$1.50.—Mrs. J. C. Gordon, Waxhaw, N. C.

W. O. W. Receipt Books at The Journal Office.

### Big Meeting Still Going on.

Correspondence of The Journal.

Wingate, March 18.—The revival meeting at the Baptist church is still in progress. Rev. John A. Wray is doing some fine preaching. Large crowds are attending, and much interest is being manifested. The rain yesterday demoralized things a little, but the crowds were good in spite of the rain. Several professions were made last night and the interest is such that many are expected today. The meeting is very quiet. There has been no real outburst, but the spirit of the meeting has been real fine. We think that people too often size up a meeting by the noise the preacher and people make. They lose sight of the great fact in religion, that is, that it is the doing and not the professions that counts. Too many people have "big meetings" religion. They can talk and pray, do almost anything during the meeting, but when something is to be done that takes some effort they are not there. Some people do not attend church from one meeting to another. We trust that this meeting at Meadow Branch may produce permanent results. We believe that it will. We are not sure as to how long it will continue, but rather think that we will close tomorrow evening.

Bruce and William Snyder have been home for a few days' visit. They each have a job at Badin.

Work is being pushed on Rev. E. C. Snyder's residence. When completed, it will be one of the prettiest residences in our little town.

Dr. Greene and wife of Monroe have been doing some very fine singing in the meeting now in progress at the Baptist church.

People are beginning to plow for their spring crops. More oats have been sowed than we have ever seen at this time of the year. Many have sowed large fields of them.

Mr. W. P. Griffin has purchased the M. S. Humphrey place in front of the school building. We are not sure as to what Mr. Humphrey is going to do. He has a fine farm in Robeson county. Possibly he is going to move back to it.

Mrs. Zeb Secrest of Bakers visited relatives and friends in this section last week and attended the meeting.

Mr. Fred Helms and family of Monroe visited Mr. K. C. Bivens Saturday and Sunday.

Mr. M. W. Griffin has been unwell for the past few days. He has not been able to attend service at the church but one day. He is such a faithful hand we miss him when he is not there.

Mr. Rufus Williams has a new car. Of course it is a Ford. Nearly all of us have Fords.

Mr. Vann Griffin is still improving, we are glad to note.

Mrs. I. S. Funderburk, who has been very sick for the past six or seven weeks, is considered out of danger now unless some complication sets in that is not evident at this time.

There will be services at Austin's Grove Saturday before the fifth Sunday and the fifth Sunday afternoon. The congregation will please take notice. We want to have service because the winter has been so bad we

could not fill all of our appointments.

Rev. M. D. L. Preslar and Rev. R. M. Haigler held a short meeting at Union church last week. It was an interesting one indeed, and had it not been for some epidemic in that section it would have resulted in many additions to the church. Much interest was manifested as it was and one was added by baptism, possibly some by letter and restoration.

Mrs. Ada Gathings is still improving. Mr. L. Medlin is proving to be the best doctor for pellagra in this case. He cured himself, and is now trying to get all the others suffering from this dreadful disease to follow the thing he has tried out. Mrs. Gathings is getting on as nicely as one possibly can to have been so low as she was.

Many people are still having electric lights put in. Rock Rest is about supplied, and other sections have taken them about as extensively as that one.

Bob Belk is making as fine grits and meal as you can buy, and since he has gone into this business, people are coming here from many sections to get his meal. He knows how to grind it sure.

### Americans From Germany.

Due to a better system of food distribution, and more rigid control of food supplies by means of ration cards, the last winter in Germany was not so severe on the poor people as was the previous winter, according to Miss Elizabeth McCann, an American, who, with her three sisters, has arrived in America on a Danish steamship. They left Germany last December, she said, after residing in that country for 14 years.

"The people are hoping for peace to come soon," Miss McCann said. "I do not believe there will be an uprising of any consequence as long as the war lasts, for the Germans apparently have every confidence they will win. We made our home in Hamburg and we were practically interned from the day that America entered the war."

"The German people know America has joined the other nations against them, but they seem to believe what they have been told—that enough American soldiers to help the allies to any extent will not be able to cross the Atlantic."

Two other Americans on the ship who left Germany the same month were Mr. and Mrs. Fred Rente of Detroit. Mr. Rente, who was representative at Schoneberg, a town near Madgeburg, for an American manufacturing company, said that food was scarce and costly rationed, but that there was plenty for those who had the money to pay for it.

### To Cure a Cold in One Day.

Take Laxative Bromo Quinine. It stops Cough and Headache and works off the cold. Druggists refund money if it fails to cure. E. W. Grove's signature on each box. 30c.

### The Quinine That Does Not Affect the Head

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE. 30c.

## Bracing as a North Wind

At the end of a hard day, just sit down to a cup of Luzianne Coffee. See how you pick up with every savory sip. Luzianne is far, far different from any other coffee. It's got something that all the others seem to lack. And it's packed in dust-proof, moisture-proof cans that bring Luzianne to your kitchen just the same as when it left the roaster. Buy a can and try it for yourself. An iron-clad, air-tight guarantee says that if you are not entirely satisfied with Luzianne, your grocer will give you back your money. And he will.

## LUZIANNE coffee

"When It Pours, It Reigns"

## Kimball Pianos

are now in the homes of over three hundred thousand satisfied customers. The world's greatest artists use the Kimball. The most durable piano in the world today. They can be purchased from J. T. Hollaway Piano Co. at factory prices. As we work no agents we can save you from fifty to one hundred dollars on same grade piano. We do not pay tuners and music teachers, or any one else, to tell you we sell you a good piano. We tell you that ourselves. Beware of the company that will send a music teacher to tell you the piano is first class. Do not take chances on a piano you have to ask about. Get a Kimball and be pleased for life.

J. T. HOLLAWAY PIANO CO.

### Weak But Sound.

(From Charity and Children.) The Charlotte Observer, in its haste, said that Captin David Fallon occupied the Baptist church at Thomasville, and the editor of this paper did not like it and cautioned the Baptists against the indiscriminate use of their churches. Captain Fallon did not speak in the Baptist church of Thomasville and never will while his theme is war, for we have a pastor who is not a war lord, but a sane, safe and sensible minister of the gospel. The address referred to was delivered in the Methodist church of High Point. After administering a gentle rebuke the Observer neutralizes all it said before in these words: "At the same time, it is to be admitted that profanity in the church more than any other place, is calculated to grate on the nerves." That is weak but sound.

# Certain-teeed

## Roofing - Paints - Varnishes

Certain-teeed means certainty of quality and guaranteed satisfaction—

the first and last object of careful buyers. Both quality and satisfaction are guaranteed by a business which has gained world leadership because of its ability to manufacture and distribute the highest quality products at fair prices.

### Certain-teeed Roofing & Shingles

Certain-teeed is a conservation product. It is made from rags and asphalt, skillfully converted into roofing that is impervious to the elements.

Certain-teeed is the most efficient type of roof for all kinds of buildings, from the modern skyscraper to the farm barn. It is light weight, weatherproof, clean, sanitary, fire-retardant. Certain-teeed is not affected by fumes or gases, and cannot rust or corrode. Its first cost is moderate, laying cost low, and upkeep practically nothing. Certain-teeed is guaranteed 5, 10 or 15 years, according to thickness.

### Certain-teeed Paints & Varnishes

Made from the best quality materials, mixed by modern machinery in scientifically correct proportions to produce the highest quality paint.

Certain-teeed Paints and Varnishes are sold at cost plus a small profit. Each color is priced according to its cost. Paint makers usually charge the same for all colors, basing their prices on the cost of making the expensive colors. The Certain-teeed policy puts each color on the right basis. Therefore most Certain-teeed Paints cost you less than competing paints of anything like the same high quality.
