

The Bank of Union

Capital \$50,000.00 Surplus \$90,000.00

This Bank has had since its organization, and will continue to have, the following guiding principles:

SAFETY. Safety First. Safety for the bank, and above all, safety for its depositors. The sum of \$90,000.00 has been retained out of the net earnings of the bank as a special and additional fund for the protection of its depositors. This fact puts this bank on the Honor Roll of banks; for very few banks in the United States have set aside this proportion of surplus to capital and it is sufficient evidence to convince the most skeptical that people who deposit with this bank are absolutely safe.

PROGRESS. We are not in the business for a mush room growth. We are, in fact, conservative. Yes, but our object is to be just conservative enough to be able to be truly and safely progressive. We believe in progress along all good lines, and especially progress in civic righteousness. This bank undertakes not only to make a success for itself, but to help on all its customers and friends to better things. Has it done so? The stockholders are not complaining and the number of people this bank has helped over tight and rough places and on to better things must now be counted by the thousands.

COURTESY. It is our purpose not only to safeguard and benefit materially in this world's goods all with whom we deal, but to please and satisfy all our customers to the extent of our utmost patience and ability. To this end, let it be understood that we are always ready and anxious to correct mistakes when convinced that we are in error and we will grant every favor within our power consistent with our duty. If our advice on a business proposition is worth anything, you are welcome to it, and we will take and safely keep your valuables until you call for same, and especially your Liberty Bonds. In short, we are trying to do everything for our customers and the public that any sound bank ought to do, and it is upon this basis that we invite your deposits, your confidence and your friendship.

NEW SERIES B. & L. NOV 1.

Opportunity Offered People of Monroe to Own a Home.

Mr. Hargrove Bowles, secretary and treasurer of the Peoples Building & Loan Association, announces the opening of a new series beginning Saturday, Nov. 1, which gives an opportunity to renters to buy or build a home. Shares cost 25 cents per week, and mature in six and one-half years and earn interest at the rate of 6 1-2 per cent annually. The association is now making loans at the rate of \$1,000 per month, and Mr. Bowles hopes to increase this amount considerably in a short while. Mr. E. C. Carpenter, secretary and treasurer of the Monroe Hardware Co., and the Bearskin Cotton Mills, is president of the association.

Monroe High Has Good Foot Ball Team This Season.

For the first time in its history the Monroe high school has a real foot ball team. Mr. Herndon Hasty, ex-University star baseball and football player, and Mr. James Morrow, are coaching the team, and are well pleased with the showing the boys are making. The team is composed of the following: Everette English, captain; John Wray, Bivens Helms, John Redwine, Emsley Laney, Ira Tucker, Dwight Plyler, Gajah Caldwell, John Coble, Pete Russell, and Billy Philfer.

The local boys lost their first game to Hamlet last week. This was due to lack of practice, and because the Monroe lads were not accustomed to playing in sand. Hamlet comes here Friday to play a return game, and the supporters of the Monroe team are urged to attend and root for a home victory. A small admission fee will be charged. If Hamlet fails to show up a game with Charlotte will be played either here or in Charlotte.

"Hearts of the World."

The greatest of all David W. Griffith's super picture productions, "Hearts of the World," will be presented at the Pastime Theatre Oct. 9th and 10th, twice daily. This remarkable screen sensation has been running all spring and summer in New York City, and every indication points to a continuous run of fully a year in that city. "Hearts of the World," which is described as the "sweetest love story ever told," is a romance of the Great War. Its scenes are laid in France, many of them in the battlefields at the extreme front line trenches, for which Mr. Griffith received the permission and co-operation of the British and French War offices. These grim surroundings serve only as a background for the development of the beautiful love story of a young American boy and girl, whose parents were living in France before the war started.
