

Six and a Half and Absolute Safety

Twenty-third Series Opens Saturday, November 1st, 1919

THERE IS NO INVESTMENT ON EARTH OF EQUAL SAFETY THAT CAN TOUCH THE BUILDING AND LOAN FOR RETURNS, AVAILABILITY, OR SAVING INCENTIVE.

It's as simple as A B C—shares cost 25c a week (take as many as you like); they mature (become worth \$100.00) and are redeemed in cash in from six years three months to seven years, depending on the earning rate of the Association. The present rate will mature shares in six years and five months, an interest return of more than 6 per cent.

You can get the money you've paid in out of the Association at any time on thirty days notice—with all of your profits if you've held your shares two years or longer.

It's safe! Every loan is secured by a first mortgage on improved real estate in this community and is made only after approval of the Board of Directors and the attorney of the Association. The Secretary and Treasurer of the Association is under bond for \$5,000.00—and the Association is under the supervision of the State of North Carolina.

BLACKS PLANNED TO WIPE OUT WHITES IN HELENA, ARK.

Plot for General Massacre Is Revealed by Investigators in Phillips County—Uprising at Helena Was Premature.

That organized negroes of southern Phillips county, of which Helena, Ark. is the seat of government, had planned a general slaughter of white people in the locality Monday, was definitely revealed at Helena Sunday by authorized investigators of the post week's disturbance in that section.

According to these authorities, the plot included a widespread uprising in the event certain demands were not met. With October 6 set as the day for the uprising, negro prisoners are said to have confessed—each member of the organization at specified places was to pack a bale of cotton by that date, take the cotton to certain prominent land owners, plantation managers and merchants and "demand a settlement." The confessions, as announced, made it appear to the investigators that without further ado following this demand the blacks were to shoot down all whites in sight. A list of 21 names, admitted to represent the men to whom the demand would be placed, is in the hands of the investigating committee.

Killing of these 21, the prisoners said, was to be the signal for all members of the organization to attack the white population. An extensive courier system was explained in the evidence, providing for messengers known to the negroes as "Paul Reveres." These couriers had been duly appointed to ride into all parts of the country and give notice of the combat.

"We've just begun," was the pass word of the uprising, the negroes told the investigators. This pass word and the "Paul Revere" couriers were confessed to have been employed last Tuesday night and Wednesday morning in summoning blacks to Hot Spur, 18 miles south of Helena, after W. A. Adkins, special agent of the Missouri Pacific railroad, had been killed and Charles Pratt, deputy sheriff, had been wounded.

Best Motor Oils

CORRECT lubricants are the most economical—sometimes in the beginning—always in the end. The engine of your car is the propelling power. It is the most important single-part. And it is highly probable that the oils you use exert a larger influence on your engine than any other feature.

Protection for Your Engine

Keep your car out of the repair shop by keeping the right oil in your engine.

The right oil need not be the most expensive. But it is oil that has been tested. It has been proved by its action on many cars in many kinds of service. That is the kind of oil we sell. You can make no mistake in filling up here always.
