

The Bank of Union

Capital \$50,000.00 Surplus \$90,000.00

This Bank has had since its organization, and will continue to have, the following guiding principles:

SAFETY. Safety First. Safety for the bank, and above all, safety for its depositors. The sum of \$90,000.00 has been retained out of the net earnings of the bank as a special and additional fund for the protection of its depositors. This fact puts this bank on the Honor Roll of banks; for very few banks in the United States have set aside this proportion of surplus to capital and it is sufficient evidence to convince the most skeptical that people who deposit with this bank are absolutely safe.

PROGRESS. We are not in the business for a mushroom growth. We are, in fact, conservative. Yes, but our object is to be just conservative enough to be able to be truly and safely progressive. We believe in progress along all good lines, and especially progress in civic righteousness. This bank undertakes not only to make a success for itself, but to help on all its customers and friends to better things. Has it done so? The stockholders are not complaining and the number of people this bank has helped over tight and rough places and on to better things must now be counted by the thousands.

COURTESY. It is our purpose not only to safeguard and benefit materially in this world's goods all with whom we deal, but to please and satisfy all our customers to the extent of our utmost patience and ability. To this end, let it be understood that we are always ready and anxious to correct mistakes when convinced that we are in error and we will grant every favor within our power consistent with our duty. If our advice on a business proposition is worth anything, you are welcome to it, and we will take and safely keep your valuables until you call for same, and especially your Liberty Bonds. In short, we are trying to do everything for our customers and the public that any sound bank ought to do, and it is upon this basis that we invite your deposits, your confidence and your friendship.

RUSSIAN WORKERS PLANNED TO OVERTHROW GOVERNMENT

Radicals Had Planned to Wipe All Vestige of Authority Off the Earth—Opposed to All Gods.

Washington, Nov. 9.—Plans of the union of Russian workers to bring about an overthrow of the American government through a general strike, is revealed in documents seized in the nationwide raids of federal authorities Friday and Saturday nights and made public tonight by Assistant Attorney General Garwin.

With the government overthrown, and everything "wiped from the earth is a reminder of the right to private ownership of property," the Russian workers, according to their manifesto, looked forward, to "the magnificent beautiful form of man, without a God, without a master, and free from authority."

The documents and publications obtained in the raids, officials said today, are of the most inflammatory nature, and make no effort to conceal the union's program of destruction and death to achieve its ends. Much of the material made public tonight is of such a nature as to cause any newspaper reprinting it ordinarily to be barred from the mails.

Included among the documents seized, all of which are printed in Russian, is "novomirsky"—manifesto of anarchists—communists. This publication, the most recent put out by the union, was said by Mr. Garwin to be the most dangerous piece of propaganda ever disseminated by any radical organization in the United States.

The remainder of the evening was spent in contests and very interesting games. The out-of-community guests were, Mr. James South, Miss Maude Stallings, Mr. and Mrs. Glacie Smith of Stallings, Miss Lillie Braswell, Messrs. Leander and Howard Braswell, Miss Julia Williams of Unionville. The Jerome school taught by Prof. H. M. Wifely Amicities.

That there are two sides to every case this brief bit of conversation from an English contemporary reveals.

"Will tells me that he leads a dog's life," said Will's mother to Will's wife.

"Yes, that's so," answered Will's wife. "He comes in with muddy feet, make himself comfortable by the fire, growls, and waits to be fed."

Much Rheumatism

Local Druggist's No-Cure-No-Pay Offer Attracts Many Sufferers.

If there are any rheumatic sufferers who have not availed themselves of this generous offer they should do so at once.

English Drug Co. states that if Rheuma, the guaranteed prescription for rheumatism in any form, does not give any purchaser quick and joyful relief they will gladly return the cost without any quibbling or red tape.

Rheumatism is a dangerous disease, and anyone who has the slightest taint of it should drive it out of the system as quickly as possible. This is what Rheuma did for many. It should do as much for you.

"I have been laid up for one year with chronic arthritis," says one sufferer. "I had doctors galore, also spent four months in a sanitarium, but had practically no relief. Then I started taking Rheuma. Now I can go without crutches or other aid, which I could not do for the last nine months. I highly recommend it, and would gladly answer any questions asked on receipt of stamp for postage."—Thomas H. Eddy, Schylerville, N. Y.

Rheuma is absolutely harmless and thoroughly reliable because it is one discovery that has forced rheumatism to yield and disappear. It's not expensive and it is recommended by good druggists everywhere.
