NEWS of TOWN & COUNTY

Rotary Club to Have Picnic Supper
Mr. W. B. Love was an invited guest from the Kiwanis club at the regular weekly luncheon of the Rotary club last Tuesday and he was the principal speaker of the occasion. A week from next Tuesday, July 4th, the Rotary club will have a picnic supper at Helms pond at 7:30 o'clock, at which time the wives sons and daughters and friends of the Rotarians will be invited. Every Rotarian is urged to attend, carry plenty of rations along and invite as many friends as he cares to prepare supper for.

Work Begun on Mullis Bridge
Work was begun a few days ago on Mullis bridge in New Salem township. This bridge spans Richardson creek and is to be built of steel with concrete pillars and abutments. The Atlantic Bridge Company of Charlotte has the contract and the work will be pushed to completion. The old Mullis bridge has been out of commission for some time and people have been put to quite a bit of inconvenience on account of it. The public will be interested to know that the new bridge is to be completed within sixty days.

Steals Cotton and Goes to Jail
Jeff Reaves, colored, was lodged in the Monroe jail Wednesday morning on a charge of stealing a bale of cotton from the platform in Waxhaw Tuesday night. Reaves lives on the A. W. Heath plantation in Jackson township, and he went to Waxhaw Tuesday night, took the cotton from the platform and carried it to Lancaster where he sold it early Wednesday morning. Officers were notified and Sheriff Hunter arrested the negro before he got across the line in North Carolina. Sheriff Fowler sent for Reaves and brought him to the Union county jail to await trial next Monday. The cotton was recovered and the negro had the money on his person when he was arrested.

Marriage of Mr. Price and Miss Austin

Mr. Earl Dean Price of Charlotte and Miss Lillian Austin, daughter of Mr. and Mrs. John A. Austin of Goose Creek township, were married Wednesday evening at 8:30 at the home of the bride's parents, Rev. E. C. Snyder performing the ceremony. Only a few relatives and friends of the contracting parties were present. The beautiful ring ceremony was used. Mr. Price is a son of Mr. D. A. Price of Unionville and is express messenger on the Seaboard between Charlotte and Wilmington. He is a young man of fine christian character and splendid ability. Mrs. Price is an accomplished young lady of many charms. Mr. and Mrs. Price have a large number of friends in various sections of the state who wish them much happiness and success.

Will a Boll Weevil's Bill Burn?

That's what a citizen of Monroe wants to know. Some fellow has told him that you may strike a match and stick it to a boll weevil's bill and when the match has burnt out the bill will still be in good shape and ready for business. This citizen tried it out on a weevil that he had had on hand for some time, although said weevil "deceased" several days ago and the bill wouldn't burn. Now he wants to know if the bill of a live weevil will burn. There are probably plenty of them in the county by this time so every school boy and daddies that are interested may try it out. And then, if a boll weevil's bill won't burn, is it made of steel? Perhaps it will require the services of a chemist to tell just what a boll weevil's bill is made of.

Two Killed Instantly

Another tragedy took place in Monroe yesterday when two were run over by an automobile on Franklin street and killed almost instantly. However, the two referred to were of the same species which greatly lessens the tragedy. Mrs. Hugh Hendricks' car struck a couple of dogs that had stopped in the middle of the street for a "chat" with the above mentioned results. One of the victims was the Shepherd dog of Mr. Joe Edwards and the other was a small dog belonging to Mr. Whisnant.

Shocked By Lightning

Mrs. Jennings Pressley, who lives on Mr. Vernon Lockhart's farm, two miles east of town, was severely injured by lightning Wednesday afternoon during the thunder shower. She was in the yard getting some small chicks under shelter when the bolt struck three trees, she being in the midst of them. She was unconscious for about an hour and upon reviving complained of terrible pain in her head. She is recovering, but is quite nervous from her experience.

Indications for Light Vote

Indications now are that there will be a very light vote cast in the second primary Saturday, July 1st, when F. D. Phillips and G. H. Russell will contest for the solicitorship of this district. In the first primary Phillips carried the county by a big majority, but few people seem to be taking any interest in the second race and very little is being said about it. The farmers are busy with their crops and it is believed that a considerably lighter vote will be cast than was polled in the first primary when Mr. Stack brought out a heavy vote in his race for the judgeship and when county and township officers were to be nominated.

Belk's Force Had Big Time

The sales force of Belk Bros. enjoyed a most delightful picnic at Eudy's pond Thursday afternoon, given in honor of Mrs. Myrtle Funderburk, recent bride of Mr. Rupert Funderburk, who was formerly Miss Myrtle Winchester, one of the most popular and efficient salesladies of Belk Bros., and enjoys the love and esteem of her friends to the highest degree. The picnic was highly enjoyed by old and young. Mr. E. H. Austin made a mild sensation when he appeared in his Annette Kellerman bathing suit. All the force hope to repeat the picnic just as soon as some other members of the firm give them the opportunity of giving one in honor of another bride.

Big Still Captured Yesterday

Sheriff Fowler, Deputy Sheriff Paul Griffith and Constable Winchester went over in Vance township yesterday morning and brought back a forty-gallon capacity still and destroyed a barrel and a half of beer. The still was located on the lands of Henry Alsbrooks. Jeff and Oscar Alsbrooks and Bunyan Kelly, all colored, are charged with operating the plant. Kelly admits his guilt and implicates the Alsbrooks negroes. Frank Houston, colored, also admits that he and Jeff Alsbrooks made about two gallons last Christmas and that a few weeks ago they turned out a gallon and a half more. All these parties will be arrested by Federal agents and brought to trial.

Members of the First Baptist church wish to express their thanks to the Gordon Insurance & Investment Company for the large palm leaf fans recently donated by the Gordon company.

SOME LOCAL HAPPENINGS

Children's Day exercises will be observed at the Methodist church in Winata next Sunday. Everybody is cordially invited to attend.

Mr. J. C. Broome of Buford ship will celebrate his 37th birthday Saturday, July 1st. The public is invited to come and bring well filled baskets.

Mr. F. W. Pinkston has purchased the "Tucker house" on east Windsor street and moved his family into it Tuesday. Mr. Pinkston will remodel his new home.

Mr. Roy G. Cadlen, who has rendered valuable service on The Journal for a long time, went down to Goldsboro Wednesday to help the boys on the Goldsboro News.

Mr. H. G. Nash states that he had ripe tomatoes from his garden Tuesday, whereas some of his friends suggest that his wife must be a good gardener.

The J. R. O. U. A. M. will hold regular meetings in Monroe in the room over Pate's furniture store on Tuesday night of each week at 8 o'clock. All members are requested to attend.

Dr. Howard E. Ronthaler of Salem College will preach at the Central Methodist church next Sunday morning at 11 o'clock. Members of the other churches of the city are invited to attend.

Sol Richardson, a highly respected colored man, died at his home on Quality Hill Tuesday night. He was 81 years of age and was a good citizen. During slavery days Sol belonged to the late E. W. Richardson of Buford township and was a faithful slave.

Mr. Frank Broom, accompanied by his friend, Mr. Albert Grissom, of the National Soldiers' Sanitarium, Johnson City, Tenn., is on a visit to his mother, Mrs. C. C. Broom of the Mt. Prospect community, and his sister, Mrs. Lou Griffin, who is in the Ellen Fitzgerald hospital for treatment.

While returning from Marshville one day last week, Mr. Dwight Lee of Lane Creek township had a load of nitrate of soda to catch on fire, ruining two bags, and the remainder would probably have been burned had the flames not been extinguished promptly. His wagon was considerably damaged.

If the days were as short now as they are in December and January we would doubtless have lee to contend with. Wednesday was the longest day in the year, being about fourteen and a half hours between suns, and yet the morning air for the past few days has felt like the fall season.

Miss Mary Covington, who graduated recently in the law school of George Washington University, was one of the eight in a class of one hundred and fifty who graduated with honors, and was the only woman in the eight. She will come to Monroe soon to visit her sister, Mrs. A. M. Street.

Mr. W. C. Dees has traded his entire stock of general merchandise to Messrs. W. C. Green of Buford township and Edgar Cox of Monroe township for Mr. Green's farm in Buford. Messrs. Green and Cox will continue the business at the same stand on Main street. Mr. Dees will remain in Monroe but he has not announced his plans for the future.

Mr. W. E. Thomas has been appointed home service secretary for the Red Cross for Union county. His duties will be that of looking after ex-service men, keeping in touch with those who might need assistance from disability and advising as to vocational training. Mr. Thomas has done excellent work as chairman of the Near East Relief.

Gullege & Snyder's delivery truck, driven by Frank Jones, colored, struck the rear wheel of a buggy that was standing at the edge of Mr. Sam Horton's yard Wednesday afternoon and threw two small children of Mr. Horton's from the buggy, slightly bruising the head of one child and badly frightening them. The rear axle of the buggy was slightly bent, but no other damage was done.

The school at Dudley, Prof. G. H. Hinson, principal, closed May 26, and the exercises consisted of very interesting and appropriate numbers, and was attended by large crowds. The commencement sermon was preached by Rev. W. M. Baker of the Presbyterian church of Mount Olive. His subject was "Christian Education." Following his sermon there was a debate. On the following Tuesday, Mr. R. F. Beasley, of Goldsboro, delivered the literary address. He made one of the best speeches for the occasion that has ever been heard at this school, according to correspondence from there. "His subject was 'Applied Education,' and he splendidly illustrated his theories on what education should be, emphasizing the fact that education was not training, as we give the dog or horse; that it was not wisdom or an accumulation of facts or knowledge, but to know when and how to act at the moment in the crisis of life, and how to deal with the many problems that confront the individuals in life. He called attention to the fact that we teach too many facts in our schools, and do not stress the necessity for an industrial education that is application to the real needs of our boys and girls when they are thrown into the busy line of industry, to combat the life problems for themselves. His address was praised greatly by all who heard it.

Houses to let at a high rent are houses to let alone.

Union's High Schools

There are perhaps few counties in the state that can boast of having a school in as nearly every township as Union, with these institutions in seven of its nine townships. Those in which high schools are situated are Monroe, Marshville, Lane Creek, Jackson, Sandy Ridge, Vance and Goose Creek, leaving only Buford and New Salem without these higher institutions. With the proposition on foot to issue bonds and erect a standard high school at Prospect Buford will doubtless be in line with other townships at an early date. New Salem will then be the only township without a high school. There are a lot of mighty good, progressive citizens in New Salem and it will not be long until their township, which includes one of the best sections of the county, will have a high school and then Union will be in position to measure arms with any county in the state in an educational way, especially when we remember that in some townships there are two or three high schools.
