

THE MEBANE LEADER.

"AND RIGHT THE DAY MUST WIN, TO DOUBT WOULD BE DISLOYALTY, TO FALTER WOULD BE SIN."

Vol.

MEBANE, N. C., THURSDAY, APRIL 18 1912

NO 9

PERSONAL AND LOCAL BRIEFS

PEOPLE WHO COME AND GO

Items of interest Gathered by Our Reporter

Miss Besie Corbett is visiting Mrs. W. Y. Malone.

Mr. Roosevelt will talk in Greensboro on April 22 or 23.

Mrs. Sallie Cooper of Carr, is visiting Mrs. J. N. Warren.

Miss Virgie Davis is visiting her brother, Mr. C. F. Davis.

Miss Clara Compton spent Saturday and Sunday with Mrs. Pettigrew.

Just send us in your job work, we will do it for you right, and thank you.

Mr. Wiley James and two children of Hickory, are visiting Mrs. T. B. Pettigrew.

Mr. and Mrs. John Burton and children spent Saturday and Sunday at Mrs. T. B. Pettigrews.

The work on the new post office is progressing satisfactory since the weather has become open and fair.

We will have a new drug store in a short while, work on the building is being pushed as rapidly as possible.

Mrs. J. H. Burton and son Robert, with Mrs. Burton, her daughter, with whom she will make her future home.

Messrs. J. S. White, Sam Scott, J. Ed. White, Benjamin Warren, Walter Malone, Sam Morgan, and William Corbett, went to Greensboro Saturday.

Postmaster-General Frank Harris Hitchcock will resign as a member of President Taft's Cabinet before July 1 next. He will enter business in New York City.

It would not hurt if the stumps that were necessary to be blown up during the street paving were removed from near the side walk and from some of the squares, they are unsightly.

Mebane is throbbing with life and progress, the music of the trowel, hammer and saw, is heard from early morn until dewey eve, Mebane has a future to what you can help make it bright.

Report your personals and any local happenings you have knowledge of to the Leader. Every citizen in Mebane ought to take a pride in making their home paper, the Leader better, and better.

Hon. Locke-Craig, so far is the only candidate for Governor to succeed Mr. Kitchin. He will likely be nominated by acclamation at the convention which meets in Raleigh on June 6th. He will meet the state for the entire ticket.

We would be glad to hear more frequently from our correspondences in the country. We are quite sure they could send us much news that would be both helpful their section as well as to the Leader. Send them in early in the week so we can handle them for you.

There has been an immense amount of fertilizer stored in Mebane during the past few weeks. This will be moved out to the farms in a short while. Fertilize business in Mebane is a big thing, and the return of product in the fall to Mebane ought to be equally as big.

It is to be hoped that the farmers South of here will not forget to put in tillage a good quantity of tobacco. Tobacco will be the money crop in this section this fall. Last years crop sold well and there will be no reason why the next seasons crop will not bring good prices.

The way to meet the Parcel Post law at the rat hole is to push publicity about your own business in your local paper. The only weapon the department store has to fight you with is printers ink. I would seem that you could use it just as effectively as they can, why not?

Notice.

As we find that it will be impossible for so many of our patrons to attend the Primary Entertainment Thursday morning, we have decided to have this entertainment at 7:30 sharp Thursday evening.

Teachers of Mebane Graded School.

Women voters defeated women candidates in most of the recent town elections in California. That's a far more effective way of evening up old grudges than unkind remarks and the failure to speak when passing by.

Right Ine The Front.

For spring style. Telling the story of style next appearance. Service and more than a half century of Leadership.

The Dorothy Dodd Shoe now on display at our store in every style.

Come in and let us show you.

H. E. Wilkinson Co.

"The store of quality."

Poor Economy.

It impresses us as a poor economy to sell calves to the butcher, why not keep them, and raise beef cattle, there would be very much more money in them. If the farmer wont keep them then some one who wants to make a good profit should buy them up, raise and fatten them to a point where there is money in them.

Do You Want to Be Satisfied.

Sneed-Markham, Taylor company of Durham N. C. changes ad. in this weeks Leader. This firm carry a large well selected stock of clothing. There spring selections embracing some exceedingly pretty styles and weaves. They carry everything to enable you to dress well. Don't fail to see them when in need of anything in their line.

Virginia Wins.

Virginia won the opening game with Carolina by 2 to 1 at Greensboro Sat. the game being a closely waged battle between Pitchers Rixey and Lee, with honors slightly in favor of the former. Four thousand people saw the game and cheered wildly at every opportunity of the Tar Heel boys.

Gen. Fredrick D. Grant Passes Away in New York

Maj. Gen. Fredrick D. Grant, son of the famous General of the civil war, and himself commander of the Department of the East, died at the Hotel Buckingham in New York City April 12 at 12:30 o'clock.

Clara Barton Dead.

Clara Barton, founder of the American Red Cross Society, died at her home in Glen Echo, Md. April 12. She was 91 years old. She has been identified with relief work all her life, and carried relief to sufferers in two wars and many calamities. She was a nurse in the Civil War.

An old colored man from the country came into Holmes-Warren store a few days past and said Mr. Warren I want some of them "what you call em over there for my diener, Mr. Warren could not understand what he wanted, but at last the old man blurted out I want some of them little minnows I grease that you got over there in cans and Mr. Warren handed him a box of sardines.

Give US a Change.

The people of North Carolina should not overlook the fact that it needs good men to serve in its next general assembly, and if they do not select them before hand, then a packed convention is likely to select them after hand. The honest yeomanry of the State, and the practical business man should be asked to go to Raleigh, we are not inclined to believe they will become the paid tools rich and powerful corporations or would wish to invite the lobbyist to approach them.

A New Justice of the Peace

Mr. John Shaw has been appointed a justice of the Peace to succeed Capt. H. A. Bason whose death made the office vacant. Mayor Shaw has already jurisdiction in Mebane, but this will extend his power of operation over the country. Mr. Shaw is a good man and will make a good justice.

Years before General U. S. Grant died it was remarked that he smoked so many black strong cigars in a day after a while he had a trouble at the root of his tongue. His physician advised him to let the cigars alone, he did not. When General Grant died years afterwards to the trouble in his throat was largely attributed the cause of his death. Forty years afterwards his son General Dent Grant is found suffering the same trouble, which may have hastened his death. Was it heredity?

Commencement Exercise

The Graded School exercises will be held this week, and the indications are that they will prove of interest and pleasure to those who attend them. There will be a play given Wednesday night for which a nominal charge will be made but all of the exercises in connection with the commencement will be free, and to which the public are invited.

Wanted.

Agents in Burlington to represent the Business Mens Mutual Casualty Company, of Winston-Salem, N. C. the only Health and Accident company which issues a \$1.00 month policy that pays for each day's sickness, and covers all diseases. Pays for one day to fifty-two weeks for a single disability. None but sober men need apply.

B. A. Sellers and son of Burlington changes their advertisement in today's issue. You will find it interesting reading, and you will find their store an attractive place to trade at.

Graves-Clark Wedding.

At the Episcopal church in Weldon, N. C., Monday evening April 8 at 9 o'clock, Miss Mary W. Clark, the pretty and attractive daughter of Mr. Mrs. Edward Clark was united in marriage to Mr. Felix Graves of Mebane, N. C. Although somewhat of a surprise marriage, the church was filled to overflowing with friends from Weldon and nearby towns to witness the marriage ceremony. Mr. Graves went down on Sunday, expecting to return Monday night. That evening he proposed to Miss Clark to take their friends by surprise and be married that evening instead of waiting until June, as had been their intention. She consented and he asked her mother and father's consent, but they both opposed it, as they hated for her to leave them so unexpectedly, they too were anxious for her to have a wedding. They would not consent to wait, so were married and left on the 1 o'clock train for a bridal trip north for 10 days or more. On their return they will be at home in Mebane, N. C.

Miss Clark had a number of friends in Mebane, having been a visitor here for several seasons. We congratulate Mr. Graves upon winning such a charming lady. She is a splendid little woman possessing all the rare graces of head, and heart that help make an ideal companion, and a social queen.

At The Graded School

Play "What's Next Wednesday evening April 17, 1912.

Commencement Exercises of Mebane Graded School April 18 and 19, 1912.

Thursday morning—o'clock Class Day Exercises Primary Entertainment.

Thursday night—8 o'clock Declamation and Recitation Contest.

Friday morning 10 o'clock Commencement Exercises Address by Prof. J. B. Robertson Awarding of Diplomas and Medals.

Friday night 8 o'clock.—Entertainment by Intermediate Grades.

IN THE HOLE

Please Help us Out

The Mebane Graded School Athletic Association have endeavored to put out a Base Ball Team this spring that would reflect credit to the school and to the town, a team that we all could be proud of, not only have we striven on the field, but we have made every effort possible to defray our own expenses and up to the present we have done so, but extra games and work on the grounds have increased our expenses more than we expected.

On Friday April 19th we play a game with the Burlington High School which will be the last game of the season. So we ask every one who loves a good clean game of the Notional Sport to be on hand and bring your friends and a quarter and help your own team win. Our record is as follows:

At Mebane—	Orange Grove School-2
	Mebane Graded School 3
" Bingham (Scrubs) 7	" 9
" Peidmont Warehouse 2	" 5
At Burlington—Burlington	High School 6
" 6	" 2
" Hawfield Hawfield	High School 3
" 3	" 18
" Mebane Graham	High School 1
" 1	" 14
" Raleigh High School 4	" 1
" Bingham (1st team) 5	" 10

Please help us Friday. J. Earl Shaw Mgr. C. Hugh Smith Capt. S. C. Thompson Sec. and Treas. Mebane Graded School Athletic Association.

Mrs. Vowell Passes.

Mrs. J. E. Vowell, of Haw River, died early Saturday morning at St. Leo's hospital Greensboro, death resulting from a very serious operation, for which Mrs. Vowell was brought here Wednesday night. The body was carried to Haw River Saturday afternoon the funeral was held from the Baptist church, at that place Sunday. The deceased was 26 years of age and was said to have been a woman of charming personality and lovable traits. Deep sympathy is felt for the bereaved husband, who was present when the end came.

Warning was issued by the United States to the Mexican government, as well as to Gen. Pascual Orozco, chief of the revolutionary forces, that "it expects and must demand that American life and property, within the republic of Mexico, be justly and adequately protected, and that this government must hold Mexico and the Mexican people responsible for all wanton or illegal acts, sacrificing or endangering American life or damaging American interests.

The automobile tire output of The Goodyear Tire and Rubber Company at the present time is in the neighborhood of 4,000 tires per day, and machinery has been installed to bring this number to 5,000 per day. This number is exclusive of the output of the Canadian plant at Bowmanville.

PROFESSIONAL YEGG MEN LOOT BANK AT HILLSBORO

Vault Blown open by Powerful Explosive and all the Cash Taken—No Clue to Robbers.

Hillsboro became feverish with excitement last Friday morning when it was known that some time during the night safe crackers had blown the vaults of the Bank of Orange with nitroglycerin and gotten away with something like \$5,000 in cash, all they had on hand with the exception of some loose change which was left scattered over floor. The job clearly indicated the work of expert yeggmen, the doors of the large safe inside the vault also the door to the burglar chest being litterally blown to pieces so effectively had the powerful explosive used done its work.

The burglars entered the bank by the front door. The tool house of the Southern Railway and a nearby blacksmith shop were drawn upon for picks, sledges and chisels but it now develops that these do not appear to have been used, the combination knobs to the doors being blown off and the nitroglycerine poured into the openings thus made. The bank was not even temporarily embarrassed by the robbery as the loss is fully covered by insurance and a source of ready money supply was near at hand. In fact Cashier Collins and Bookkeeper Lockhart were the coolest men in the throng that gathered in the early morning to view the wreck and inquirer were informed that the bank would be open for business upon the stroke of 9 and the pay-rolls of the manufacturing plants furnished as usual. There is no definite clue as to the robbers. Three strange men with grips were seen to get off train No. 131, which arrived from Goldsboro at 8:30 but these have since been accounted for. Two umbrella menders who have been around town for some days are missing Saturday and suspicion naturally points to them but proof of their guilt is lacking. The bank offers a reward of \$200 for the apprehension of the guilty parties.

What a Parcels Post Law Will Do.

The enactment of a parcels post law by congress will divert a large part of rural trade to city mail order merchants, thus crippling approximately 1,000,000 retail dealers of the nation and their employes and families, destroy good home markets for farm products, injure all country newspapers which can only live and give local and general news to their patrons at their low subscription price by the aid of liberal advertising from local merchants. And finally, when the ruthless storm has wrecked, if not bankrupted, the above named classes, the recoil will fall in full force upon the farmers, in a heavy depreciation of farms and their products for want of home markets. All told, about 32,000,000 or one-third of our population will be damaged and 5,000 or less will have been profited.

He Denounces the Attack

Mr. Morrison in speaking before a Democrat club of a thousand members in Charlotte the other night said: "He denounced the attack made by Governor Kitchin, who said that Simmons voted 19 times with the Republicans. He declared that those votes represented the platforms of the Democrats party. Why did not the Governor state that Simmons had voted 123 times against the Republicans? In his later deliverance he said "the Governor with that mind which is the most finely constructed for sophistry of any this State has ever known," changed the statement to read "voted 19 times against the Democrats."

His Last Act.

(From Tit-Bits.) The heavy, fur-coated man owned the gunpowder factory, and the lean, cadaverous person by his side acted as foreman and general factotum. "Yes, sir," remarked the menial to the master; "poor old Bill is dead, right enough." "And how did it happen?" asked the employer sadly. "Well, sir," came the reply "my son, sir, old Bill went into the mixing room and by mistake struck a match."

List of Letters

Remaining unclaimed at this office on the week ending April 31, 1912

1 Letter for Mr. Thomas Crisp
1 " " Miss Allene Moffitt
1 " " Mr. C. G. McCauley
1 P. C. " " Davie Ilfe
1 " " Gean Tate
1 " " Mr. Euge Warren

These letters will be sent to the Dead Letter Office April 27, 1912, if in calling for the above please say "Advertised" giving date of ad. list.

Respectfully,
S. Arthur White, P. M.

FERTILIZER WILL BE MADE FROM THE AIR

Electro-Chemical Plant at Nitrolee, S. C., Soon to be Completed and Work Begin.

The last sections of machinery for the fertilizer plant of the Southern Electro-Chemical Company at Nitrolee, S. C., have been received and placed in position and those in charge are now engaged in testing out the several parts of the mechanism. The greater portion of this plant is made of porcelain fire-clad brick and glass such as is able to withstand the fiery effects of the nitric acid, and almost all of it is manufactured abroad.

Two months ago the oxidation towers, cooling chambers, furnaces, tanks, pipes and connections had been finished, but on account of a delay in shipping several of the "blowers," the trial starting of the plant was postponed until this week. These blowers will force the air through the electric arc at high temperature where the oxygen and carbon dioxide will be consumed and the nitrogen precipitated in the form of nitrous oxide. This nitrous oxide is then conveyed to four immense porcelain towers, each 75 feet in height, where it is condensed and allowed to settle in pans of limestone rock, the resultant mixture being nitrate of lime, one of the most valuable constituents of commercial fertilizers.

This plant at Nitrolee is largely for experimental purposes. It will utilize 4,000 horsepower of electricity from the Great Falls plant of the Southern Power Company a mile distant. If this plant is successful, then a second one will be built to utilize 20,000 of electrical horsepower. This 4,000 horsepower plant will produce 5 tons of nitric acid every 24 hours which will give about 8 tons of nitrate of lime. The price of nitrate of lime is \$50 a ton.—Charlotte Observer.

NEW INDUSTRIES

Report for Carolinas Show Number of Enterprises Launched.

The list of new industries organized during the past week as reported by The Tradesman includes the following for North Carolina: Asheville, \$25,000 amusement and investment company; Burlington, \$50,000 construction company, Charlotte, \$25,000 company for the manufacture of fire appliances; Greensboro, \$50,000 construction company; Kinston \$100,000 lumber company; Lexington, \$30,000 lumber company; Maxton \$50,000 light and power company, Reidsville, \$50,000 warehouse company; Salisbury, \$50,000 cotton mill; Troy, \$12,000 roller mill; Tryon, \$25,000 water company; Wilmington, \$25,000 furniture company and \$25,000 towing company. For South Carolina there was reported; Bethune, \$1,000 telephone company; Columbia, \$12,000 company to manufacture railway appliances; Charleston, \$25,000 development company; Ridgeland, \$5,000 telephone company, and Sumter, \$10,000 lumber company.

Important Supreme Court Decision.

Holding that it is a wholesome principle that the voter should not be required to specify his decisions on two or more distinct propositions, the supreme court in a batch of opinions handed down reversed the judgment of the lower court in the case of the city of Winston against the Wachovia Bank and Trust Company, and thereby invalidated bonds to the value of \$350,000. The bank had agreed to take \$160,000 worth of municipal improvement bonds, but later declined on the ground that the bonds could not be collected, since in the election proposition several items were carried on a single ballot, when they should have been placed on separate ballots. A voter should not be required to specify his decision on two or more distinct propositions, the court held, and that where, as this state, this is a matter of legislative control an act of the legislature should not be interpreted as violating this very wholesome principle unless it does so in clear and unmistakable terms.

Orange Grove Items.

Mr. Vance Cates is now making his in Chapel Hill.

The Orange Grove School Commencement began Saturday night April 6th with exercises by the primary and intermediate departments. This was greatly enjoyed by a large audience. On Sunday April 7 the annual sermon was preached by the Rev. J. R. L. Smith of Chapel Hill, the condition of the weather kept those who lived at any distance away, but those who heard this masterful but simple sermon will remember it for many days. Dr. Smith held the audience spell-bound, and a greater or grander sermon has never been preached at this place. Monday at 11: A. M., the declaimers contest came off, the gold medal was won by Mr. Luther G. Cheek, but his victory was over able opponents. In the reciters contest Miss Nannie Lloyd was the victor and the reward was a beautiful gold medal. Miss Nellie Perry won the prize given in the spelling classes. In the evening Orange Grove was defeated in a game of baseball by the Sophomore class of the University. Monday night the drama "Among the Breakers" was given, every actor winning applause, but "Send," the burnt cork character, and "Larry" the Irishman were heartily applauded.

A large number of visitors attended the commencement from Hillsboro, Chapel Hill, Efland and Mebane, and their names are too numerous to mention. Among the number was Miss Aline Perry and Mr. Forest of Efland, Mr. Chas M. Crawford, wife and son of Greensboro, Miss Inez Reynolds of Raleigh and Mr. Privett of Wake Forest, Prof. West of Hillsboro with a number of school girls from that place.

Have you noticed that Mr. Hersey Cates is all smiles? Cause? well, its a bouncing baby girl.

Are you interested in a larger and better school next year? If you are next Saturday is a good time to show your colors. Come out and prove that you are a doer and not a talker only.

Watts To Open Simmons Headquarters in Raleigh.

A. W. Watts, who has been clerk to Senator Simmons' committee, has resigned and will go to Raleigh, where he will be connected with Senator Simmons' headquarters. He will open headquarters immediately and be in charge until the senator's manager, who has already been selected, and whose appointment will be announced in a week, take charge.

Capt. S. A. Ashe has been appointed clerk to the committee in place of Mr. Watts, and C. K. Cook, of Lenoir County, has been appointed to the position vacated by Captain Ashe.

A North Carolina Catfish

(From The Philadelphia Press.) A yellow catfish, which traveled more than 1,000 miles frozen in a cake of ice and is still a live to tell the tale was placed on exhibition at the public aquarium in Fairmont park. This fish was packed in ice along with a number of others in North Carolina five days ago. It was then shipped to the Philadelphia fish markets, and when it arrived on Saturday was given the usual bath in cold water. Much to the surprise of the merchants, this particular catfish, instead of being stiff and dead, as were the others, began to wiggle about and show signs of life. It was taken in charge by William E. Meehan, superintendent of the aquarium, and revived.

High Praise.

She was a pretty, dainty, Fifth avenue maine; here a gay old bachelor, noted at the Metropolitan club for his pleasantries. As she added the finishing touches one morning she looked up with limped eyes, saying: "We are always so glad to have testimonials from our customers. Do you mind?"

"No, indeed; I am delighted." Where upon he wrote upon his card and handed her the following.

"There is a divinity that shapes our ends."—Hampton Magazine.

In The Leader Contest

The following young ladies have been nominated to enter the Leader contest, for the several valuable prizes offered, and are entitled to the votes placed opposite their names:

Miss Lena Philips	2,000
" Nettie Cole	2,000
" Carrie May	3,000
" Rachel Estlow	2,000
" Gen Harris	4,500
" Helen Warren	4,500
" Elizabeth Cheek	2,000
" Mattie Thompson	2,000
" Studie Miller	5,000
" Lillian McCracken	2,000
" Delia McAdams	2,000
" Daisy Ray	4,000
" Maggie Fletcher	2,000
" Nettie Oliver.	2,000
Mrs Della Wilkerson	26,350
Miss Vivian Cheek	2,000

" Gladys Scott	2,000
" Lucia Roach	2,000
" Georgia Stutts	2,000
" Nannie Turner	2,000
" Studie Cole	2,000
Mrs. Florence Fitzpatrick	9,400
Miss Emma Brewer	2,000
Miss Luna Breeze	2,500
Miss Dorsie K. King	2,000

A WORLD DISASTER

The Titanic The Largest Steamer a Float Goes to The Bottom of The Sea Carrying 1800 Souls.

The worst marine disaster known to history occurred off St. John, New Foundland Monday morning when that biggest steamer a float the Titanic of the White Star line sank after striking and immense iceberg. She carried 2270 passengers, 1800 of which is supposed to have drowned, these do not include the 800 that would constitute the sailing crew.

Untold wealth was represented among the passengers of the Titanic, there being on board at least six men, each of whose fortunes might be reckoned in tens of millions of dollars. A rough estimate of the total wealth represented in the first class passenger list would reach over a half billion dollars.

Benjamin Guggenheim, probably first in financial importance, is the fifth of the seven sons of Meyer Guggenheim who founded the American Smelting and Refining company, the great mining corporation, and is a director of many corporations, including the International Pump company, of which he is also president. His fortune is estimated at \$95,000,000. His wife, whose name does not appear on the passenger list is a daughter of James Seligman, the New York banker.

George D. Widener, is the son of P. A. B. Widener, the Philadelphia "traction king" whose fortune is estimated \$50,000,000.

Isador Straus, one of New York's most prominent dry goods merchants, and notable for his philanthropies, has a fortune also estimated to be worth \$50,000,000. He is a director in various banks, trust companies and charitable institutions.

J. Bruce Ismay, president and one of the founders of the International Mercantile Marine, who has always made it a custom to be a passenger on the maiden trip of every new ship built by the company, is said to be worth \$40,000,000. It was said Mr. Ismay who with J. P. Morgan consolidated American and British steamship lines under the International Mercantile Marine control.

Colonel Washington Roebling, builder of the Brooklyn bridge, passenger and director of John A. Roebling's sons company, is credited with a fortune of \$25,000,000.

The Titanic gross register 46328 tons length 882 feet beam 92 feet depth from bottom of ship to top captain cabin 105 feet. The Titanic cost ten million of dollars and was not only the largest but the finest passenger steamer afloat, just making her maiden trip across the Atlantic.

Cannot Some One Tell.

Can not some one tell us what Governor Kitchin did when he was in Congress? He had his opportunity for demonstrating what else he could do, besides talk. The people of this State are interested in knowing what it was he did, did he make good in the House, this should be known before he is permitted the chance to abuse an opportunity in the Senate.

High Praise.

She was a pretty, dainty, Fifth avenue maine; here a gay old bachelor, noted at the Metropolitan club for his pleasantries. As she added the finishing touches one morning she looked up with limped eyes, saying: "We are always so glad to have testimonials from our customers. Do you mind?"

"No, indeed; I am delighted." Where upon he wrote upon his card and handed her the following.

"There is a divinity that shapes our ends."—Hampton Magazine.
