President Taft says the price of food products are going down. Mr. Wickersham says we are squelching the trust, and brother Claud says he will put brother William out of the Senatorial race in ten minutes if certain things should transpire, and they keep on transpiring, and brother William keeps on running, and keeps on degrading North Carolina politics on a level with those of South Carolina.

If Mr. Simmons is returned to the senate and will have the job of writing the democratic tariff bill then all hope of remedial tariff legislation by the democratic party is gone.—Durham Herald.

Oh, is it? What a pity, you do not mean it is all gone, you mean you want to fool some one, and make them think it is all gone, you know you do not know any more about that business than the balance of us.

No one who has any knowledge whatever of Mr. Theodore Roosevelt doubts but what he is one of the nerviest men, one of the most courageous, and self-reliant men known to the world. He seems to have a perfect contempt for fear, or danger, mentally he is a tower of strength and physically he is a lion of daring. Every test of his life has tended to confirm this impression, but his attitude in the face of an assassin, and his reckless indifference after being shot gives him the stamp of intrepid valor.

A SANE CAMPAIGN.

Politics in North Carolina is being run on a low plane. Personalities and abuse are taking the place of argument, and men are being discussed instead of measures. The evil effects of the present campaign will be felt for years to come. Sober minded citizens deplore it; only the thoughtless and ignorant find any pleasure in this fierce and furious onslaught on motive and even common honesty.—Charity and Children.

It was Bleases way, and now it is Kitchins way, but it is the curse of the State, it matters not whose way it may be, North Carolina politics is being dragged to a lower level than ever before, all because there is one man willing to sink the old commonwealth to the gutter if he can climb to a seat in the senate.

LET COLLIERS GO.

P. F. Colliers and Son is evidently making a strong bid for North Carolina patronage. They have lost out, and are trying hard to reinstate themselves in public favor, but we doubt that they will be able to do so, despite the efforts of a certain element to avail themselves of the Colliers muck rake. Years ago they slandered the white women of North Carolina in defense of a black libeler, to day they are evidently the hired assassins of the political character of one of North Carolina's ablest Senators, a man respected and honored by a large majority of the States best people. What there is in Colliers except questionable sensations, would be difficult to find. Let Colliers go, there is no good purpose or place for it in North Carolina nor does it become you to aid it to serve a bad one.

FOR MERCY SAKES.

The Mebane Leader seems to be quite bilious these days. Having gotten out of its system some bitter remarks about Mr. Brooks, Governor Kitchin and reproduced a long article to show how Ex-Governor Aycock thought Lorimer was innocent, according to the evidence, we presume it is ready to drop back into the role of

an independent paper. It would be refreshing to know how the Leader stands on the State and County tickets.—Burlington News.

For mercy sakes, what is the old "thing" driving at? The Editor of the News may not have the murrain, or galloping colic, but he has a case of atrophied, blind chronic criticism and his misfortune is he does not know who to criticize, or how to criticize. It is simply a rambling reeking, mess of fault finding, a hopeless slush. If there was a word in the ignorant slobbering above worth replying to we would do it, but there is none. If you have interest enough without perverting a fact to learn how we stand on the State and county ticket, come to Mebane on election day and we will show you. We have never voted anything but a straight Democratic ticket all our life. Can you say as much? We doubt it. This way of trying to throw off on a mans politics and to ridicule the honesty of his purpose because he refuses to play in your filthy bilge barrel is contemptible.

Sunshine.

A little gold amid the gray;
That's sunshine.
A little brightness on the way;
That's sunshine.
A little glimpsing of the blue,
A little widening of the view,
A little heaven breaking through;
That's sunshine.
A little looking for the light;
That's sunshine.
A little patience through the night;
That's sunshine.
A little bowing of the will,
A little resting on the hill,
A little standing very still,
That's sunshine.
A little smiling through the tears;
That's sunshine.
A little faith behind the fears;
That's sunshine.
A little folding of the hand,
A little yielding of demand,
A little grace to understand;
That's sunshine.
—Stuart Maclean.

In a letter to the editor of the Charlotte Chronicle, May 20, 1911, Senator Simmons emphatically denied that he had ever had any business dealings with Lorimer. "I own no interest with him in any property of any kind and never have," said Mr. Simmons. Yet the face of this specific denial Governor Kitchin has persisted in crediting the false report, and added to it that Senator Simmons actually entertained Lorimer in his home! He ought to submit the proof of his charges or have the manliness to retract them.—Reidsville Review.

WHY CLARK WILL BE SENATOR

Judge Walter Clark has the best chance to be chosen Senator in the Primary because:

1. He is Pledged to earnestly contend for an amendment to the Interstate Commerce Law that will prevent the discrimination against North Carolina in freight rates which now costs the farmers and merchants of this State \$10,000,000 a year.
2. He is pledged to contend for and expects to succeed in having returned annually in pensions to Confederate Soldiers and widows for them to spend, the \$5,000,000 which this State is sending as a war contribution to pay pensions to Federal Soldiers.
3. He is pledged to earnestly urge the repeal of the 8 cent tax on tobacco which will give the farmers 8 cents additional on every pound of tobacco they sell which the manufacturer now has to take off for Government tax. This will also destroy the Trust by leaving every farmer or neighborhood free to manufacture tobacco. It will save the farmers of North Carolina \$7,000,000 a year.
4. He will advocate Land Banks as in Germany and other countries by which the Government will loan money to the farmers, small merchants, and working men at low rates of interest. The Government now furnishes the National Banks with their money without charging interest. Why should it not furnish the farmers, merchants and working men money at low rate of interest as in Germany?
5. Messrs. Simmons and Kitchin have each served twelve years in Congress and have done nothing about any of these things. They do not even promise to do anything now if elected.

5. He will advocate a graduated income and inheritance tax by which the multimillionaires will contribute heavily to the support of the Government, whereas nothing is now raised from them in that way.

The friends of Judge Walter Clark and his enemies alike, know that he can be relied upon after election to urge these measures as strenuously as he does now.

VOTE YOUR CONVICTIONS.
CLARK AS SENATOR MEANS SOMETHING TO YOU.

Avoid Rheumatism

Rheumatism with its accompanying pains and tortures, is the result of a decreased action of the kidneys which results in an accumulation of Uric Acid in the blood.

Treatment should commence with the first hint of trouble.

Those almost insignificant pains in the small of the back mean trouble—it's a warning of kidney weakness—inability to separate the poisons from the blood.

The action of the kidneys is incessant—they work constantly and in company with the liver and bladder strive to purify the blood and keep the system free from poisons. They should have help—if they become weakened and neglected it means Rheumatism or Bright's disease.

If you would avoid these dangerous disease use

Nyal's Stone Root Compound—start with the first symptoms

and make sure that the kidneys are restored to their normal strength and activity.

Nyal's Stone Root Compound was devised for that very purpose—to assist the kidneys, bladder and liver in their functions and rid the system of Uric Acid and other poisons. Does it, too!
