

### Ignorance or What?

The esteemed Springfield Union, when it declares that "a low tariff never increased production," either deliberately ignores or displays crass ignorance of historical facts both at home and abroad.

The Walker Tariff of 1847 was so low as to constitute essentially a revenue tariff; and yet the statistics of the Census Bureau at Washington show that during the ten years of its operation the country's percentage of increase in population, wealth, industrial expansion and agricultural development was greater than during any other decade in its history, before or since.

Great Britain has been practicing virtual free trade for something more than sixty years. When, about the middle of the last century, she threw the policy of tariff protection overboard and substituted in its stead that of virtual free trade, manufacturing in the United Kingdom was a comparatively negligible quantity. Today the products of British factories, mills and looms are to be found in every nook and corner of the civilized world.

It is hardly possible that the Union does not know these facts. Is it deliberately seeking to deceive others in reference to the tariff question?—Va. Pilot.

She's a wise woman who knows just what to do when her husband's life is in danger, but Mrs. R. J. Flint, Brainerd, Va., is of that kind. A quick cure for coughs and colds, it's the most safe and reliable medicine for many throat and lung troubles—grip, bronchitis, croup, whooping cough, quinsy, tonsillitis, hemorrhages. A trial will convince you. 50 cts. and \$1.00. Guaranteed by Mebane Drug Co.

In the Philippine Islands, 3,500,000 people were vaccinated, according to army reports, without the loss of a life or even a serious infection, and six thousand lives a year were saved by it.—Scientific American.

### A Log On The Track

of the fast express means serious trouble ahead if not removed, so does loss of appetite. It means lack of vitality, loss of strength and nerve weakness. If appetite fails, take Electric Bitters quickly to overcome the cause by toning up the stomach and curing the indigestion. Michael Hessheimer of Lincoln, Neb., had been sick over three years, but six bottles of Electric Bitters put him right on his feet again. They have helped thousands. They give pure blood, strong nerves, good digestion. Only 50 cents at Mebane Drug Co.

### Making One Look Small.

To be mistaken for a deer is sufficiently humiliating, but when one is potted for a partridge, as happened a Quebec guide, it's making him look small indeed.

## THE PRIMARY FOR SENATOR AND HOW IT WORKS.

The right of the people of this State to nominate their Senator was demanded and driven through by Judge Walter Clark. He wished his candidacy for that office acted upon by the people instead of leaving it to the machine process in the Legislature. The Primary gives to the majority of the people THEIR RIGHT to name THEIR representative.

The Democratic State Convention ordered two Senatorial Primaries, the first on November 5th and the second on November 26th. A majority (over one-half) of the votes cast is necessary for a nomination. The candidates in the first primary will be Judge Walter Clark, Simmons and Kitchin. If no one of these men receive a majority (over one-half) of the votes cast in the first primary, the second primary will be between the two highest. The lowest man is dropped.

A VOTE FOR CLARK is a vote against Simmons and against his receiving a majority in the first primary.

A VOTE FOR CLARK is a vote against Kitchin and against his receiving a majority in the first primary.

A VOTE FOR CLARK is a vote with A MAJORITY FOR CLARK in the first primary.

YOU CAN'T WASTE YOUR VOTE.
