GOV. MANN RESPECTS THE LAW.

Claud Swanson Allen, and Floyd Allen his father, were electrocuted at Richmond, Va., last Friday near the noon hour. They died through the mandate of the law, for the part they played in the Hillsville, Va., court house murder occurring March 19th 1912. A sickly sentiment, and morbid sympathy had played a strong hand to secure, mercy, or a commutation of the sentence of Claud Allen. Appeals were made to the Governor of Virginia and through all the courts, for a stay of the execution of the sentence. Every legal agency was exhausted to save Claud Allen from the electric chair, but the law, took its course, and that it did the people of this whole country should feel thankful.

Governor Mann of Virginia has proven to his State and to all others interested persons that so far as lays within his power the majesty of the law shall be maintained and for which all honor to Governor Mann. Should Ellison have had his way, surreptitiously taking advantage of Governor Mann's absence he would have made a mockery of law, and if possible turned these fellows loose.

The Leader cries for no man's blood, it has no thirst for vengeance, but it can not help feeling proud of the course Governor Mann has pursued in regard to this matter. He is helping to maintain the high standard Virginia has set in its respect for law, for justice, making life a thing of value, carrying out the pledges of the State to protect it, or to duly punish those who destroy it.

The way in which Virginia has dealt with her murderers, offers a brilliant contrast with the shameful way in which North Carolinas judges, jurors, and lawyers have treated the martyred dead, who fell at the flash of the pistols fire at the hands of her desperadoes, who realize that the courts are with them. Its a crying shame, that the whole machinery of law rest under the fearful condemnation, as particeps cipis. All honor to Governor Mann.

According to late reports the life of the uncrowned King of American finance J. P. Morgan is nearing its close. Reports from Rome indicate a gradual weakening of his vital powers. Mr. Morgan was easily the greatest financier this country has ever produced, perhaps the greatest in the world. He could control three hundred million dollars at any time in the last few years. His transactions were on the largest scale, phenomenal in its magnitude, and yet Mr. Morgan will soon leave his immense affairs to be guided by other hands.

Unless some remarkable change in his physical condition occurs in the next few days, Mr. Morgan will have to start on his long journey, the one from whence no traveler returns. J. Pierpont Morgan has been the most potent figure in the financial world for the last decade in this country, a power that this government was compelled to reckon with. Since the above was put in type Mr. Morgan has died. He passed away in Rome Italy Monday at noon.

It seems that the merchants of Greensboro have about come to their senses, and will let the trading stamp business alone.

We have never been able to see any real virtue in the trading stamp business. Years ago there was an effort by the Winston merchants to drive the concern out of that city and all is the pity that they did not succeed. They tried to usurp the field of legitimate advertising, and force merchants to contribute to them for something they never earned. The trading stamp was a commercial alien an interloper without excuse save a desire on the part of the inventors of the scheme to secure tribute where none was earned.

It seems from our exchanges that Civic Leagues are growing more popular, and more prolific all the time. But few cities of any importance but have not an organized body of its best ladies who devote much of their time and best talents in aiding in the improvement of the sanitary conditions of their homes, and their neighbors homes, and to urge efforts for the beautifying of their home towns. The spirit is growing all the time, and there are but few places where the ladies do not take an interest in these matters. Ofcourse there are some, and there are reasons for it, but what is the use in giving them. Let it go at that.

The effort to secure one cent letter postage is being made princely by the large mail order houses of the North, and North West. The one cent letter postage would be an item to those commercial cormorants, but they are showing there benevolent assimilation by wanting the deficiency in the postal department made up by increasing the postage on the newspapers many of which are struggling to live even under the most rigid economy.

Tact.

Mrs. Smith and her little daughter Margaret, aged two, were spending the summer at the lake. The mother often spoke of the excellent quality of the milk she fed the child. While out walking with little Margaret one day, Mrs. Smith happened to meet the wife of the farmer who supplied the superior milk.

"What do you say, Margaret, to the lady for bringing you such nice milk?" prompted Mrs. Smith.

"How's the cow?" asked Margaret politely.—Women's Home Companion.

Sir Walter's Good Fortune.

Sir Walter Raleigh had called to take a cup of tea with Queen Elizabeth.

"It was very good of you, Sir Walter," said her majesty, smiling sweetly upon the gallant knight, "to ruin your cloak the other day so that my feet should not be wet by that horrid puddle. May I not instruct my lord high treasurer to reimburse you for it?"

"Don't mention it, your majesty," replied Raleigh. "It only cost two and six and I have already sold it to an American collector for £8,000."—Lippincott's.

For Hair Health

If Rezell "93" Hair Tonic does not improve the health of your scalp and hair, we will pay for what you use during the trial.

We could not so strongly recommend Rezell "93" Hair Tonic and continue to sell it to the same people if it did not do all we claim. Should it not prove entirely satisfactory our customers would lose faith in us, we would lose their patronage, and our business would suffer.

If your hair is falling out or you suffer any scalp trouble, we believe Rezell "93" Hair Tonic will do more to eradicate the dandruff, give health to the scalp, stimulate new hair growth and prevent premature baldness than any other human agency.

We want you to make us prove this. We ask you to risk no money whatever. Buy a bottle of Rezell "93" Hair Tonic, use it according to directions for thirty days then if you are not entirely satisfied, come and tell us and we will promptly hand back the money you paid us for it. We won't ask you to sign anything, nor even to bring the bottle back. We won't obligate you in any way. We will take your mere word. Could anything be more fair? Could we do anything more to prove our belief in Rezell "93" Hair Tonic, and our honesty of purpose in recommending it to you?

Rezell "93" Hair Tonic is as pleasant to use as spring water and has but a faint, pleasing odor. It comes in two sizes of bottles, 50c and \$1.00. You can buy Rezell "93" Hair Tonic in this community only at our store:

Rfd No. 3 Mebane, N. C.

The theory of road dragging is that a road is a roof and that if the water is not allowed to stand on the road a fairly firm driving surface can be maintained without paving. The dragged road gets somewhat soft after long continued rains but mud holes are unknown and when the weather improves a little dragging with a two-horse or mule team puts it into prime condition again.

Road Tax For 1913 Due.

Notice—The special road poll tax for the year 1913 is now due, and payable until the first day of April.

Under the old law the treasurer was paid a small commission for collecting and handling this fund. And heretofore I have given that commission to those who looked after it in the different Townships. But now under the Salary law there is no provision made for any one to be paid any thing out of this fund. Therefore, unless some one will volunteer to collect without charge, in the townships, I cannot put the books out as has been my custom. According to instruction from the County Commissioners, the books will be at my office in the court house in Graham, and all persons desiring to pay will pay to me unless they find some one else with the books.

Pains in the Stomach

If you continually complain of pains in the stomach, your liver or your kidneys are out of order. Neglect may lead to dropsy, kidney trouble, diabetes or Bright's disease. Thousands recommend Electric Bitters as the very best stomach and kidney medicine made. H. T. Alston, of Raleigh, N. C., who suffered with pain in the stomach and back, writes: "My kidneys were deranged and my liver did not work right. I suffered much, but Electric Bitters was recommended and I improved from the first dose. I now feel like a new man." It will improve you, too. Only 50c and \$1.00. Recommended by Mebane Drug Co.

A Sensible Suggestion.

"If the proper valuation were placed on vacant lots by the tax assessors it is the belief of Mayor Dalton that real estate in the city of Winston would come to a figure within the reach of the poor man.

The mayor estimates that there are upwards of 1,500 vacant lots in Winston and the suburbs that are taxed at a very low rate, yet are held at a high price by the owners. He believes that if these lots were raised by the tax assessors to a figure near the value placed upon them by the owners, these owners would sell rather than hold and pay the taxes levied."—Winston Journal.

Coughs and Consumption

Coughs and colds, when neglected, always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown, of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be living to-day." Known for forty-three years as the best remedy for coughs and colds. Price 50c and \$1.00. Recommended by Mebane Drug Co.

Keep It Quiet

(From The Durham Herald.)
If the papers keep digging up stories about the way farm lands are selling and the rate at which it is assessed for taxation they may discover after awhile that the farmers are not paying all the taxes for the support of the Government.

Found a Cure for Rheumatism

"I suffered with rheumatism for two years and could not get my right hand to my mouth for that length of time," writes Lee L. Chapman, Mapleton Iowa. "I suffered terrible pain so I could not sleep or lie still at night. Five years ago I began using Chamberlain's Liniment and in two months I was well and have not suffered with rheumatism since." For sale by all Dealers.

The Trap on the Pole

(From The Siler City Grit.)
Sunday, the 16th, was a bad day for hawks around the premises of Mr. L. S. Edwards. He set a steel trap on a pole near his house and on that day caught two hawks—one lighting thereon in the morning and another in the afternoon.
