

FISH BRAND TOBACCO MANURE

MANUFACTURED BY

THE VANCE GUANO CO.

HENDERSON, N. C.

Has Proven to be the Best Fertilizer for

Fine Tobacco

If your dealer does not handle it there are only two reasons why he doesn't:

1st. Because somebody else in his territory has the agency.

2nd Because it costs him more money than the brand he wants to sell you.

Even if your dealer handles a cheap grade of Fertilizer and gives you the benefit of his cheap price, you are still the loser, because it costs you just as much to sow sorry Guano as it does the best. The cultivation of a sorry crop is more expensive than a good one---not to speak of the loss at harvest season.

But since the FARMER has to pay the same for all grades of 8-3-3 Guano, why not see that you get the best brand? And we know

FISH BRAND IS THE BEST?

If the testimony of those who have used our fertilizer don't convince you, come to our factory, and we guarantee that the sight of our MATERIAL and the way we MANUFACTURE will.

Our doors are opened to the public. We have nothing to hide.
