Water Cure for Insanity.
In the insane asylum at Stockton, Cal., 85 per cent. of the curable patients are cured by baths—hot, cold or electric. Electric light and ice packs, mild exercise and many games are part of the treatment. Some of the patients spend eight or ten hours in the water daily.

Child Cross? Feverish? Sick?

A cross, peevish, listless child, with coated tongue, pale, doesn't sleep; eats sometimes very little, then again ravenously; stomach sour; breath fetid; pains in stomach, with diarrhea; grinds teeth while asleep, and starts up with terror—all suggest a Worm Killer—something that expels worms, and almost every child has them. Kickapoo Worm Killer is needed. Get a box to-day. Start at once. You won't have to coax, as Kickapoo Worm Killer is a candy confection. Expels the worms, the cause of your child's trouble. 25c., at your druggist.

The prospect of Webb heading the house judiciary committee is one that is as satisfactory from the standpoint of consideration for the public business as from that of Mr. Webb's personal friends. When did the rule of seniority ever work more fortuitously?

Dr. Stephen S. Wise calls the execution of the gunmen "a barbarous illustration of the working out of a system that is wholly wrong." Criminal Judges attest that no other penalty so awes the murderous-minded as does that of death. If these experienced men are right, Dr. Wise is wrong. Society must protect itself.

Chauncey M. Depew, on the occasion of the celebration of his eightieth birthday, expresses the fear that we may become a nation of bores. There is no denying the fact that Chauncey has contributed his full share towards making us a nation of the bore.

Tobacco Association.

Perhaps the greatest meeting of the tobacco men ever held in the United States will come off in Louisville and Lexington, Ky., in June. The Tobacco Association of the United States will hold its annual meeting in these two cities, beginning in Louisville on the 16th of June and moving on to Lexington about the 18th. It is estimated that five hundred tobacco men, together with transportation men, bankers and sellers of tobacco supplies, will attend these important meetings at Louisville and Lexington.

The Secretary of the Association, E. Webb, Winston-Salem, N. C., together with numerous committees, are at work, arranging details for the convention. Special hotel rates have already been secured. The meeting will not only be of great importance from a business standpoint, but one of great pleasure to all who may be so fortunate as to attend. An elaborate program is now being arranged which will be made known in a few days. The meeting will give an opportunity to the tobacco men of the South and East to meet with the tobacco men of the West. It is greatly desired that there be a full attendance from all sections.

All tobacco men are eligible to membership in the organization. Also all manufacturers and dealers in tobacco supplies, tobacco machinery, etc., all bankers in tobacco towns and cities and all transportation men.

One of the objects of the Tobacco Association of the United States is to compile statistics and gather information generally pertaining to the business, both home and foreign, for promulgation among its members. The main idea is to generally safeguard the tobacco interest against adverse legislation, to use every means to promote the interest of the trade as a whole, to keep on a high plane of fair dealing and promote a closer personal and business relation between its members.

Caruso seems to be as much given to working the breach-of-promises-suit-advertising stunt as the average leading lady used to be of playing up false jewelry robberies.

Statistics are quoted to show that the people of the United States spent nine millions of dollars last year for chewing gum, but we are not told what chewing the rag cost the country. Possibly the experts at figures have abandoned the job in disgust and despair.

A treatment of Electric Bitters increases your appetite; stops indigestion; you can eat everything. A real spring tonic for liver, kidney and stomach troubles.
