We call the special attention of our readers to the advertisement of the Danville College for young ladies, in this issue. This is quite a new institution very near us, and is growing rapidly in public favor.

Mrs. Howard has so far improved that the Judge and Mrs. Dr. Baker returned to their home in Tarboro, N. C., last week. Mrs. Howard has been quite ill, and it is with pleasure that we learn of so great an improvement in her condition.

The rains which began falling about the first of the week came just in the "nick" of time for the upland corn. It had reached a critical point in its growth and a few more days of hot, dry weather would have cut it off very materially; as it is we think that corn on all upland will be at least an average crop.

We were glad to welcome back to our town Saturday our young friend, Stone-wall Barnett. He left town about two weeks ago looking very badly, but after a stay of a few days in Asheville and the health-giving section thereabouts, he has not only gained in health but also in pounds and spirits. We hope he is all O. K. now.

We regret to have to be called upon to record the death of one of Person county's most honorable and well known citizens, Mr. John Bradsher. A good many farmers from this county and Person, who had sold their crops of tobacco at the barn door, went to Danville last week to deliver the same. When lo, and behold! the purchasers in many cases could not be found and the warehousemen would only check for the amounts for which the tobacco was knocked out on the floors. Some farmers sold for what the tobacco would bring, the others packed their tobacco away to await an advance in prices.

Every preparation is being made for a grand time. Hon. James W. Reid has been invited to be present and address his constituents, and in all probability will do so. Grat. says he intends to have the very best meats that can be found. Those who have heretofore attended Mr. Hubbard's barbecues speak in the highest terms of their excellence, and they need have no fears as to the well prepared and good management of this one.

ATTENTION FARMERS!

Doubtless you have been deceived by smooth tongued drummers and clap-trap circulars, telling you that "tobacco was high, and to bring it along." Now we ask you, Did they tell you the truth? We have drummed VERY LITTLE, as we did not care to excite and mislead you into selling your tobacco when prices were low, thus causing you to sacrifice your labor. Now we tell you in this our second circular, that common and medium grades of tobacco ARE LOW, but

Brights are Selling Well

And in Demand.

We cannot advise you to sell your common tobacco now, but if you must and will sell, remember our house is Headquarters on all grades.

We will want in the next go days

100,000 POUNDS

Of Wrappers and Fillers

For our own use, as we intend to engage in the manufacture of plug tobacco. We can afford, and will pay you the highest market price for these, and expect to buy them on our own floor.

When you get ready drive straight to Reams' Warehouse, and let us sell as well as manufacture your tobacco. You will doubtless be drummed even after you get to town by sweet talkers, notwithstanding it is against the Board of Trade rules. We ask you not to listen to the street drummers but drive straight to the OLD RELIABLE.
