"The struggle of the white peobegroes and the lower classes of whites is being watched with in-

terest outside of the state." Does this mean that "no white man should be deprived of his vote?" This editorial can only mean that the poor illiterate labor ing white man must be dishanchised. Not until suffrage is limi. ted exclusively to the wealthy and aristocratic classes will the advocaes of the suffrage amendment think "white sugremacy is made permanent."

Honest but poor laboring man reflect before you cast your ballot to deprive you and your posterity of the richest heritage—the ballot for by your ballot you must pro teet your rights against the overreaching and grasping power of those who think they were born to rule and oppress the poor.

Pape of the Ballot Box.

From the action taken by the "Divine Rulers" here Saturday July 7th, in denying to Republicans the privilege of looking over the registration book, our Democratic friends have become desperate, and have no doubt decided on a "rape of the ballot box" in this county.
