From Goods Box Whittles.

Times Mercury.

I'm the happiest man in town.

I've got a brand spanking new

boy at my house. And I didn't

get it by advertising like Click and

the doctor found it for me.

He doesn't talk an' make

me feel like I'm a fool. I've

got the best of the sham machine.

I will give you a case of how it

works before it got in shape.

As the doctor was scared. As

soon as they got it fixed they were

happy. I will change names so as

to keep from being a witness in

court. This report made just

about the time the canvass in

the county was held on. The

report was made in the

county. It was the second meeting

of the Democratic club. It was

held in order of Precedent at

Deer Park. The Deeken had on a

pair of duckin' pants and a

light-stained sweater, and looked

like a red neck in old time

Democracy. He had had shinin' under

the heavy the handle lent a

quantity of the okkashun that natchin'

short in red hicker good have

been there.

"The main' will now cum to

order," said the Deeken as he

rapped up the time with the

Deeken. "I will now hear the

Deeken's prayer. Everybody will

please quit drawin' tobacco and

chewin'." Another Basinger, who

preaches in the church in

the church in Coon tail

holer, then prayed as follows:

"O, Lord, our Heavenly

Father, we thank thee for this

privilege of meetin' her to-night

with the Deeken. We feel that it

is good to be here. Thou knowest

the temptations that beset our

police every day. We trust

every man in this house is a

good and faithful follower of

the Deeken. Doctor Fur

is a good man. And if there be

any man here who is not a

good man, we pray that he

will be a good man.

## "Gittin' the konsent by the

governed." We will get it if the

power and the ficker holds out."

The report was received with

cheers and unanimously adopted.

"We will now hear the report

of the kommity on elekshuns,"

remarked the Deeken, as he took

a fresh chew uv tobacco.

rete Jones iz Chareman uv this

kommity, and submitted the fol-

lowin' report:

"Mister Chareman, we've got

everythin' fixed. The judges and

clerk's naz bin selekated and ap-

pointed akordin' to the time

honored tradishuns and principles

of the Demokratik party. This

here law compellin' us to selek

the judges from unferent political

parties iz a good deed unkonferent

and on to be repekated. Your kom-

mity rekognized the important

fact that the main thing wuz the

good Demokratik koaters. But

we have 3 daze leavin' for a good

republican koater. But we got

at last. He's the feller what

rote the widdler snider's dog last

summer. You all remember him

he killed the dog, skinned him

and traid his hide for a quart uv

old Lasker's whiskey. He says

that one vote looks like a dozen

to him after he gits 3 drinks uv

whisky. He jist fits the okkashun

the judges bin bin furnished with

the rezolushuns of instrukschuns

passed by the last meetin' uv this

body, and the majority desided

upon therein will be returned by

sed judges. Gentlemen, this is

all."

The report was adopted amidst

the widest applause. There iz no

doubt uv about the result in this

county. There will be a rousin'

Demokratik majority. It has

reddy bin sent in to Demokratik

beakquarters. No pole naz bin

saken uv the township. It will be

saken after the votes iz kasted. It

is a good deed and a noble deed

to selek the judges from unferent

political parties. We will now

hear the report of the kommity on

elekshuns. We will now hear the

report of the kommity on elekshuns.

We will now hear the report of

the kommity on elekshuns. We

will now hear the report of the

kommity on elekshuns.

## MR. BRYAN

Mr. Bryan is reported to be in

favor of meeting with the middle-

of-the-road Populists, Social De-

mocrats and other reform parties

in conference the 22nd inst., to

formulate plans for a new politi-

cal party of men who advocate the

same principles. Mr. Bryan in a

new and aggressive reform party

would be quite different from Mr.

Bryan at the head of allied fusion

forces lead by the old hypocritical

messback Democratic machine un-

der Round Bale Jones and other

trust magnates. The most fatal

mistake Mr. Bryan has ever made

was the attempt to capture an old

corrupt party organization that

has long since outlived its prity

and usefulness and undertake to

use it for the promotion of reform

ideas. This attempt on the part

of Mr. Bryan has crippled the re-

form movement more than every-

thing else. Political reforms ne-

ver come through an old corrupt

party organization whose record is

one of continuous deception and

betrayal of the people.—Our

Home.

PROUD OF HIS SON.

Mr. Thomas Coppinger, Dayton,

Tenn., says: I have used Raman's

Liver Pills and Tonic Pellets for

years, and cannot say enough of

them for the good they have done

in my family. I wish to tell you

especially what they did for my

youngest son. We thought he

was too little to take pills, but

when he saw the rest of us taking

our usual Tonic Pellet at night, he

would cry for one also. So we

commenced giving them to him

regularly, and from a pale delicate

child he improved immediately,

and lately he is as robust as had

ever breathed mountain air, rosy

cheeked, and he looks as healthy

as any big fat Irishman you ever

saw. For sale by J. Lee Kurtzes.

He Was Mistaken in Her.

"Miss Jackson," he began, and

he removed his hat and scraped

his foot as they met on the street,

"I don't know as happy faculty to

meet up w' yo' de' odder night

at the case w'az."

"Yes, sah," she softly replied.

"What first distracted my at-

tention to yo' was yer partnes."

## 20 Vacancies at the A. & M.

College.

There will be about twenty vac-

ancies in the A. & M. College in

January, owing to withdrawals

from poverty and failures in stud-

ies. These vacancies will be filled

by selecting young men of mature

mind and good preparation. Char-

acter and a desire to study will be

indispensable requisites.

Entrance examinations will be

held at the College in Raleigh,

January 2nd and 3rd at 9 a m and

2 p m. No entrance examinations

will be held elsewhere. It will

probably be useless for applicants

to come later, as the vacancies will

all be filled on those dates.

The work of the College this

year has been remarkably fine.

The new Course in Mechanic Arts

training boys to be machinists,

mechanics, engine-tenders, boiler-

tenders, dynamo-tenders, locomo-

tive engineers, etc., have been

very popular. The Special Course

of instruction in the machine shop

has also been largely attended.

The Textile Department is equip-

ped with several thousand dollars

worth of cotton machinery and is

doing admirably work. Students

are crowding into it with enthu-

siasm.

The total enrollment so far is

280, although the College has

rooms for only 150.

There has been practically no

sickness during the year, not a

case lasting a week. The discipli-

ne and morality of the College

have been admirable in all re-

spects.

Now is the time when croup and

lung troubles prove rapidly fatal.

The only harmless remedy that

produces immediate results is One

Minute Cough Cure. It is very pleasant

to take and can be relied upon to

relieve croup, coughs, colds and all

lung diseases. It will prevent con-

sumption. C. C. Sanford.

The Smiths are everywhere. In

Italy they are called Smithi, in

Holland Schmit, in Russia Smith

oski, in Spain Smithans, in Mex-

ico Smithitzi, and in Poland

Smithitzi. In England the Smiths

are the most numerous of all fam-

ilies, but in Ireland they are con-

centrated to rank fifth, after Mur-

## An English Trade journal says

that in the last two and a half

years trade combines have been

effected in thirteen British indus-

tries. The total number of firms

absorbed was 296, and the aggre-

gate capital of the consolidations

was nearly £37,500,000, and there

are reports of further large com-

binations in contemplation.—The

Protectionist.

Many persons have had the expe-

rience of Mr. Peter Sherman, of North

Stratford, N. H., who says, "For years

I suffered tortue from chronic indi-

gestion, but Kotiol Dyspepsia Cure

made a well man of me. It digests

what you eat and is a certain cure

for dyspepsia and every form of stom-

ach trouble. It gives relief at once

even in the worst cases, and can't

help but do you good. C. C. Sanford.

Only a tiny bundle of love,

That the worthiest impulses wakes

A note that the fairies brought

from above,

But, gee! what a noise it makes.

Don't use any of the counterfeits

of De Witt's Witch Hazel Salve. Most

of them are worthless or liable to

cause injury. The original De Witt's

Witch Hazel Salve is a certain cure

for piles, eczema, cuts, scalds, burns,

sorens and skin diseases. C. C. Sanford.

It is stated that well informed

farmers are confident that New

England can regain its old time

reputation as a wool-growing cen-

tre. Land is cheaper than in the

central western states, and it is be-

lieved by farmers who have

looked the field over that the in-

dustry, if specialized, would offer

greater inducements than dairy-

ing, which now holds first place as

a money producer.—The

Protectionist.

De Witt's Little Early Risers are

tiny little pills, but they never fail

to cleanse the liver, remove obstruc-

tions and invigorate the system. C.

Sanford.

One of the most pleasing fea-

tures of the present unexampled

prosperity of the United States is

the health of the general population.

It is not only
