HOW THE MIGHTY HAVE FALLEN.

The shooting down of convict Davis was purely for lack of sound judgment on the part of Superintendent McIver. Of course no one has any special sympathy for Davis, but much for the negro who was thoughtlessly sent by the superintendent to bring into his august presence a white man as he would a subdued vassal. We do not know to what extent such reprehensible conduct is carried on in the penitentiary, but we are sure should not be tolerated one minute longer than is necessary to remove the present superintendent. This act would have been unparagonable during carpet-bag rule and should not go unmeasured today. - Truth-Index.

The above article from a Democratic paper criticising a Democratic official for placing a negro convict over a white man, shows, as all the goodness and righteousness is not to be found in the Democratic party. In the first instance we think Superintendent McIver acted wrong in sending this negro convict after a white man as he did, but whether the shooting was wrong we are not prepared to say. He had nearly killed the negro, and was making assault on every one hindering his escape, and it looks like the shooting was necessary. Be that as it may, it is refreshing to know that a Democrat can be found in this State who can criticise one of his own household. Had this happened under Republican rule, big black head lines, blood and thunder accounts of this great outrage, and the world would have been riddled abroad of this great crime against the white people.

HAD RATHER BE RIGHT THAN TO BE PRESIDENT.

E. Spencer Blackburn is not doing any popularity in North Carolina by standing in with that Crumpacker at Washington. Winston Journal.

We copy the above just to show extreme littleness which characterizes so many of the Democratic editors in this State. Just criticism of an official is done for a fold purpose, to show him up to the public, and prevent if possible a repetition of his offense, for the public good. But to criticise a man just because he is a Republican, and when the criticism is unkind, is little and contemptible, and none but very small calibered people indulge in it. In the first place every well informed man of intelligence in the State knows that Mr. Blackburn opposed the original Crumpacker resolution to force Southern representation and why the Journal should try to make a false impression is beyond apprehension. The second resolution of Mr. Crumpacker asking for an investigation of election methods should not be objectionable to but one class, and that the criminal class. No honest man ever objects to an investigation of his official acts, but our Democratic friends well know, that an investigation of election methods in this State would not refer to their credit or honor, therefore they are kicking up a stink against any exposure of their own wrongdoing. We cannot name them altogether, for it would bring out the infamously of their names, especially for the years of 1898 and 1900.

But Mr. Journal, make a decent man, and don't stoop to misrepresent a man who represents your district, and one whom you are trying to help you unload your house on Uncle Sam.

SOLICITOR MOTT.

The County Commissioners may be compelled by law to furnish the Solicitor with a list, but the Register of Deeds is not, and credit for the action, if any attaches to it, should be placed where it belongs, while censure should likewise be properly and honestly located. - Winston Journal.

The above clipped from the Journal of the 11th is used to show that its editor is not informed on the law of 1901 or he misquotes its provision with reference to this law. If the editor will read section 70 of chapter 7 laws of 1901 passed by a Democratic legislature he will find the following language:

"And it shall be the duty of the Chairman of the Board of County Commissioners to present to the Grand Jury the names of all such persons."

Now there is no "may be" in the law—it "shall" be the duty of the Chairman. Mr. Mott is no pet of ours, and we are not going to put in a defence for him, but it's a little strange that the Journal should criticise the Solicitor for forcing the Chairman of the Board to do what its law, passed by its party says he shall do.

He should have performed this duty without solicitation and the Solicitor is only doing his sworn duty. The trouble is, Mott is a Republican. Kick the other way Mr. Journal. This is not all Mr. Journal; this same law makes it a misdemeanor for a person to willfully fail to list his property for taxation, and enforces a fine of not more than \$50.00 and not more than 30 days imprisonment. These are penalties put in the law, and the requirements strike us as mandatory on the Chairman and not optional, or at pleasure.

"AND YOU TOO BRUTUS"

The Wilmington Star argues itself unknown by writing the name of the beautiful and accomplished Representative in Congress of "deate" as J. Spencer Blackburn. All the world except the Wilmington Star, knows that his front initial is E., and that his full name is Euphrates Spencer Blackburn. - Charlotte Observer, Feb. 8.

Now brother Caldwell, who would have thought that the editor of the Observer would have made such a descent. The Editor of the greatest and best paper in North Carolina, who has just rounded out 10 years of its existence in the commercial metropolis of North Carolina getting down on an equality with the Journal, Chronicle and other such papers in their little, contemptible assaults upon a Congressman from this State. It's too little brother Caldwell, quit it, and be ashamed.

WHY?

A few months ago when the indictments against the Democratic election officials were hanging fire, many of our Democratic Editor friends as well as many attorneys of the same distinction were giving it out that they could not be convicted, that it was not indictable in the Federal courts &c, &c. Right recently in Kentucky several parties indicted under the same section of the Federal law, have plead guilty, and a fine of from \$2,000 to \$2,500 and a term of imprisonment imposed. Since which all these attorneys and editors have remained mum and speechless. Why is it? The law is the same and no change has been made, yet they are not giving out any legal opinions these days. Well the election cases in this State have been settled, and we sincerely hope that there will never arise a cause in this State again for like indictments against any one. The people want, and they demand fair, and honest elections, and we must have them.

WHAT!!

The Alleghany Star rises to remark, and with painful force and truth: "We never heard of a partisan Judge in North Carolina, until 'fusion Judges' were elected."

The Post has not read the account of Teague vs. Boyer trial a few years back in Forsyth county surely not.

This case was tried before a Democratic Judge, and one whom we believe you and others want placed on the Supreme Court bench, and from all accounts a more partisan outrage was never committed than was practiced at this trial. Read up Mr. Post, before you endorse every thing said by these little penny-a liners.

A Medicine for Old People.

Rev. Geo. Gay, Greenwich, Kan. is past 83 years of age, yet he says: "I am enjoying excellent health for a man of my age, due entirely to the rejuvenating influences of Dr. Miles' Nervine. It brings sleep and rest when nothing else will, and gives strength and vitality even to one of my old age."

"I am an old soldier," writes Mr. Geo. Watson of Newton, Ia. "and I have been a great sufferer from nervousness, vertigo and spinal trouble. Have spent considerable money for medicine and doctors, but with little benefit. I was so bad my mind showed signs of weakness. I began taking Dr. Miles' Nervine, and I know it saved my life."

Dr. Miles' Nervine

Saved me from the insane asylum," Mrs. A. M. Heifer, of Jerico Springs, Mo., writes. "I was so nervous that I could scarcely control myself, could not sleep nor rest, would even forget the names of my own children at times. I commenced using Dr. Miles' Nervine and it helped me from the first, and now I am perfectly well."
