OUR TICKET.

For President,
WM. H. TAFT
of Ohio.

For Vice-President:
JAMES S. SHERMAN,
of New York.

MOCKSVILLE, N. C., JULY 9, 1908.

It is now pretty general talk and there would be no surprise if Secretary Taft should carry North Carolina, Tennessee and Kentucky.—Exchange.

The Democrats of Western North Carolina think they have been imposed upon by the Eastern Democrats, and they mean to vote as they please this fall.

Owing to the fact that the Republicans want to hold their convention in a prohibition town, it will be necessary for us to meet in Greensboro instead of Charlotte.

J. J. Britt, Dr. Cyrus Thompson or A. A. Whitener would be safe bets to put at the head of the Republican State ticket. Either of these gentlemen would make a good governor.

That's a queer report coming from Charlotte that plenty of cold drinks including beer and whiskey punches could be had, but that ice water was not to be had for love or money. Must have been a joke, still an old rouser who sobered up and quit months ago said he had to leave and come home to keep from getting drunk.—Greensboro Record.

Rotation in office cuts no figure with State Democracy. They grow gray down about Raleigh holding office and much of the Democratic State ticket is simply a re-nomination while the many new aspirants for these plums can continue to such their thumbs. The head of the ticket is himself a perpetual office holder and seeker and quite a contrast to Mr. Craig, the Asheville aspirant, or the farmer and soldier, Hon. Ashley Horne.—Exchange.

"Most dangerous man in the State."
His record in Congress unworthy."—Winston Daily Journal.

This is Democratic authority and refers to Congressman W. W. Kitchen, the Democratic candidate for Governor. The Charlotte Observer, Newbern Sun, Lexington Dispatch and other papers have expressed criticism about as severe. These journals will have to eat a good deal of "crow" or Mr. Kitchen will have much trouble to contend with in his own political family. The Charlotte Observer has already begun its "crow feast." Pass around the dish.—Union Republican.

CHANCES IN THE EIGHTH.

We submit herewith what one of the leading Democratic dailies of Western North Carolina has to say concerning the Democratic Congressional nominee of this district, and of his chances for re election. Listen to the Asheville Citizen:

"Congressman Dick Hackett, debonaire egotist, the man who fought against the Appalachian bill and Locke Craig, is running for Congress. He will never see Washington again as a legislator, for his defeat is written now in burning letters. And we shall not feel deeply grieved thereat."

It is now up to the News and Observer to have about seventeen different kinds of fits and try to read the Asheville Citizen out of the party. But the Citizen told a truth when it gave utterance to the foregoing.

Patterson Defeats Carmack.

Tennessee democrats have been having a fight for governor that makes the North Carolina row look tame. They got to the shooting point over there and at least one man was shot down in an altercation about the candidates.

Ex-Senator Carmack was defeated Saturday in the primaries by Governor Patterson by 9,000 votes. The fight is interesting because Carmack stood for state prohibition and Patterson for local option. Tennessee is dry in the large cities, and no doubt the wet places beat Carmack. Patterson says, however, if the democratic platform calls for state prohibition, which means only that about four wet cities be dried up, he will sign the bill. Carmack is one of the biggest men in the south. He was defeated by Bob Taylor and his fiddle, for senator, but his prestige as a brilliant statesman is undimmed.

Republican Activity.

Charlotte Chronicle, (Dem.)
The Republicans are confidently figuring on making great gains in North Carolina in the November election and are laying plans to that end. We do not believe there is a chance for them to carry North Carolina, but that they will cut down the normal Democratic majority is a proposition it were foolish to deny. There are two Democratic Congressmen whose re-election is admitted to be in doubt and the work of organizing the Republican forces is in progress. It is based on plans to capture as much of the disaffected Democratic vote as possible. The organization of the Republican forces in the western section will be particularly strong. Buncombe county is to be organized tomorrow. As to the plans, an Asheville dispatch to The Industrial News says: "It is the intention of the club to have Secretary Taft, the Republican candidate for the presidency, to speak here during the campaign, or should he be unable to come, they will secure other very prominent Republicans to speak here. A well known Republican said to day that while the Republicans did not have as much money as they did when they carried the county and this congressional district in 1896, yet the local conditions were far more favorable for victory than they were at that time." In this activity on the part of the Republicans, the Democrats may see, if they will a hard and stubborn campaign ahead of them.

Just Exactly Right.

"I have used Dr. King's New Life Pills for several years, and find them just exactly right," says Mr. A. A. Felton, of Harrisville, N. Y. New Life Pills relieve without the least discomfort. Best remedy for constipation, biliousness and malaria. 25c. at C. C. Sanford drug store.

Salisbury Youth Kills Sister.

Claude McGee, aged 15, son of T. E. McGee, of the Chestnut Hill section of Salisbury, killed his half-sister, Aurora, aged 23, early Saturday morning in a scuffle over a shotgun which they thought was not loaded. No one was present save the two. The gun went off accidentally and the load tore a hole clear through the girl's head, entering between the eyes. The coroner's verdict was that she was killed by her brother who was pronounced guilty of carelessly and recklessly handling the firearm. The awful occurrence shocked the city.

Britt for Senate.

J. J. Britt, one of the ablest republicans in the state, was nominated for the state senate in Buncombe county last week. Thomas S. Rollins was named for the house. There has been talk of Britt for governor, and he may be nominated yet.—Dispatch.

Best the World Affords.

"It gives me unbounded pleasure to recommend Bucklen's Arnica Salve," says J. W. Jenkins, of Chapel Hill, N. C. "I am convinced it's the best salve the world affords. It cured a felon on my thumb, and it never fails to heal every sore, burn or wound to which it is applied. 25c. at C. C. Sanford drug store.

Constipation

Baked sweet apples, with some people, bring prompt relief for Constipation. With others, coarse all-wheat bread will have the same effect. Nature undoubtedly has a vegetable remedy to relieve every ailment known to man, if physicians can but find Nature's way to health. And this is strikingly true with regard to Constipation. The bark of a certain tree in California—Cascara Sagrada—offers a most excellent aid to this end. But, combined with Egyptian Senna, Slippery Elm Bark, Solid Extract of Prunes, etc., this same Cascara bark is given its greatest possible power to correct constipation. A toothsome Candy Tablet, called Lax-ets, is now made at the Dr. Shoop Laboratories, from this ingenious and most effective prescription. Its effect on Constipation, Biliousness, Sour Stomach, Bad Breath, Sallow Complexion, etc., is indeed prompt and satisfying. No gripping, no unpleasant after effects are experienced, and Lax-ets are put up in beautiful lithographed metal boxes at 5 cents and 25 cents per box. For something new, nice, economical and effective, try a box of
